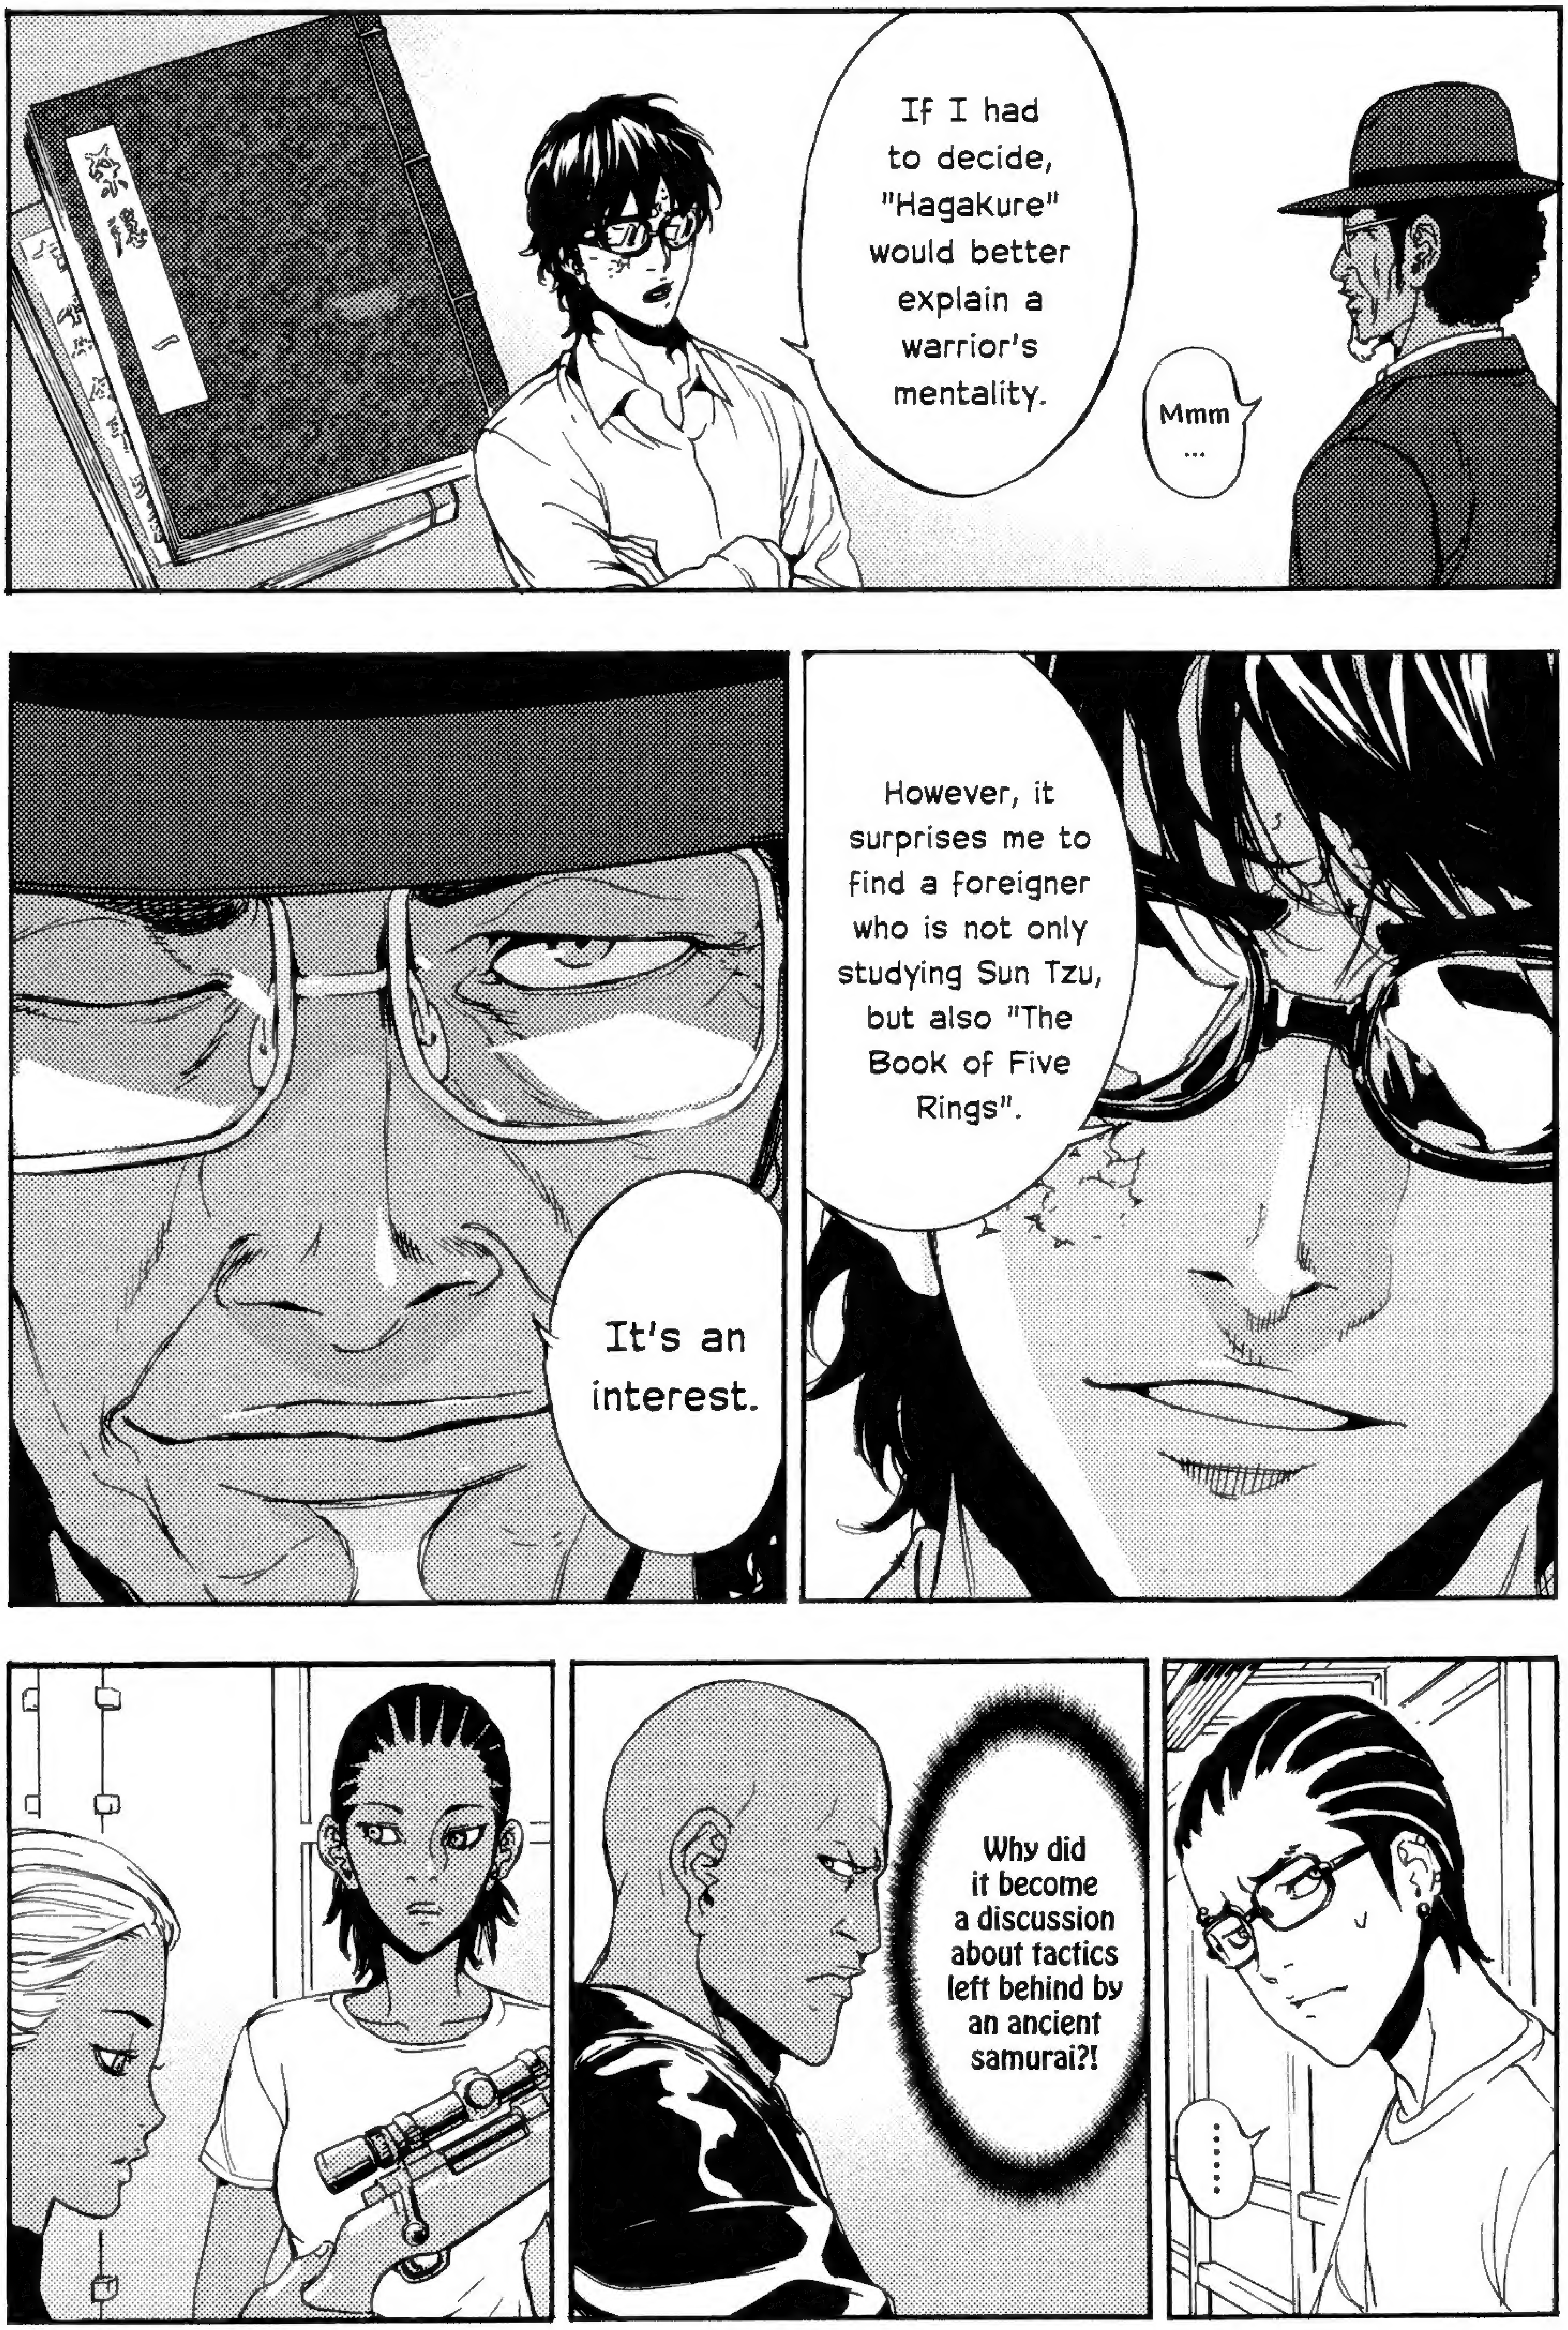
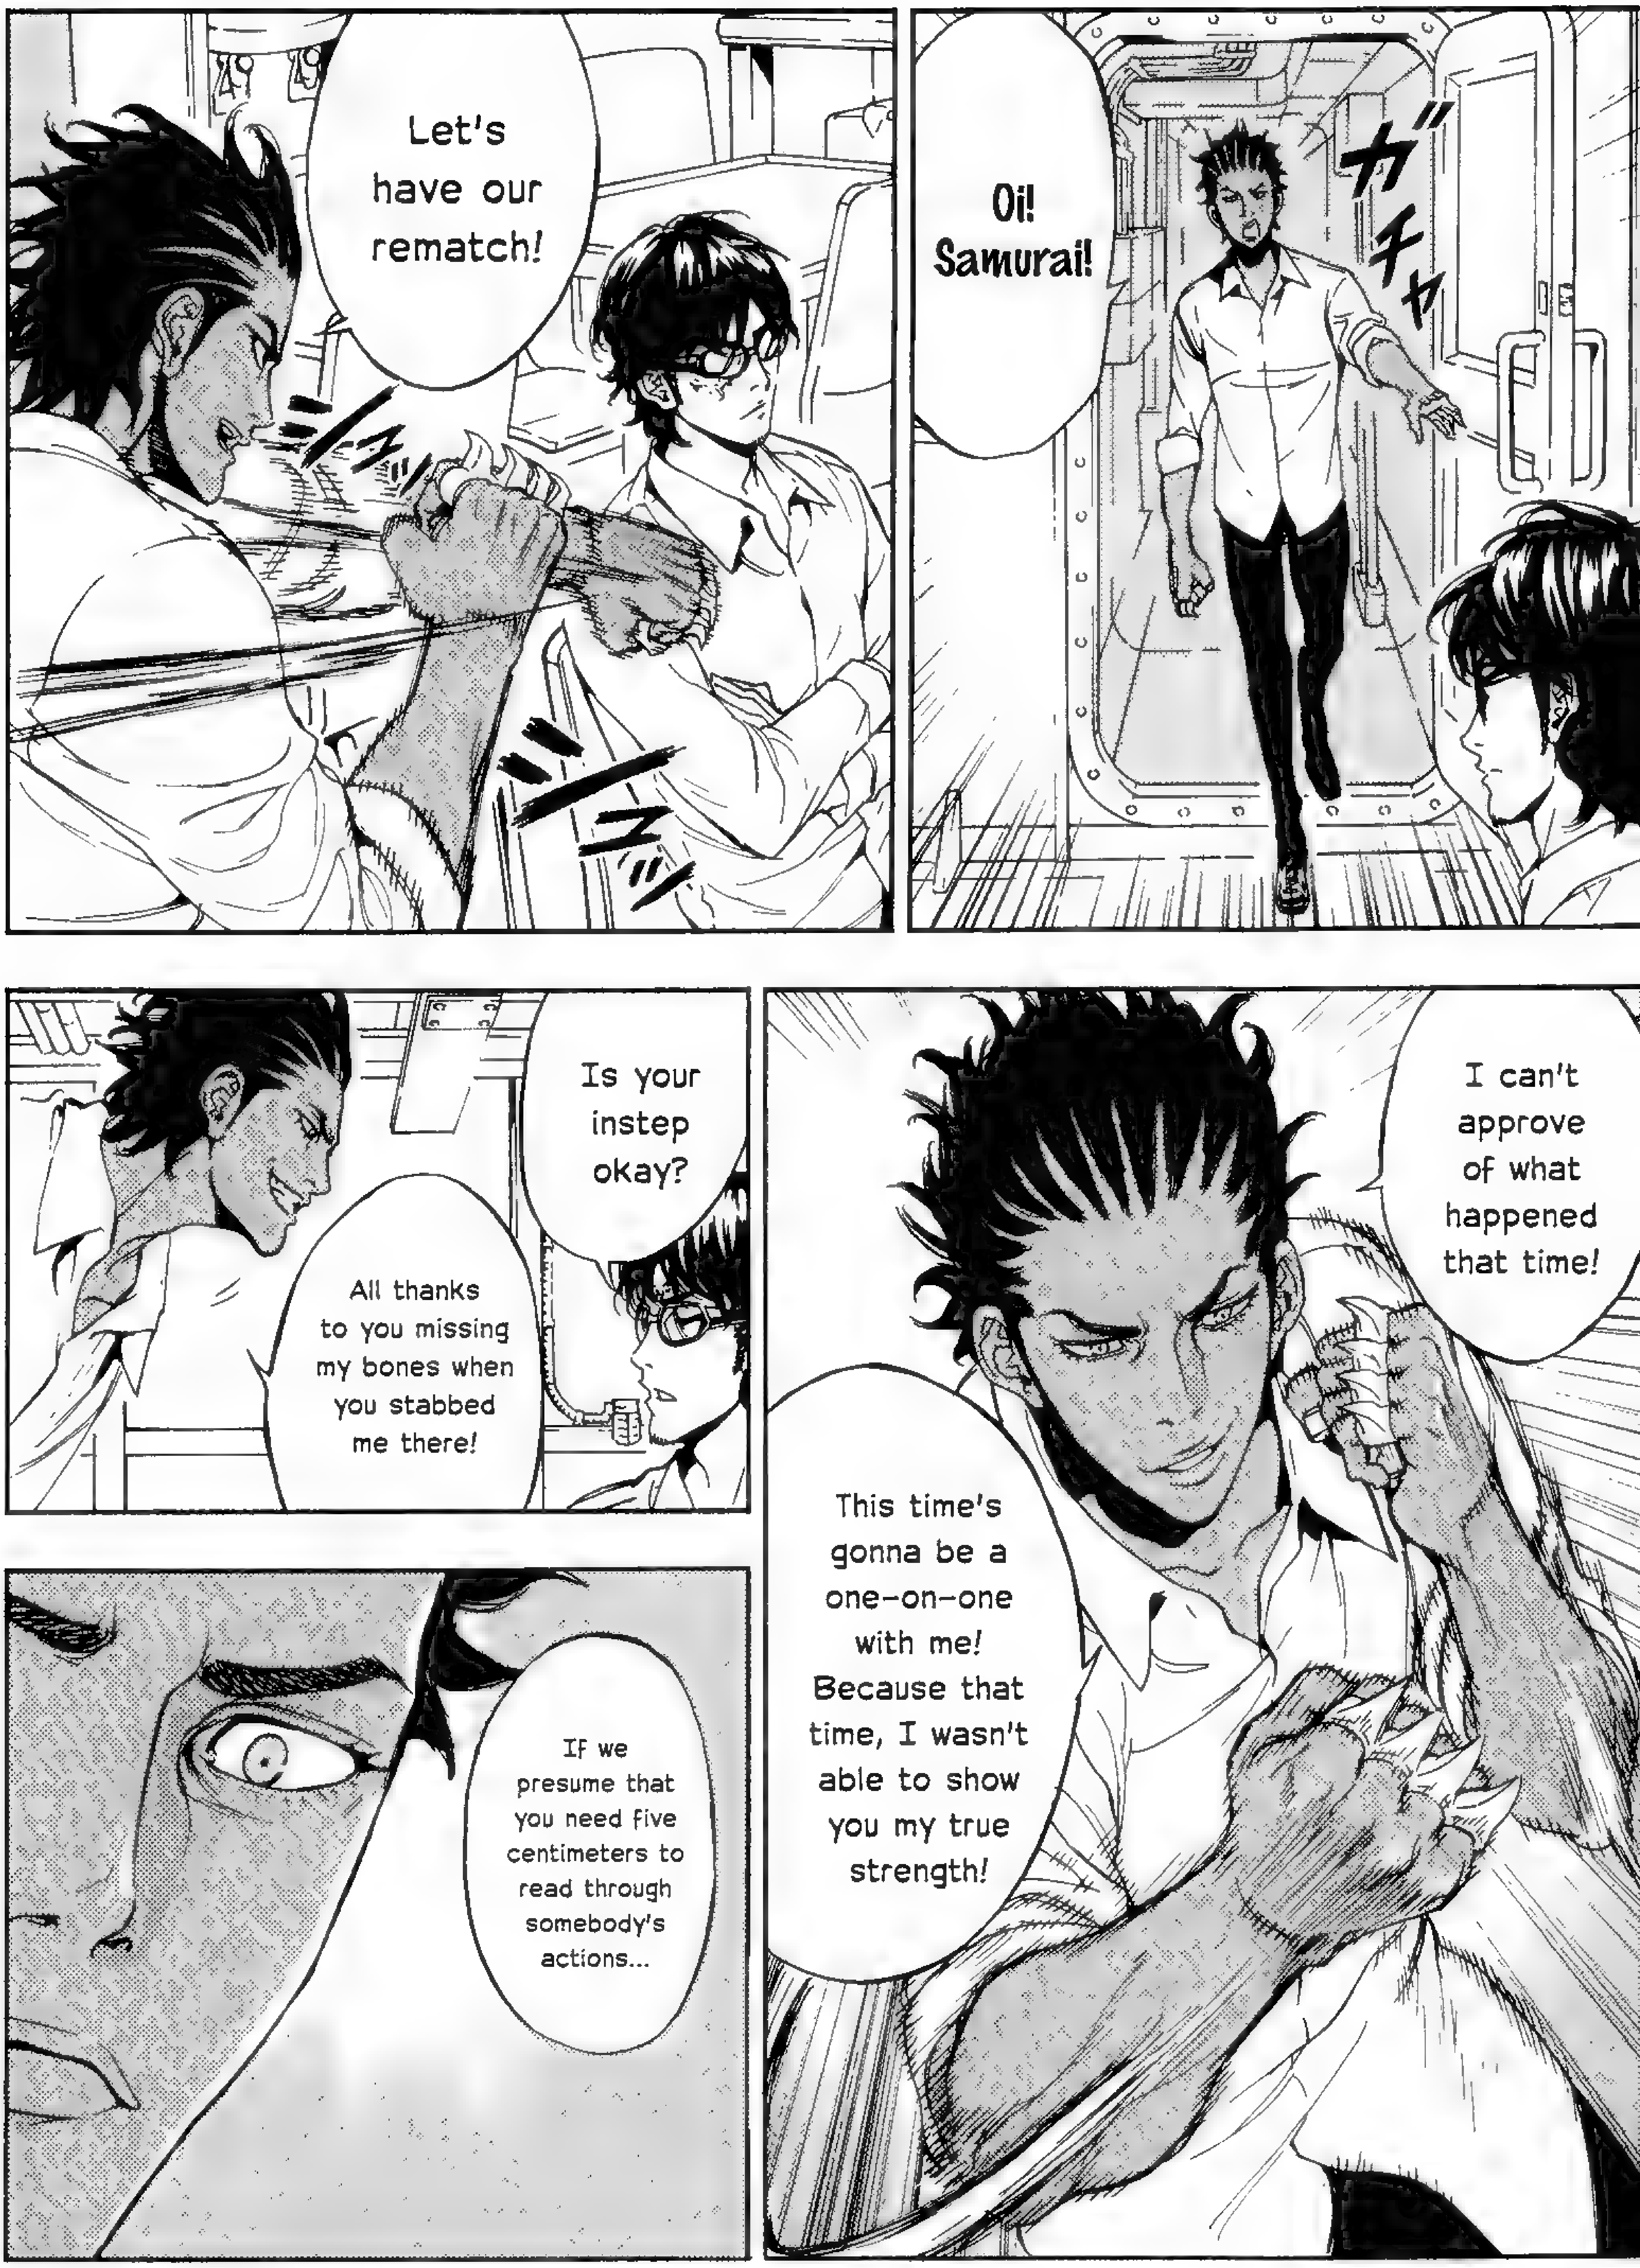
## Chapter 171
## 第171話

The majority of the battles remaining in our history at least showed some prospect of victory.
Just think of this as what is commonly accepted in Japan. My analysis concludes the same.
So, you're saying that Musashi only fought in battles that could be won?
I am saying that he was a superior human being, unlike any other.
Mentally, he didn't model the samurai in any way.
For a military tactician of that era, he had the rational thinking of the West.

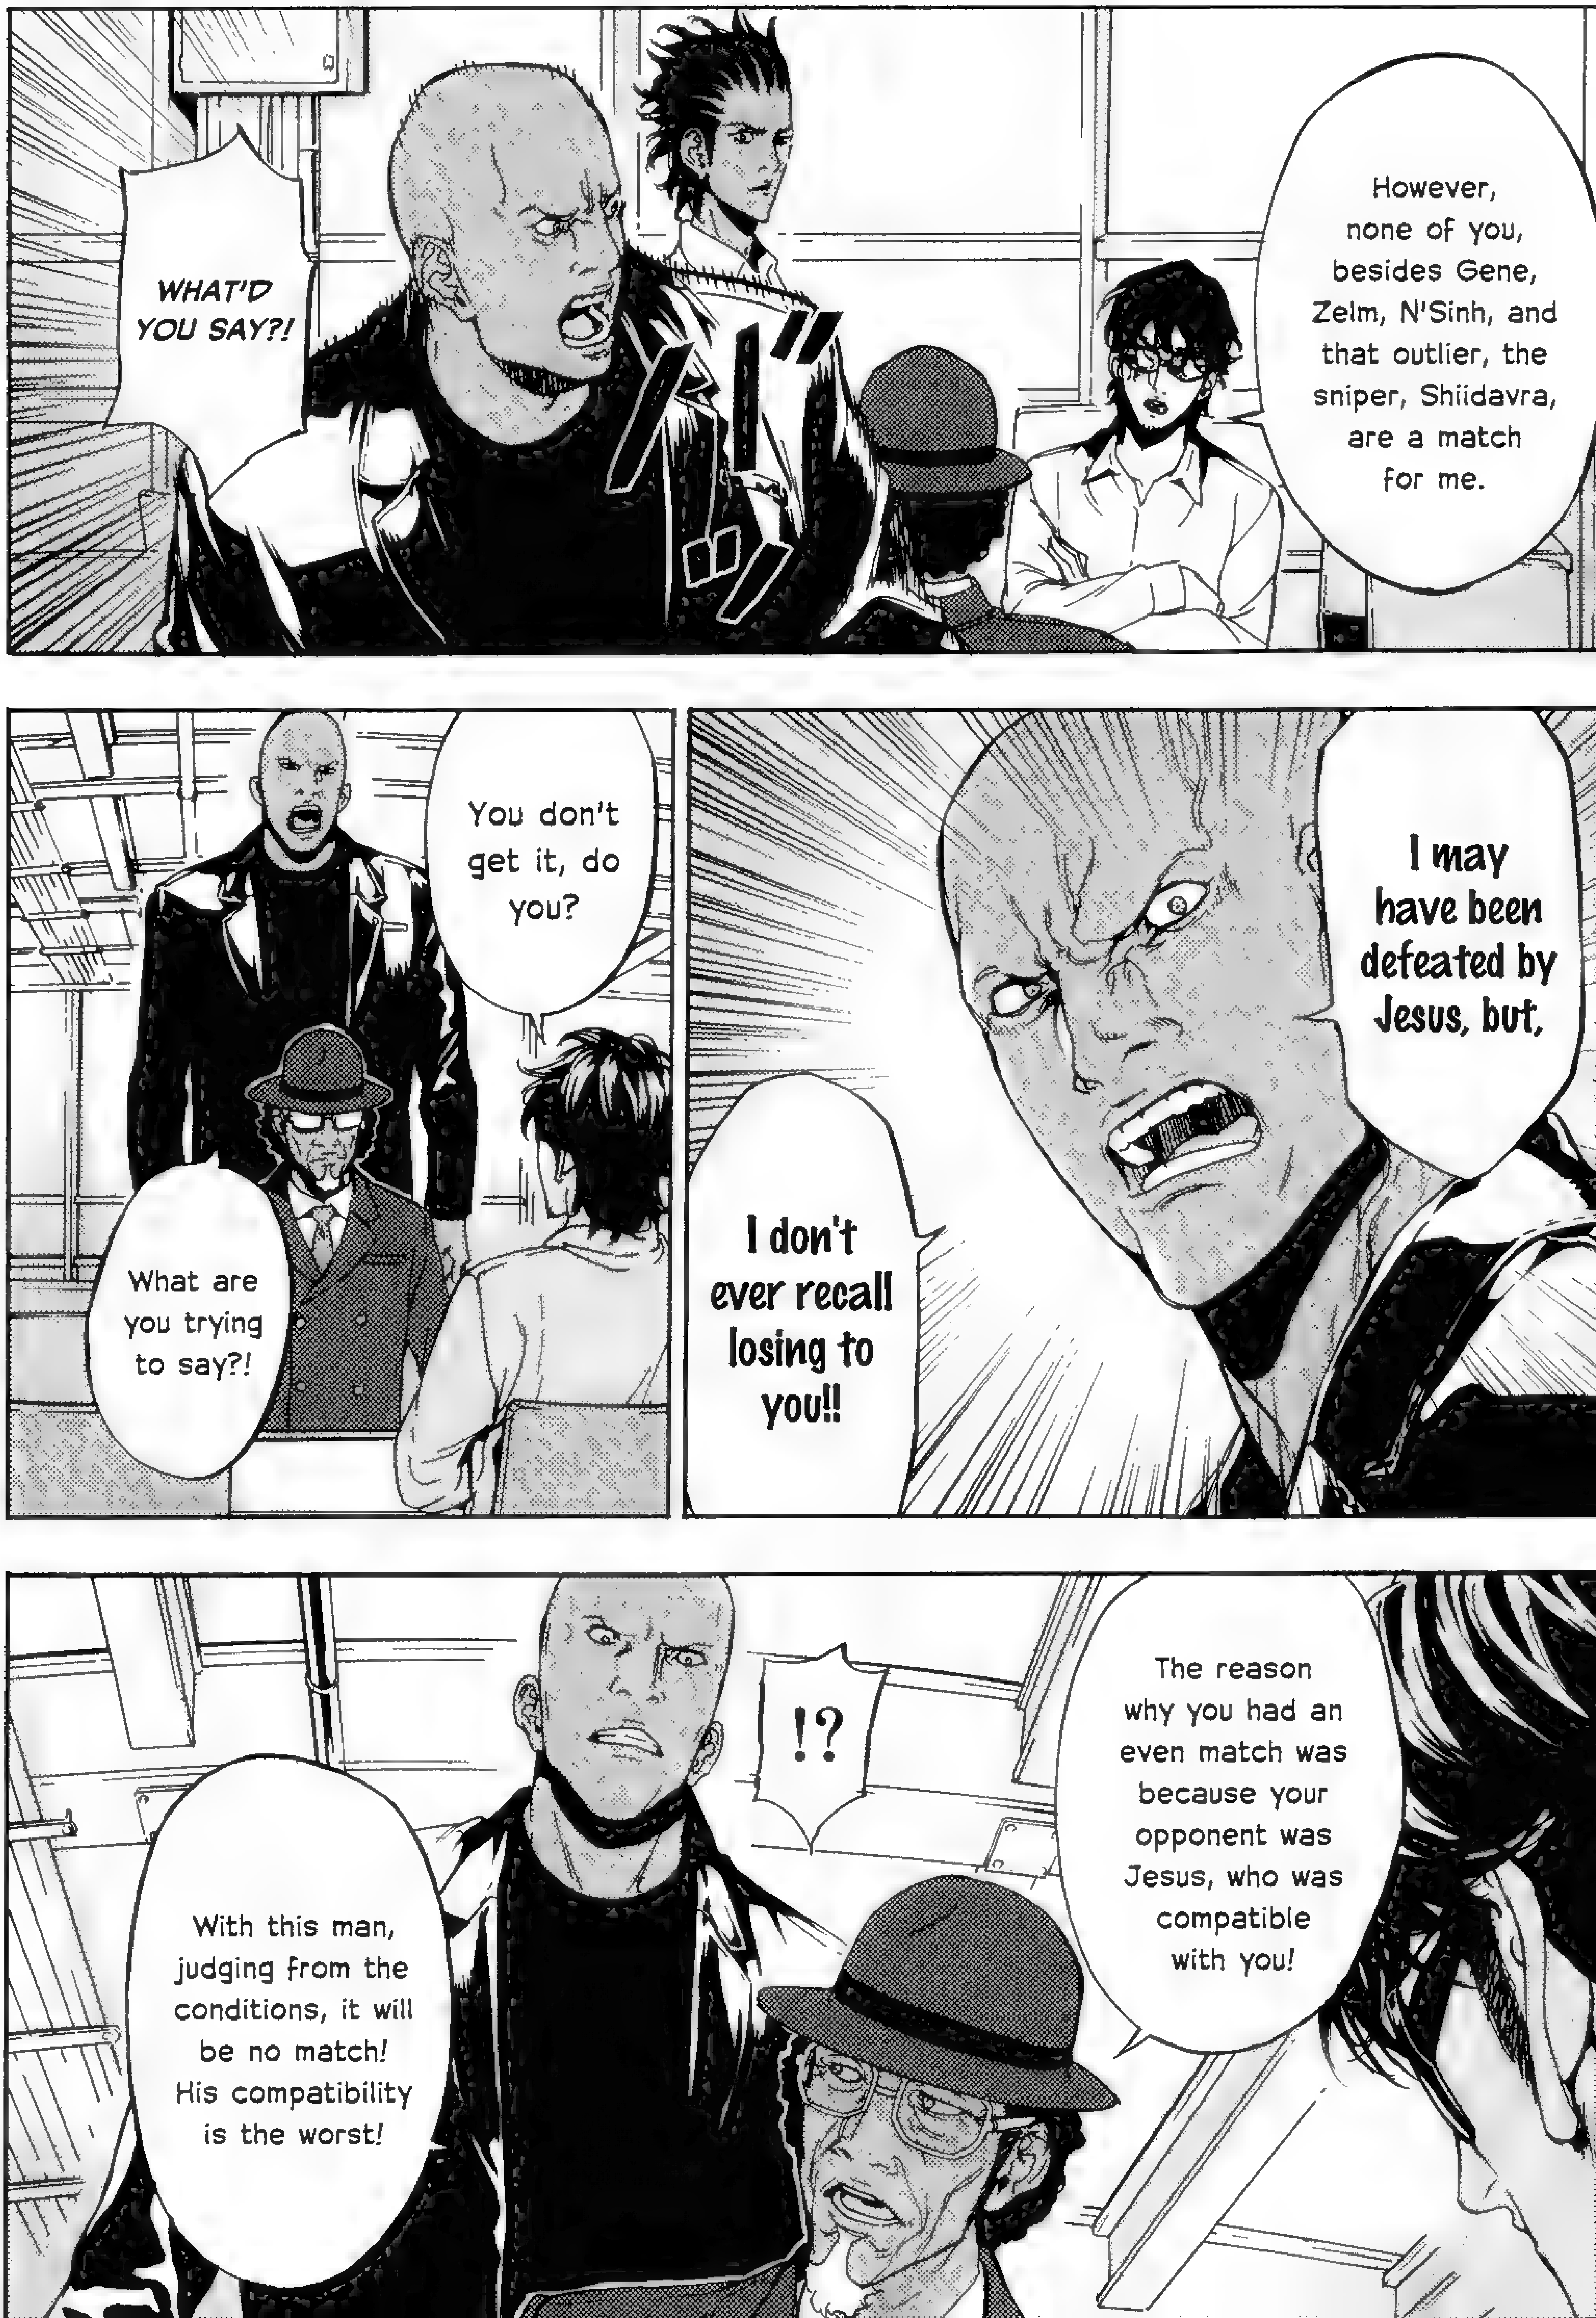


If I had to decide, "Hagakure" would better explain a warrior's mentality.
Mmm ...
However, it surprises me to find a foreigner who is not only studying Sun Tzu, but also "The Book of Five Rings".
It's an interest.
......
Why did it become a discussion about tactics left behind by an ancient samurai?!

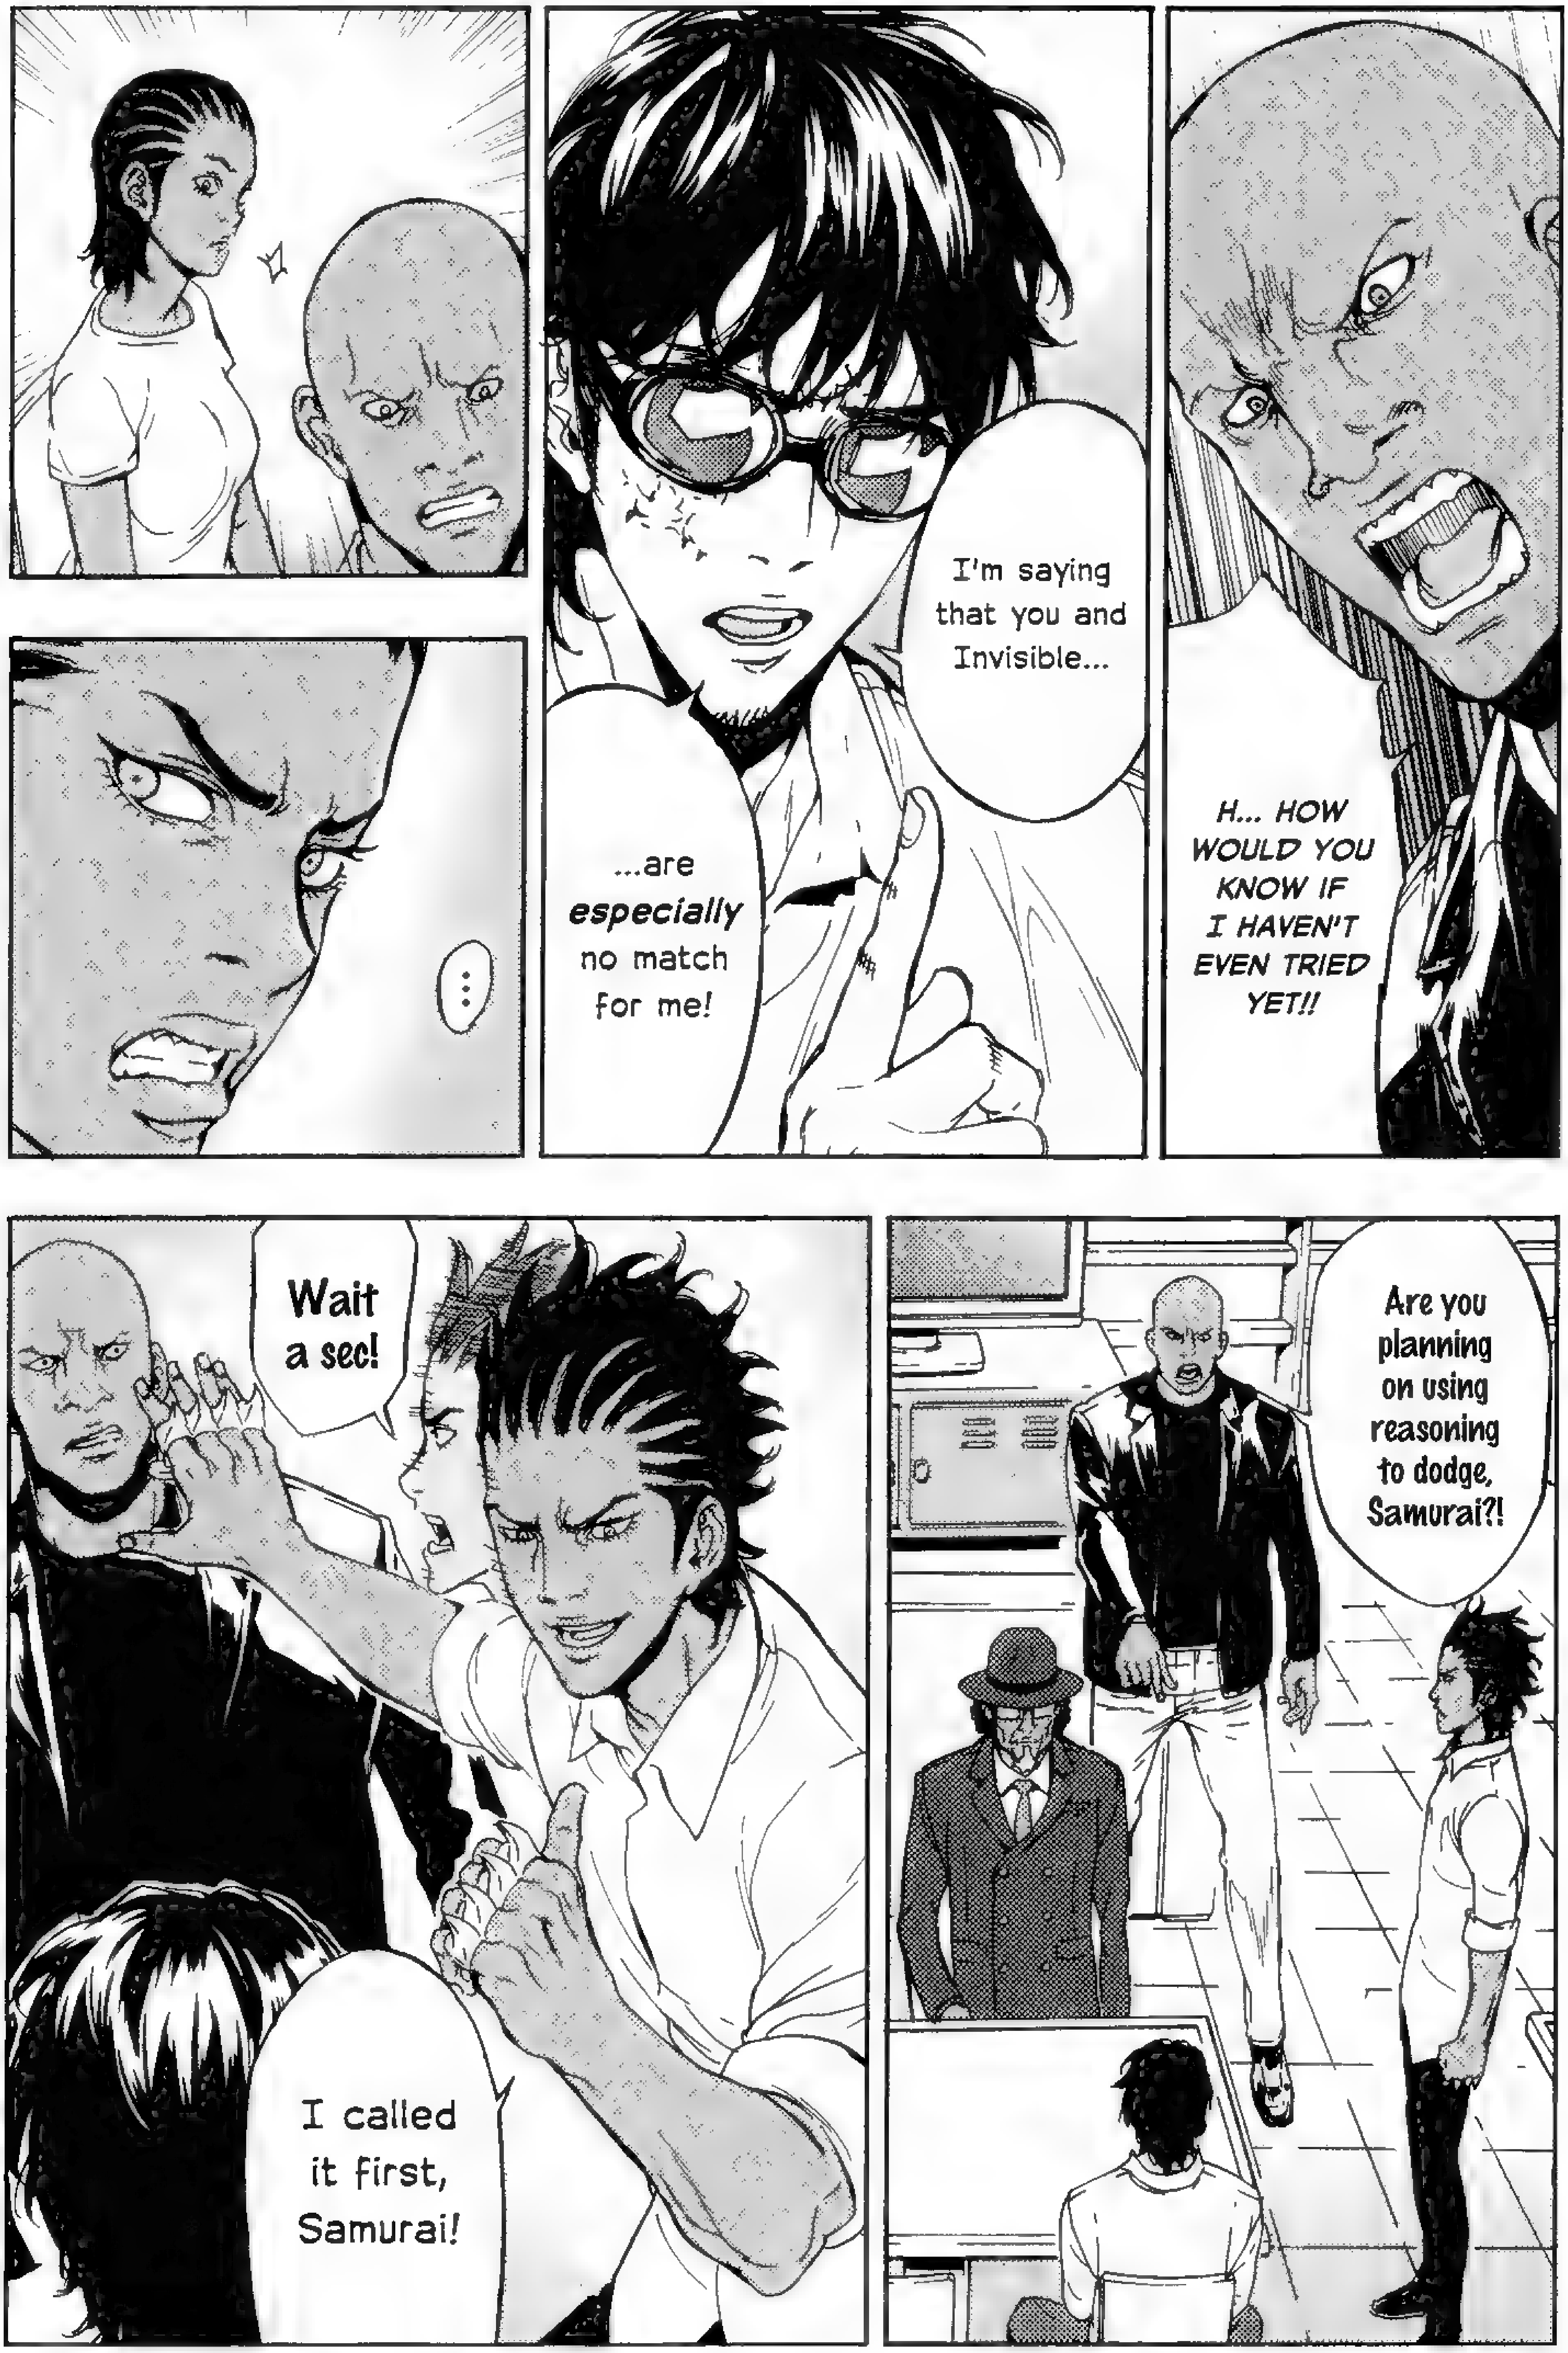


Oi! Samurai!
ガチャ
Let's have our rematch!
I can't approve of what happened that time!
This time's gonna be a one-on-one with me! Because that time, I wasn't able to show you my true strength!
Is your instep okay?
All thanks to you missing my bones when you stabbed me there!
If we presume that you need five centimeters to read through somebody's actions...

Zelm only needs one to do the same.
!?
If you can't at least reach that level, you won't be a match for me or Aegis.
……
Certainly, Trump's people are all elite.
However, somebody who could *just* qualify becoming a *true* elite would be... Dega over there, perhaps.
...What the... Ain't that obvious?

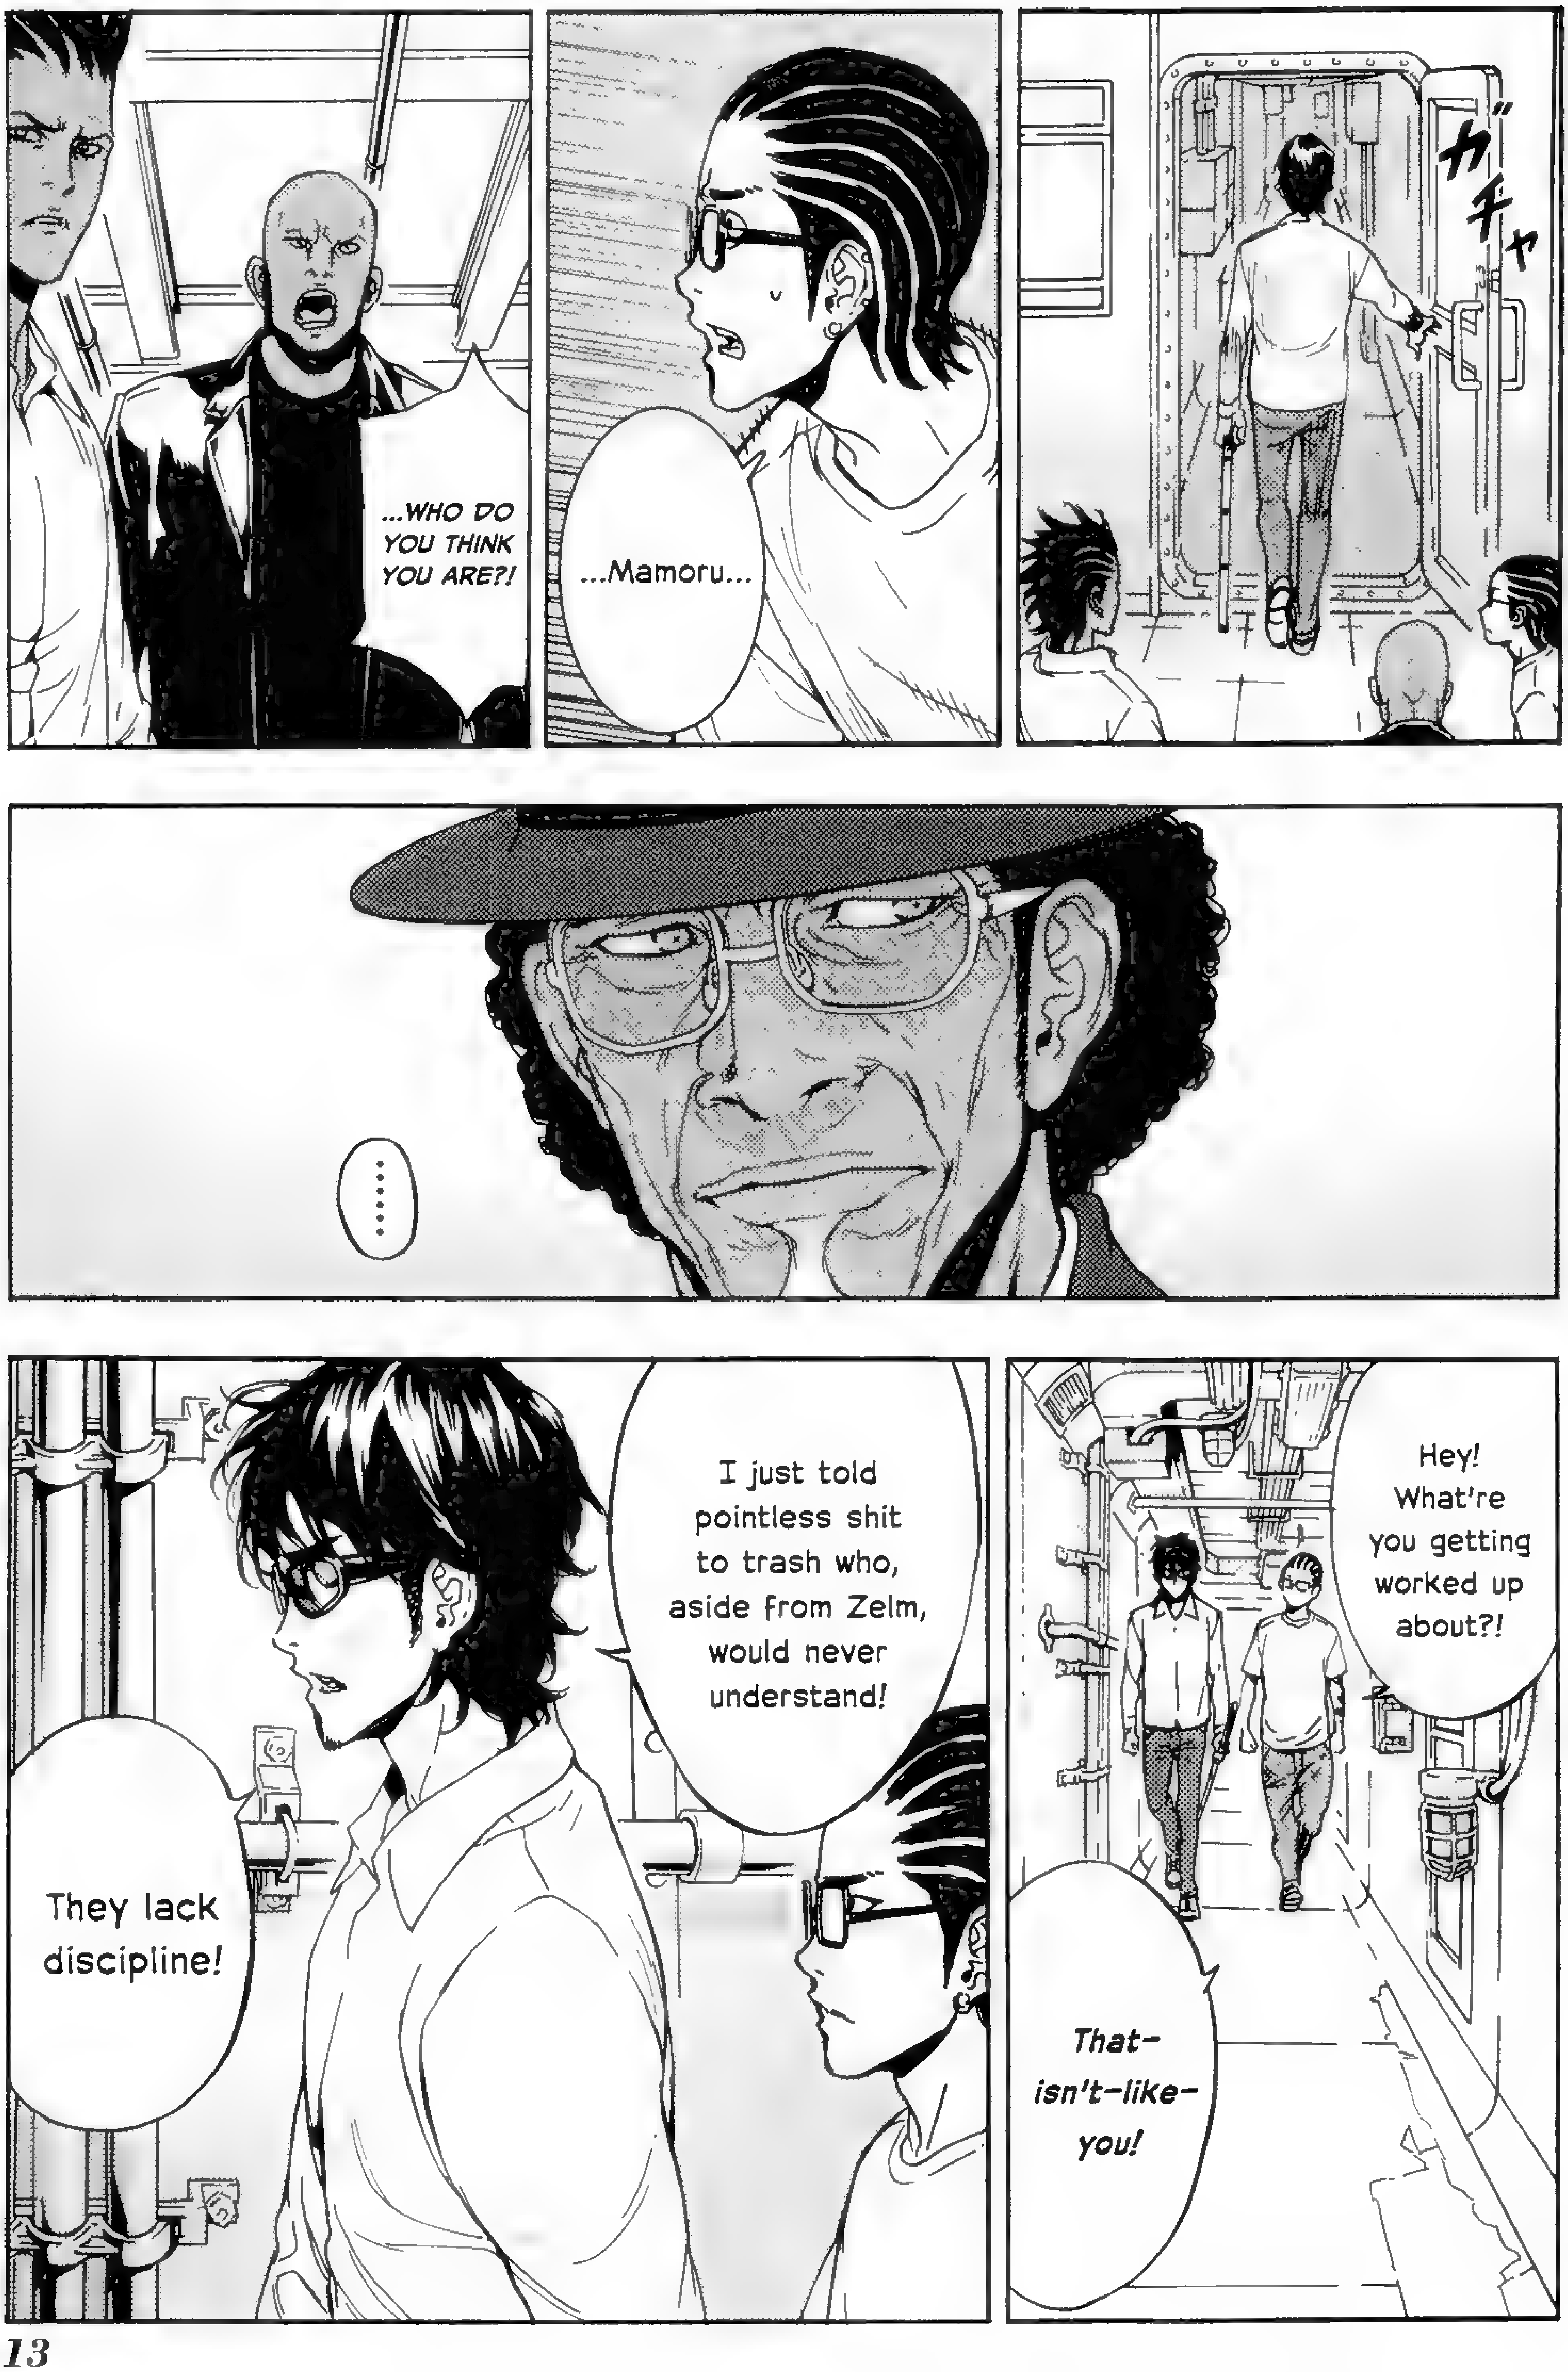


However, none of you, besides Gene, Zelm, N'Sinh, and that outlier, the sniper, Shiidavra, are a match for me.
WHAT'D YOU SAY?!
I may have been defeated by Jesus, but,
I don't ever recall losing to you!!
You don't get it, do you?
What are you trying to say?!
The reason why you had an even match was because your opponent was Jesus, who was compatible with you!
!?
With this man, judging from the conditions, it will be no match! His compatibility is the worst!



H... HOW WOULD YOU KNOW IF I HAVEN'T EVEN TRIED YET!!
I'm saying that you and Invisible...
...are *especially* no match for me!
...
Are you planning on using reasoning to dodge, Samurai?!
Wait a sec!
I called it first, Samurai!

SHUT THE HELL UP!!
CASUALLY CALLING ME "SAMURAI! SAMURAI!!" IS FUCKING ANNOYING!!
YOU CALL SOMEONE A "SAMURAI" IF THEY CARRIED A HIGHER PURPOSE AND FAITHFULLY FULFILLED IT!!
I'M A MERE SWORDSMAN! JUST BECAUSE I POSSESS A SWORD AND BRANDISH IT DOESN'T NECESSARILY MEAN I'M A "SAMURAI"!! FUCKING FOREIGNERS!!

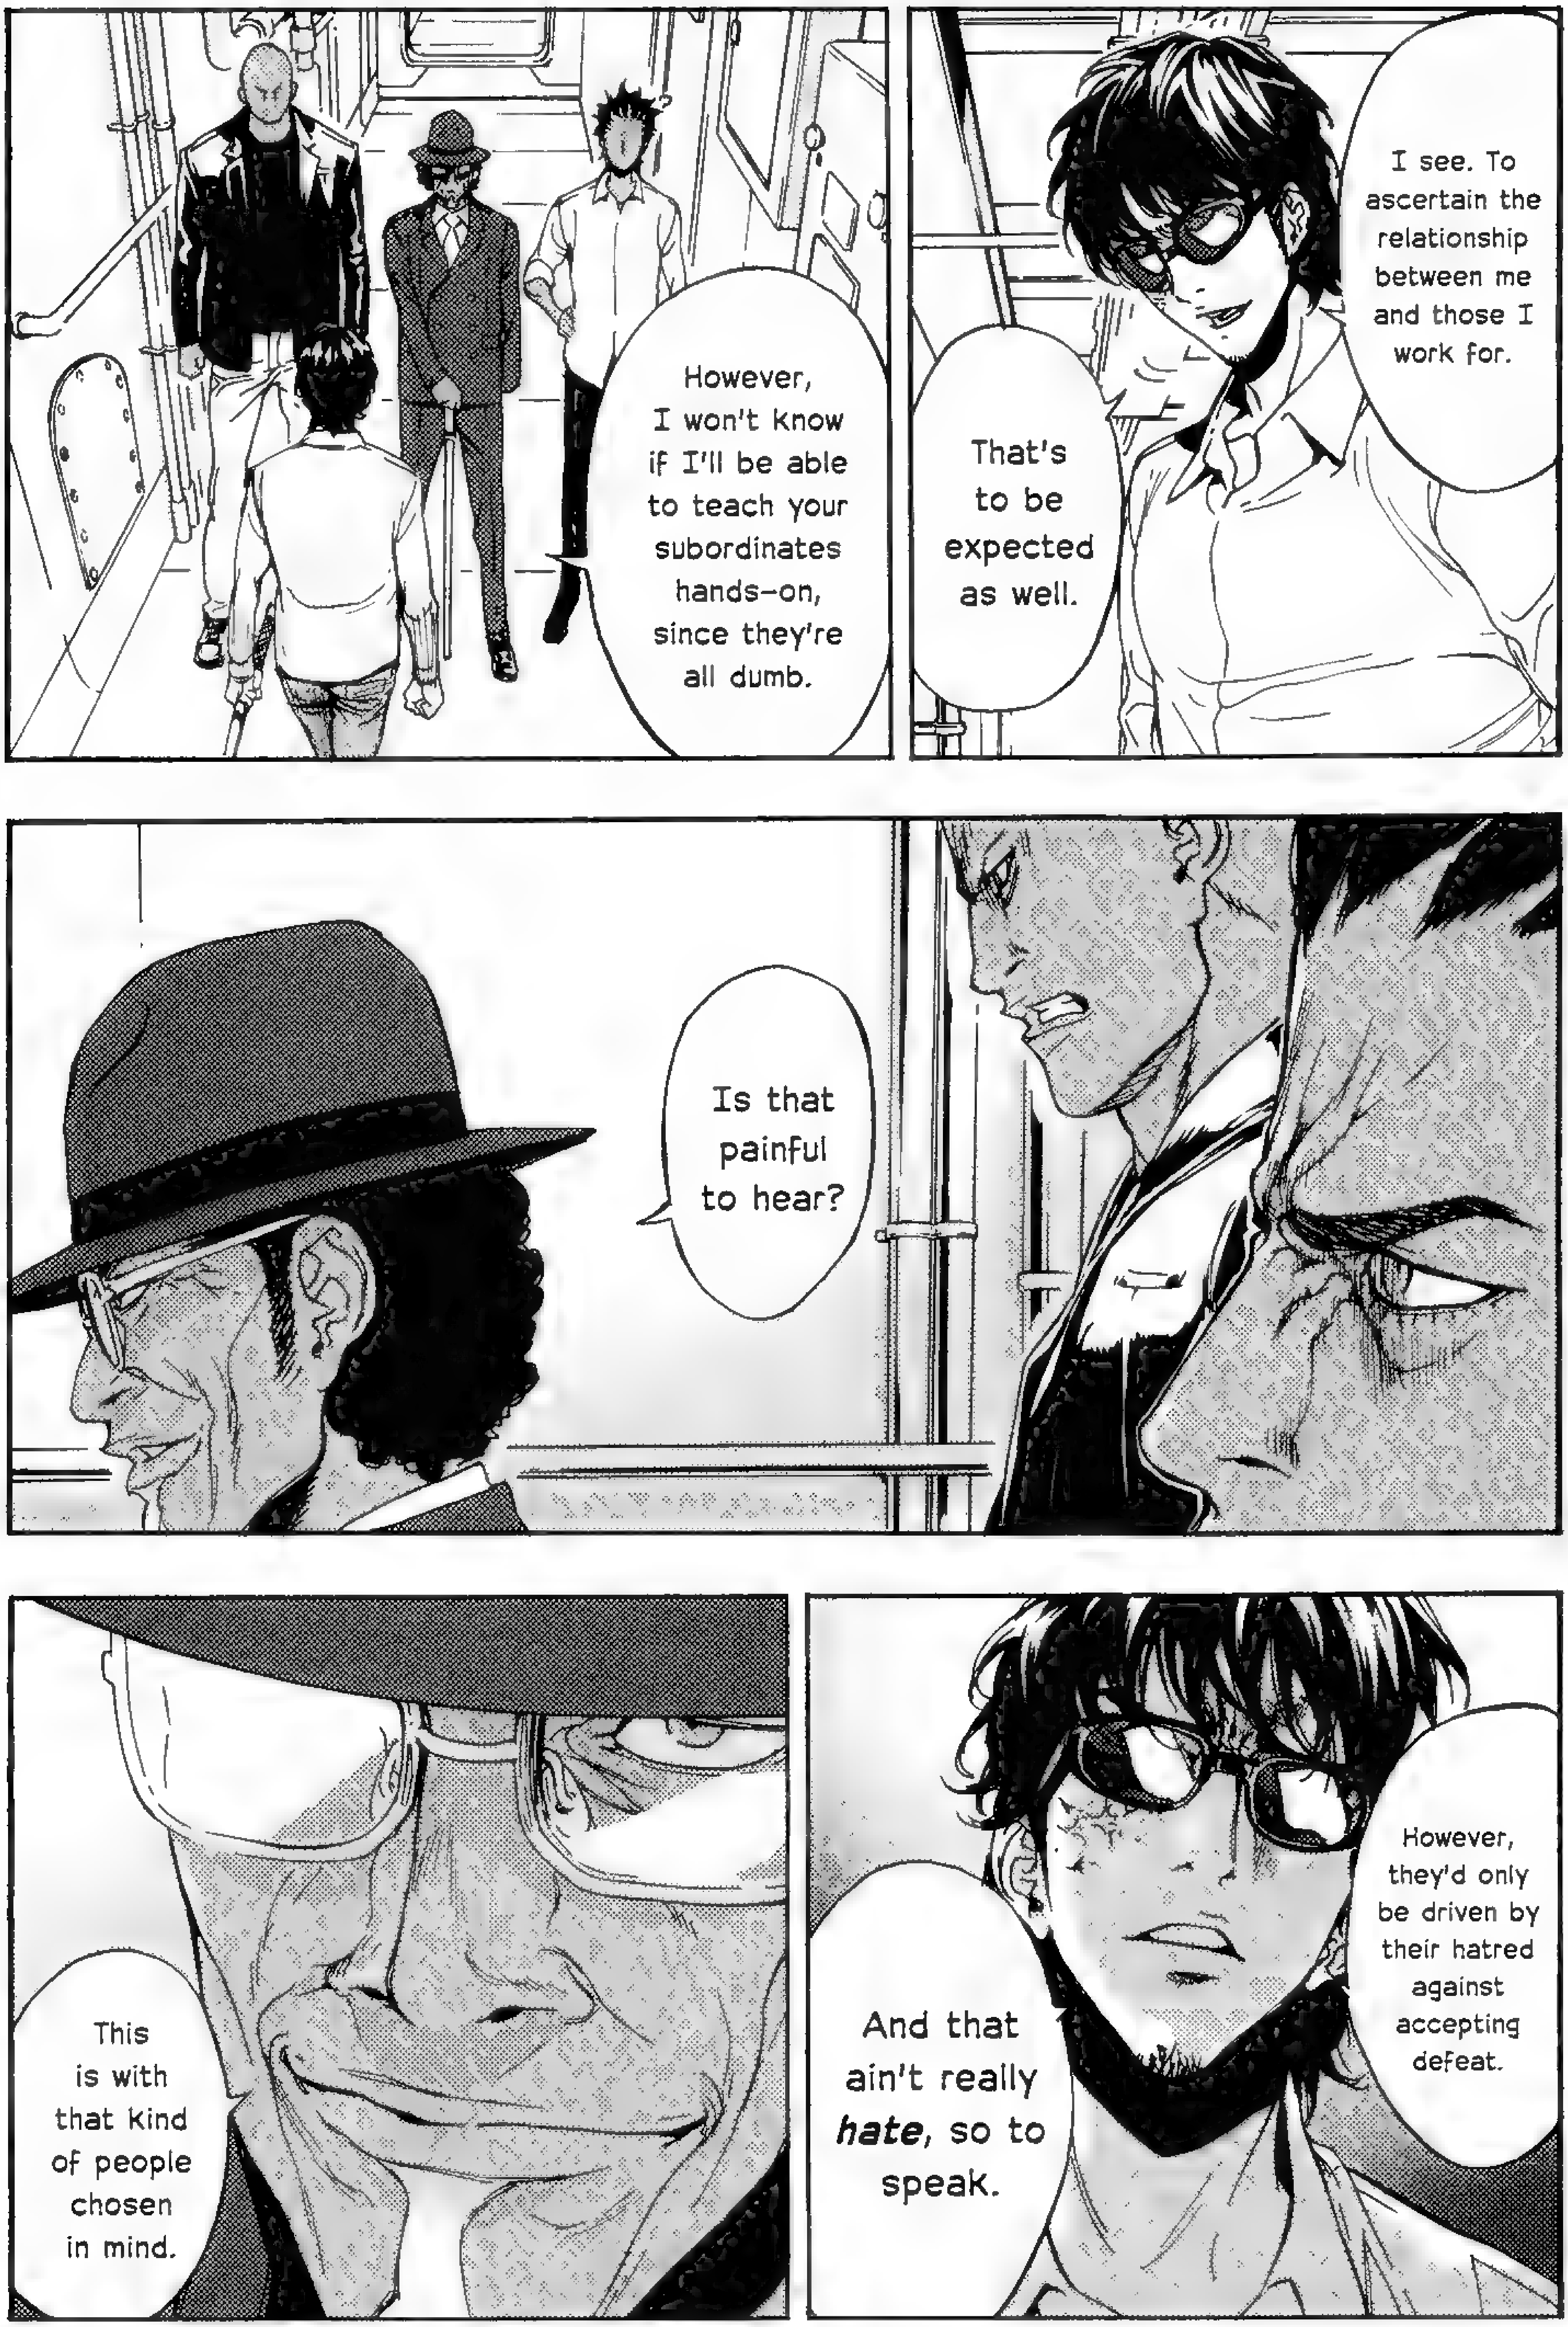


ガチャ
...Mamoru...
...WHO DO YOU THINK YOU ARE?!
......
Hey! What're you getting worked up about?!
That-isn't-like-you!
I just told pointless shit to trash who, aside from Zelm, would never understand!
They lack discipline!

......
You... Is it possible you're pissed about the Detective Genda situation from before?
...Bull's-eye, huh.
Responsibility... No, that's not it. How should I explain? I don't quite get it, but,
because of my fate of being raised by others, I utimately ended up in this awkward situation where I forged a "*debt*" to that man.
The sooner I get this done, the better. The nightmares caused by my guilt for not yet freeing Haruka are horrible.

...I see... "Samurai", huh...
If I assume what he said is true, I have a feeling that that's being portrayed.
So that's why you sped up the plan.
That's right.
Heated conflict between grown men who are scrambling for a single young girl. This shitty situation...
*I will completely abolish it with this!!*
So then, Turus is the pitiful one, ain't he?
He's the ringleader who caused this shitty situation!
Even if I chopped him up a thousand times, that'd still be soft!

...So not killing him quickly is because of that, huh...
Well, her too, obviously.
ゴッ
Zelm?!
My apologies, however, there are still things we have to deal with from here on. Please spar with my colleagues.
Even if you could restrain it now, I'd still be worried if it exploded at a vital moment.



I see. To ascertain the relationship between me and those I work for.
That's to be expected as well.
However, I won't know if I'll be able to teach your subordinates hands-on, since they're all dumb.
Is that painful to hear?
However, they'd only be driven by their hatred against accepting defeat.
And that ain't really *hate*, so to speak.
This is with that kind of people chosen in mind.

*Idiom: "Hating because one won't accept defeat." Simply put, Mamoru is referring to how some people come to hate the idea of losing altogether, as opposed to hating somebody personally for winning against them.*

And who're they?!

THE GUY WHO CAN REMODIFY THIS CITY-DESIGNED MACHINE TO ALL-TERRAIN AIN'T HERE!!
Perhaps you could use SPARC?
Boss did freely lend it.
Since that thing ain't human, my intuition won't clearly get through to it!
I ain't dealin' with a modified interface made for a person like me to use!
...I think if you'd just pass it some numbers, it should easily align to you, but...
Well... Seems like that's futile for Ibuki, who believes in his own intuition, huh...

However... Hijikata didn't make excuses, even when he didn't have the perfect attitude.

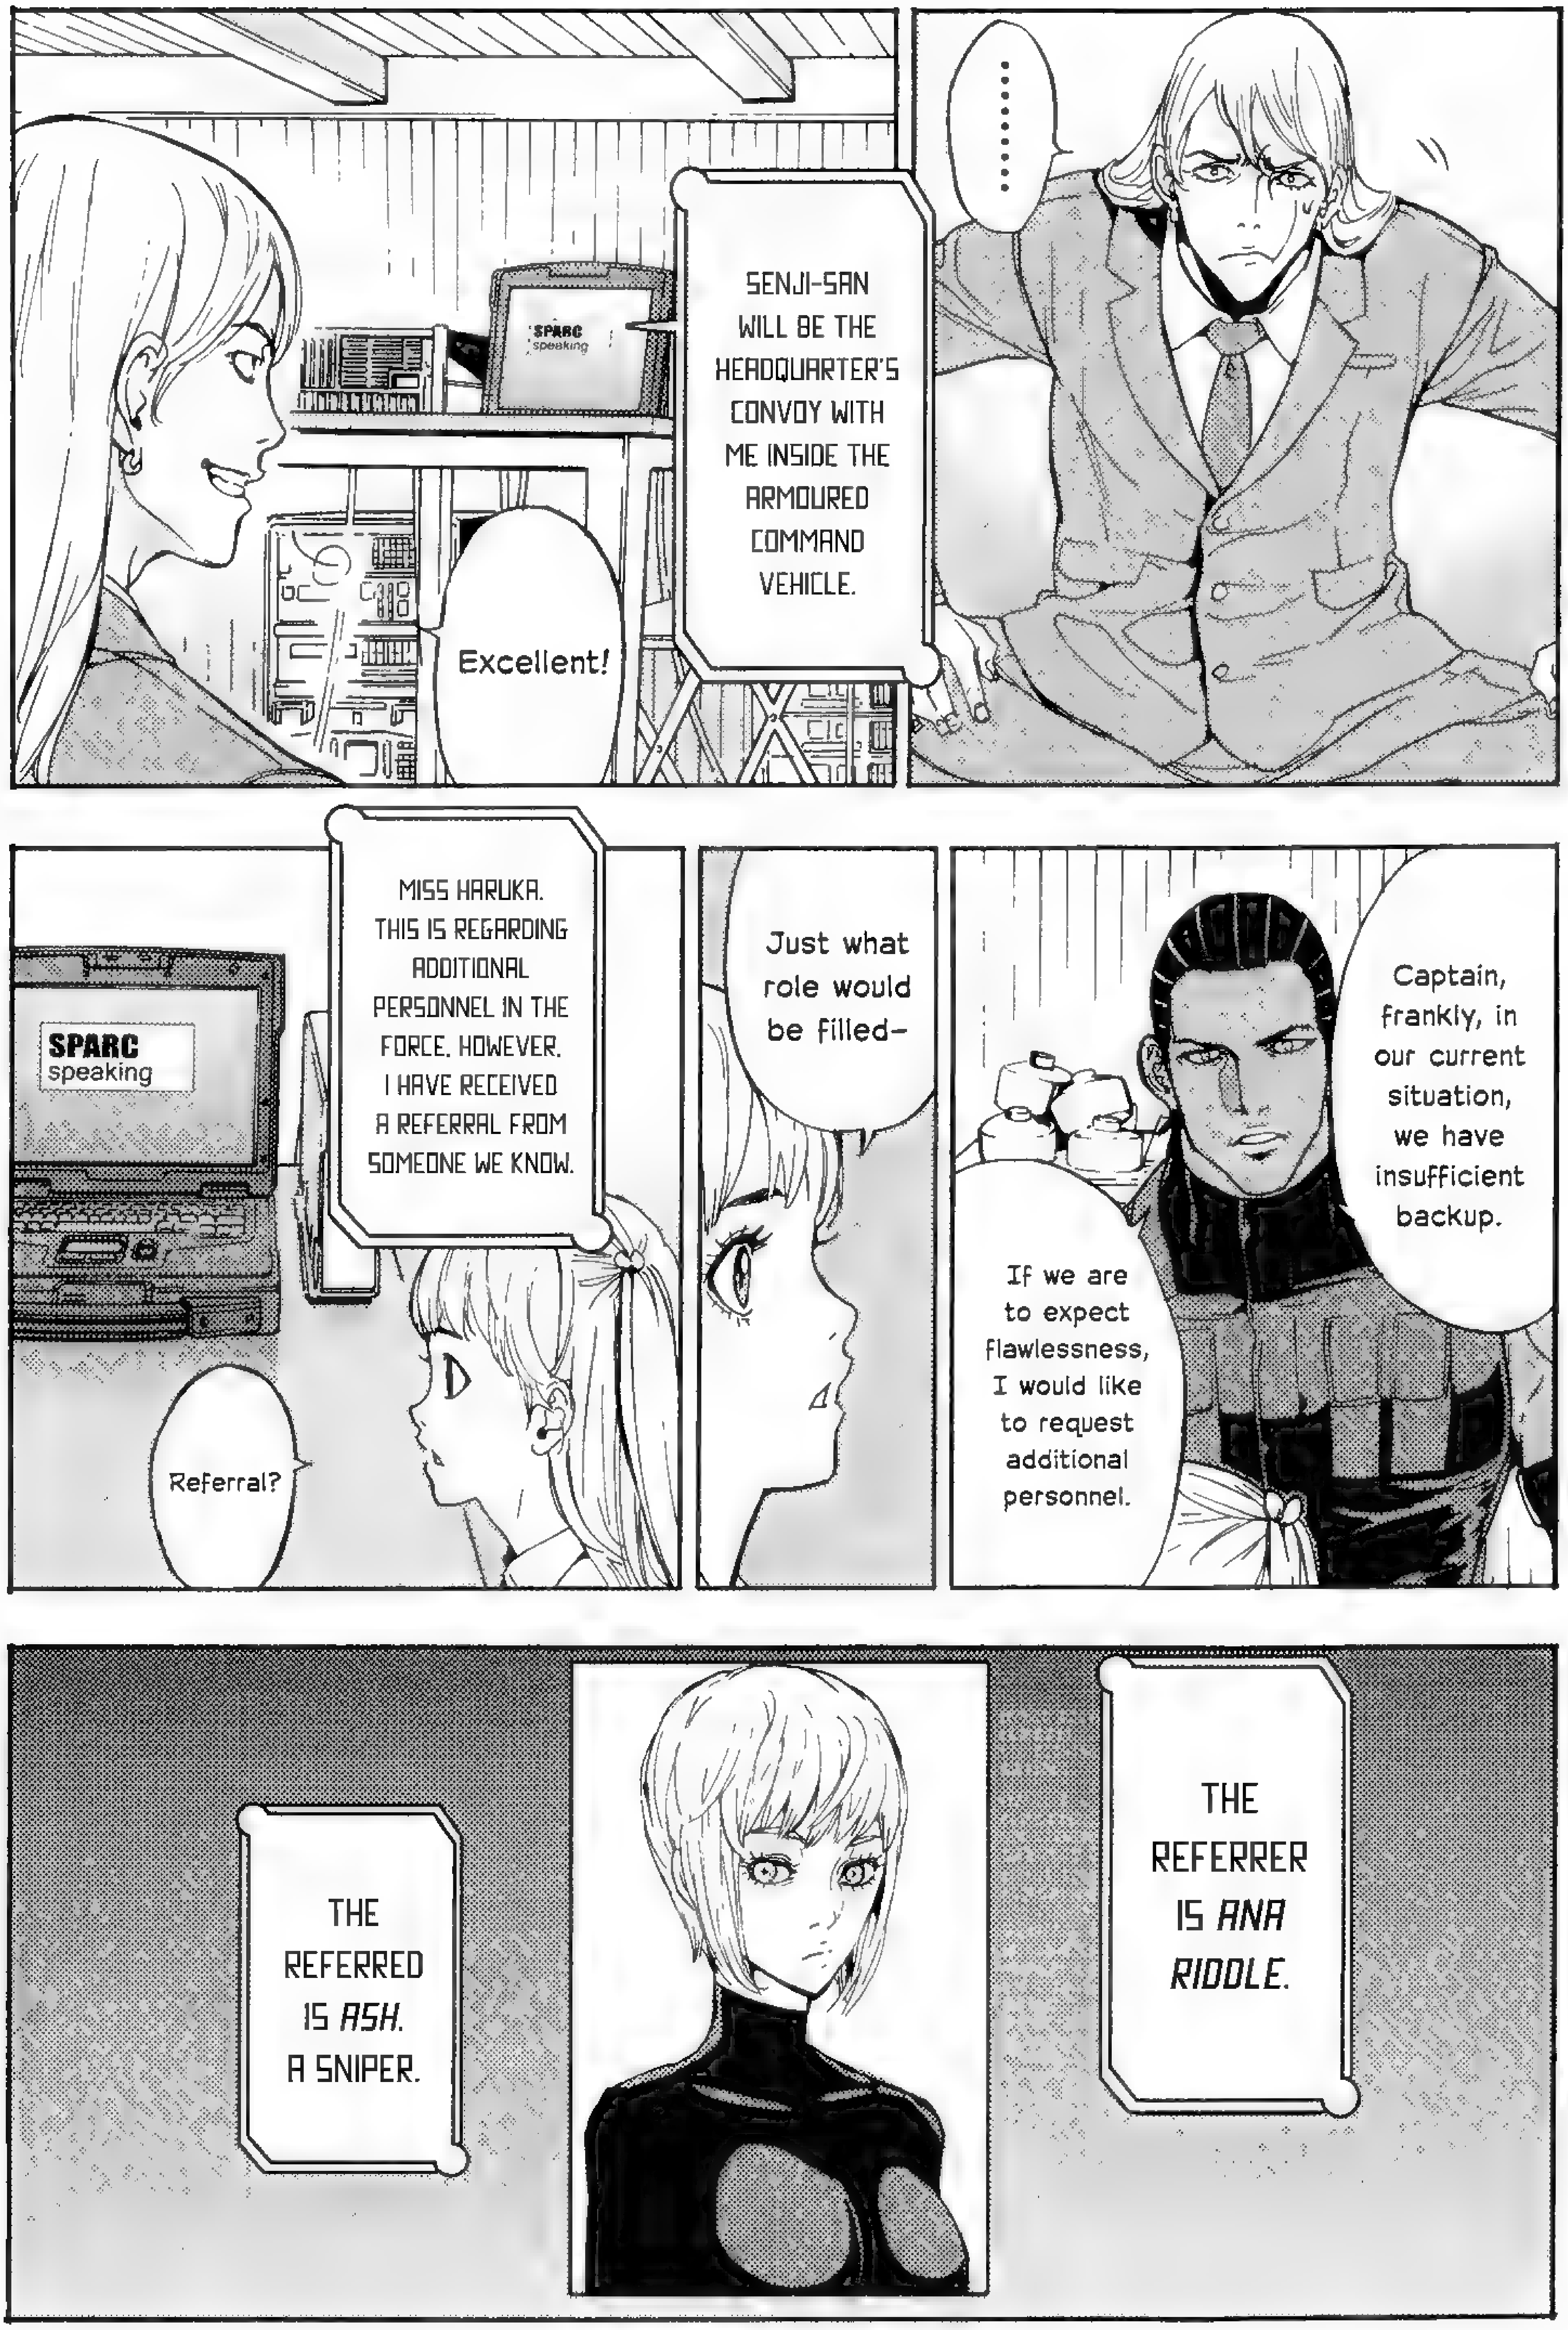
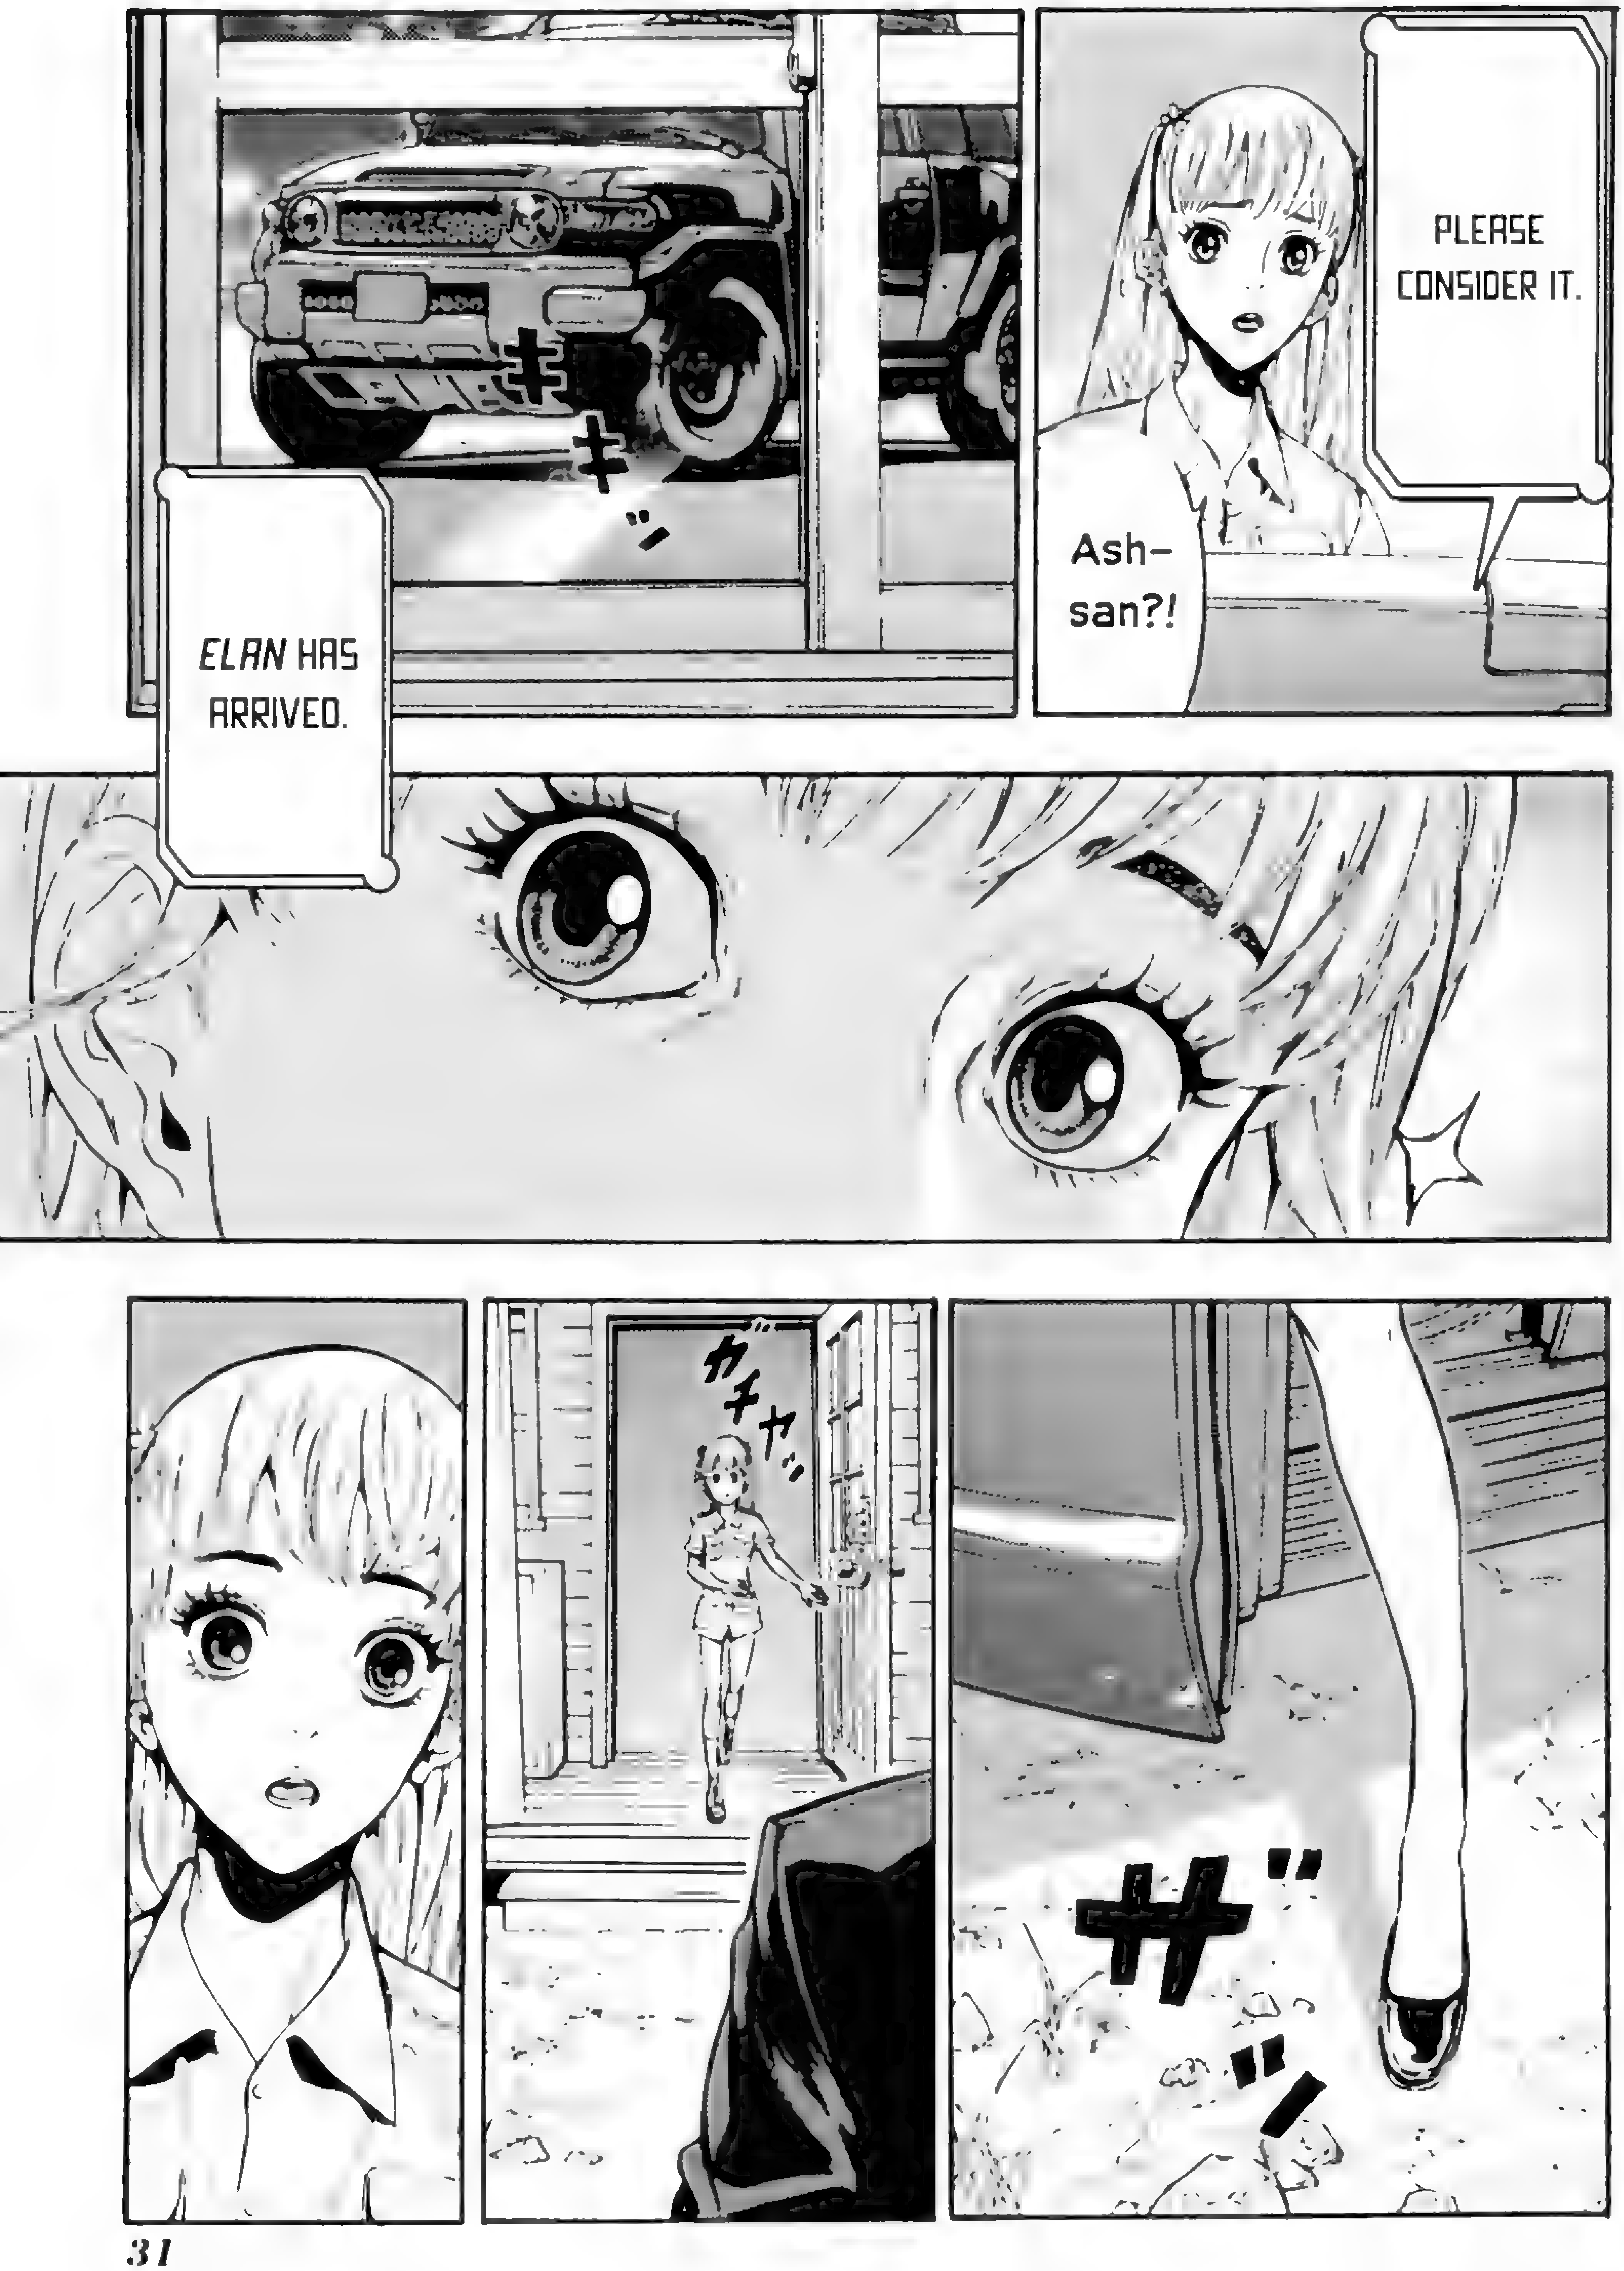
...It's too bad that he's an *idiot,* though...
...An idiot and a prodigy in one, huh...
Damn it...

OUR FORCE'S ADVANCE WILL BE FROM THE BORDER ON THE NORTH SIDE.
SPARC speaking
I SUPPOSE IT'S SAFE TO SAY THAT, WITH THE DUHANA BORDER PATROL THAT'S NOT ALONG GALBOA'S BORDER BEING INVOLVED WITH THE BLACK MARKET SITUATION. THE COUNTRY IS COMPLETELY VULNERABLE TO FOREIGNERS ENTERING.

That's how it is. It's a country filled with poverty and tyranny.
There isn't any merit for both immigrants and refugees to go to Duhana.
However, on the contrary, to prevent the country's citizens from escaping out of the country, their ground patrol is flawless. It's best to stay vigilant there.
...What an awful country...
OUR AGENDA IS: ONE WEEK PRIOR TO HIJIKATA MAMORU ARRIVING, WE WILL ENTER THAT AREA AND SET UP OUR EQUIPMENT.
ピッ
SPARC speaking
ACCUSTOM YOURSELVES TO THAT AREA'S CLIMATE AS WE APPROACH THAT DATE.
UTILIZE THE NAVIGATION DETAILS FROM THE SATELLITE TO ACCURATELY INFILTRATE AND PURSUE THEM.
SHOT, JULIET, AND ELAN, WHO ARE ALL EXPERIENCED IN BATTLE, WILL BE STATIONED AT THE CORE OF THE AREA, WHILE IBUKI DAI AND PYRO, ACTING AS COMMANDOS, WILL BE IN CONTACT.



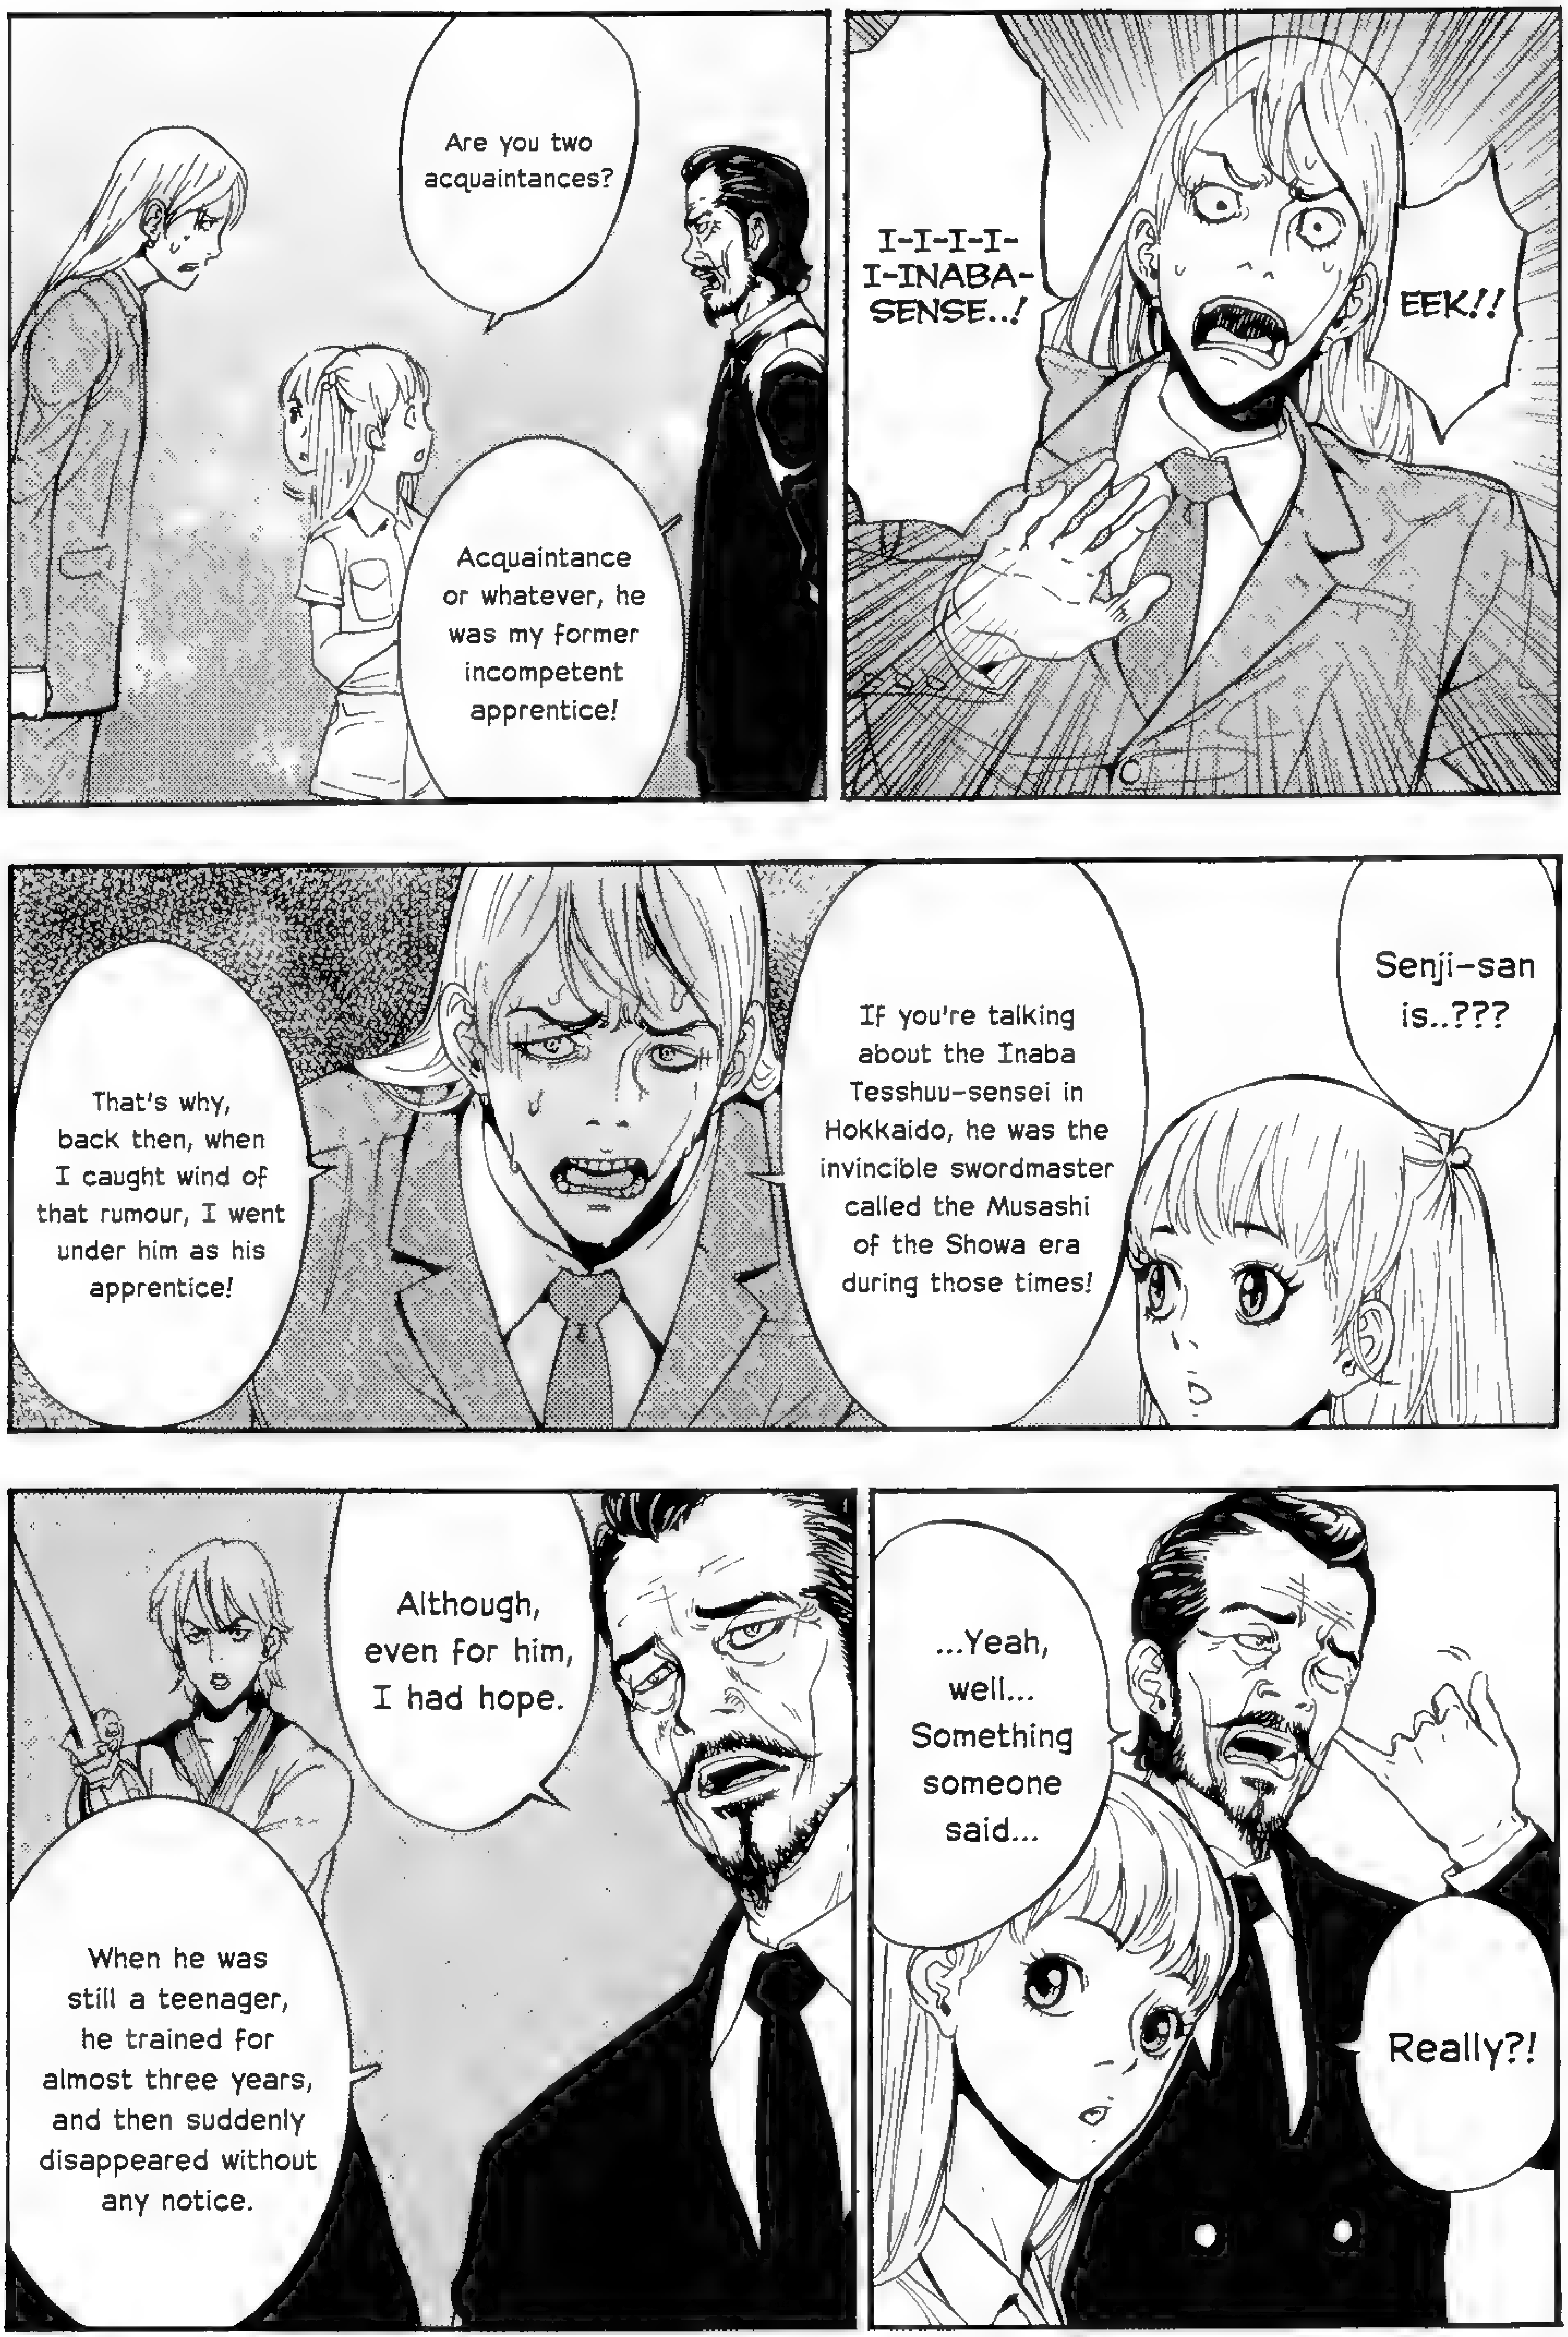
……
SENJI-SAN WILL BE THE HEADQUARTER'S CONVOY WITH ME INSIDE THE ARMOURED COMMAND VEHICLE.
Excellent!
SPARC speaking
Captain, frankly, in our current situation, we have insufficient backup.
If we are to expect flawlessness, I would like to request additional personnel.
Just what role would be filled-
MISS HARUKA. THIS IS REGARDING ADDITIONAL PERSONNEL IN THE FORCE. HOWEVER, I HAVE RECEIVED A REFERRAL FROM SOMEONE WE KNOW.
SPARC speaking
Referral?
THE REFERRER IS ANA RIDDLE.
THE REFERRED IS ASH. A SNIPER.



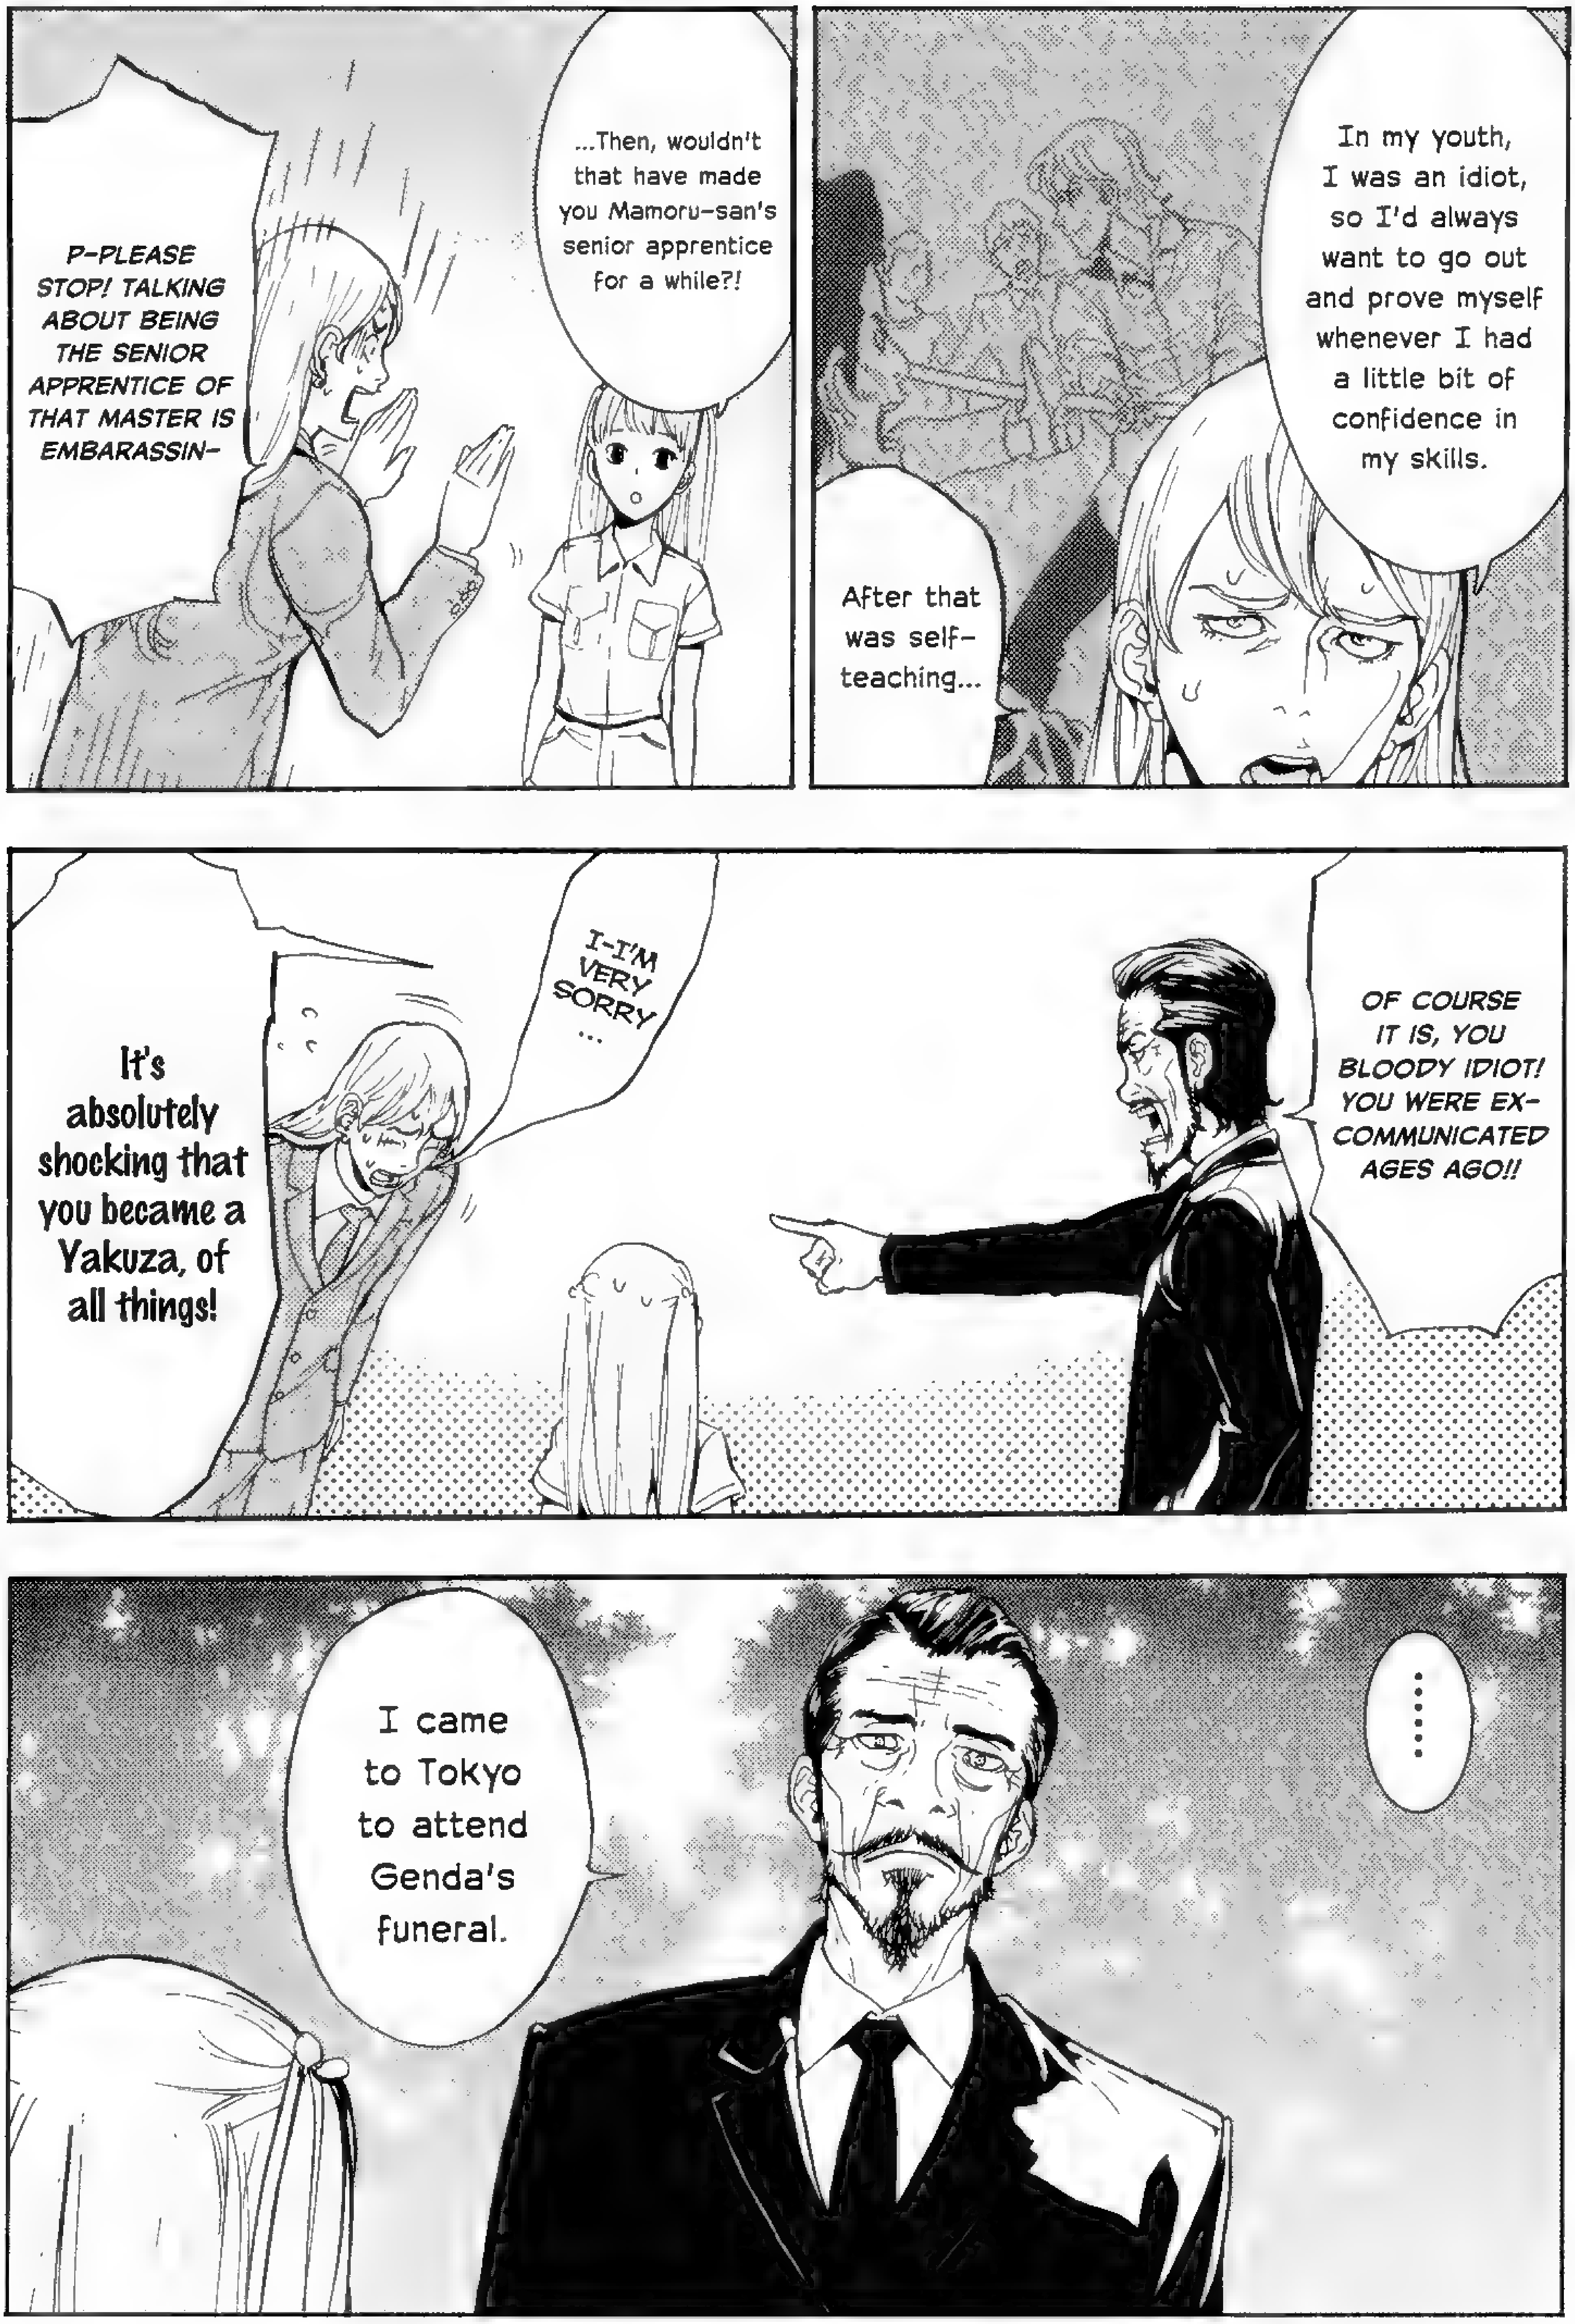
PLEASE CONSIDER IT.
Ash-san?!
キキッ
ELAN HAS ARRIVED.
ザッ
ガチャッ

I am sorry for being late. Effective immediately, I will be joining your force.
Sierra-san?!
Sorry. For finally having to show my face.
And, now that I have separated from WALL, my new codename is *Elan*.

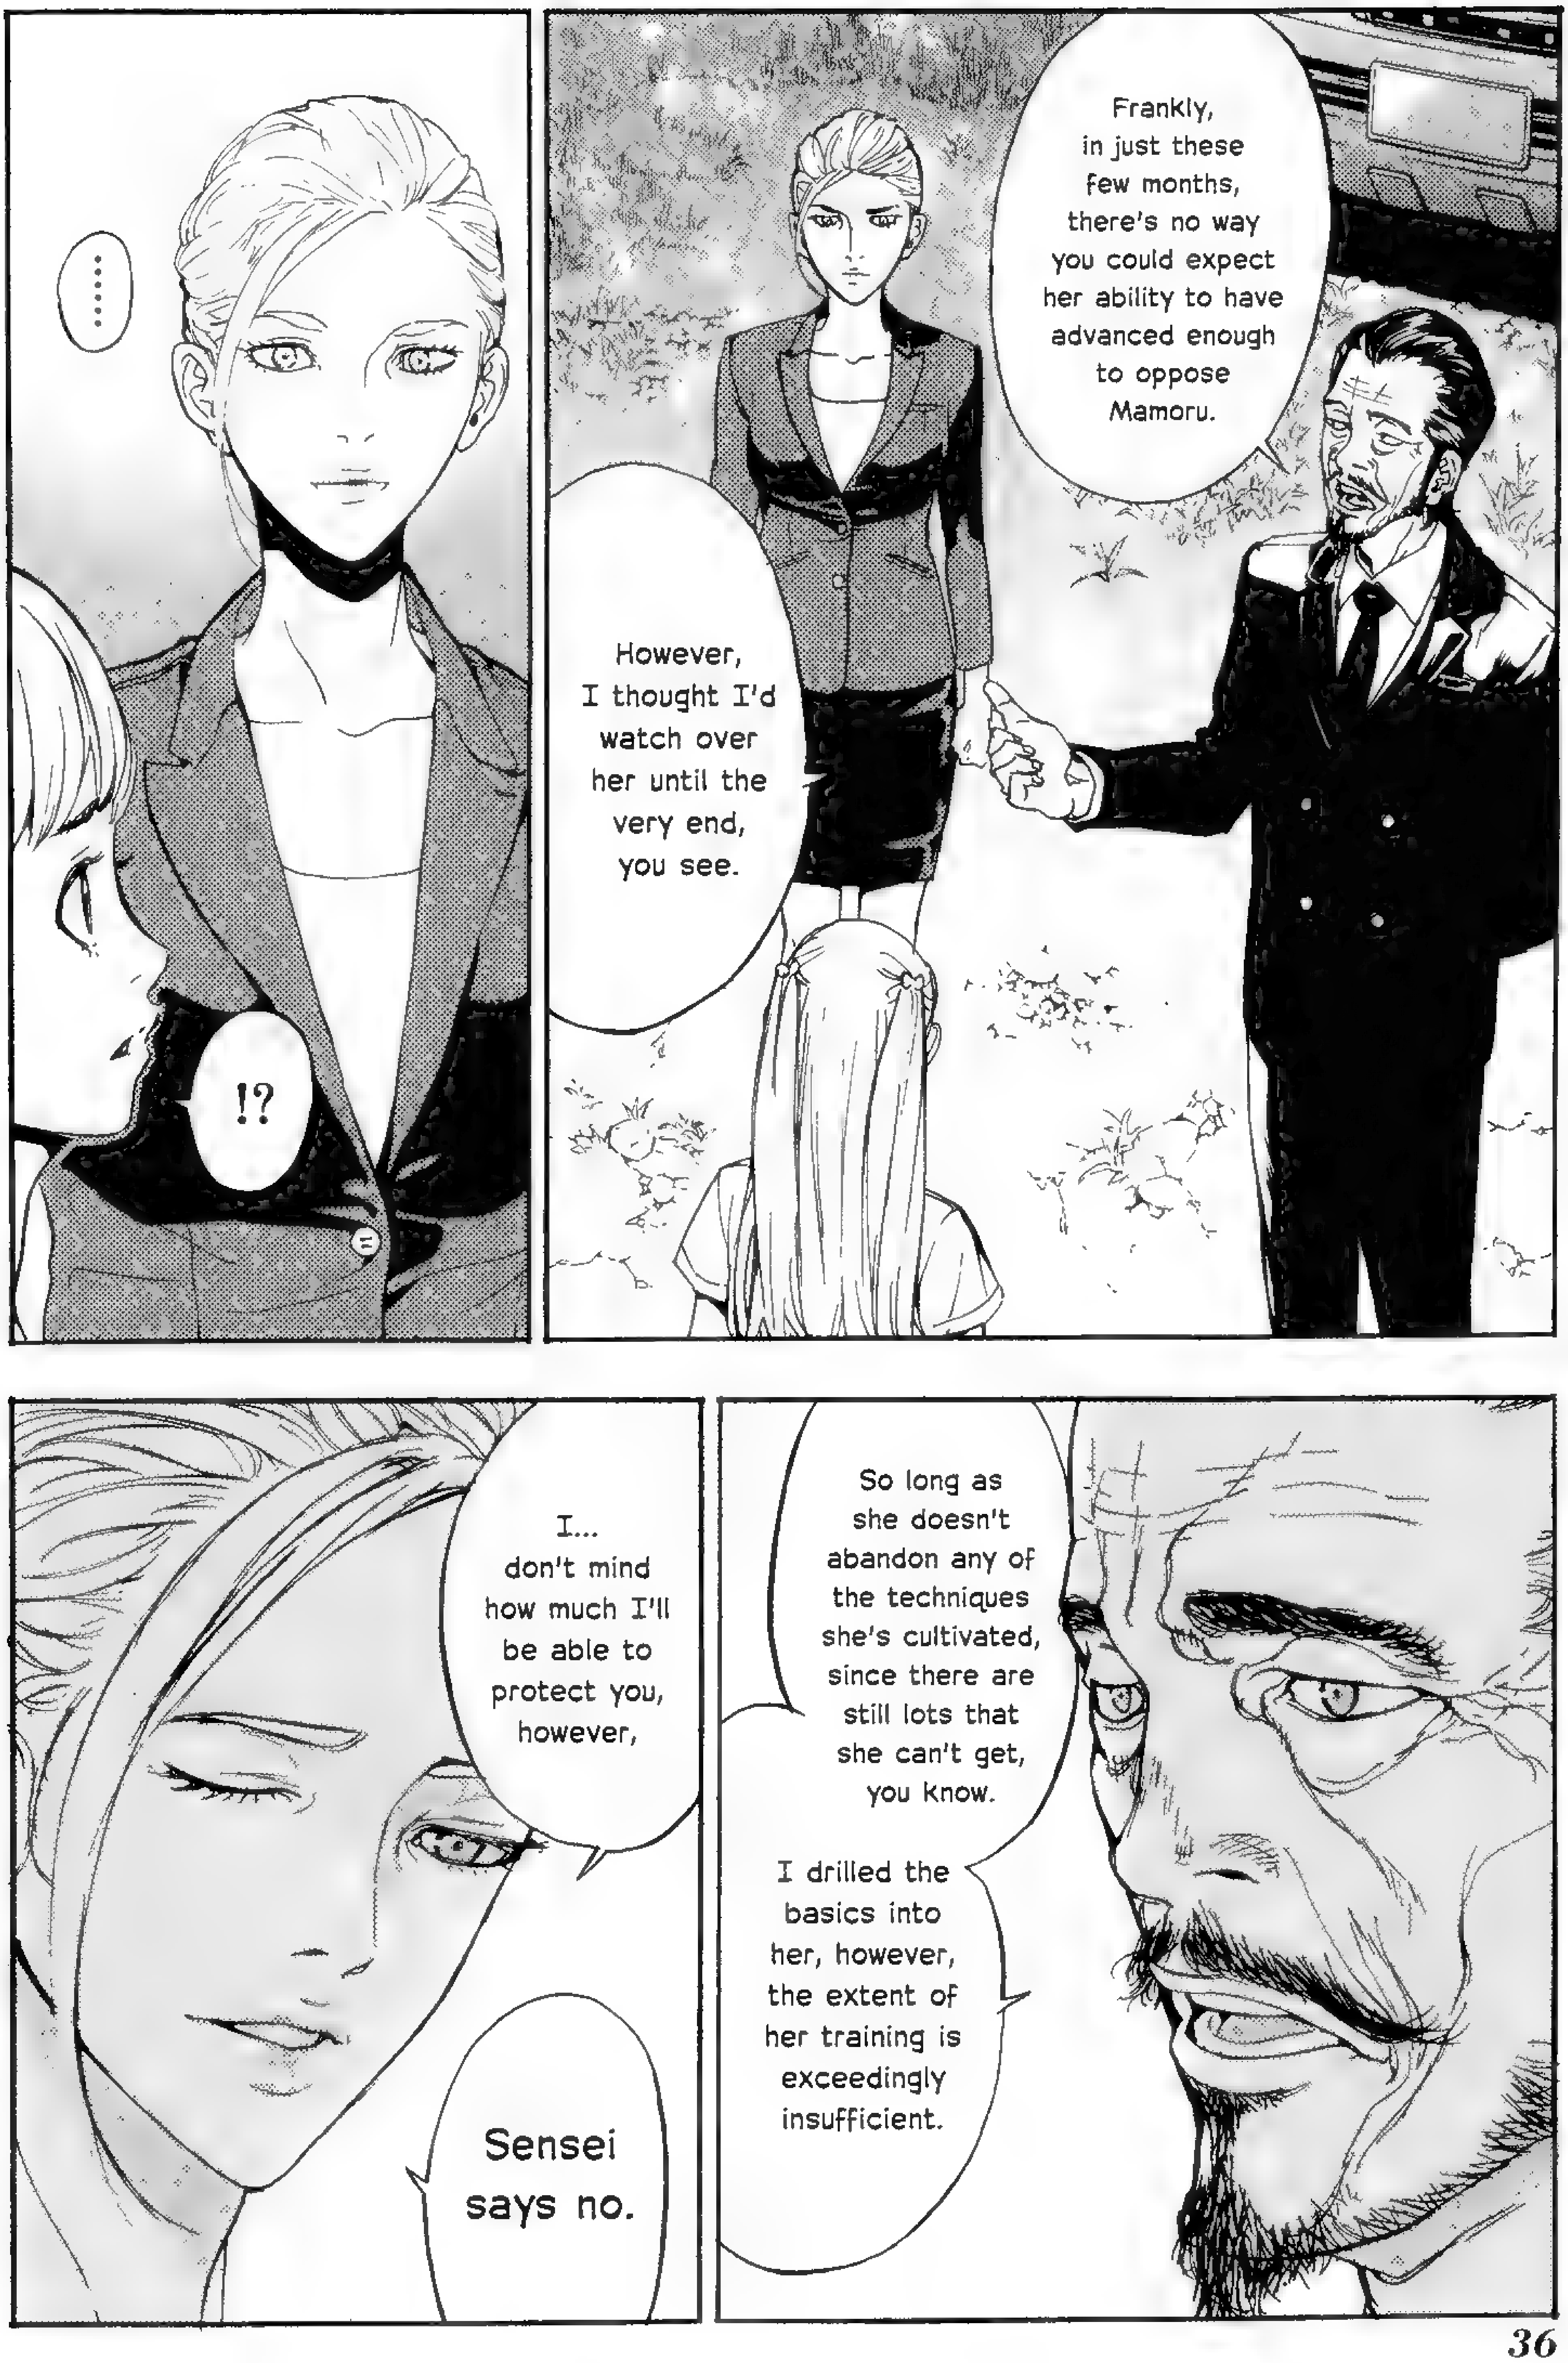
!?
...Inaba-sensei???
Oh! Long time no see!
SENJI ..?!



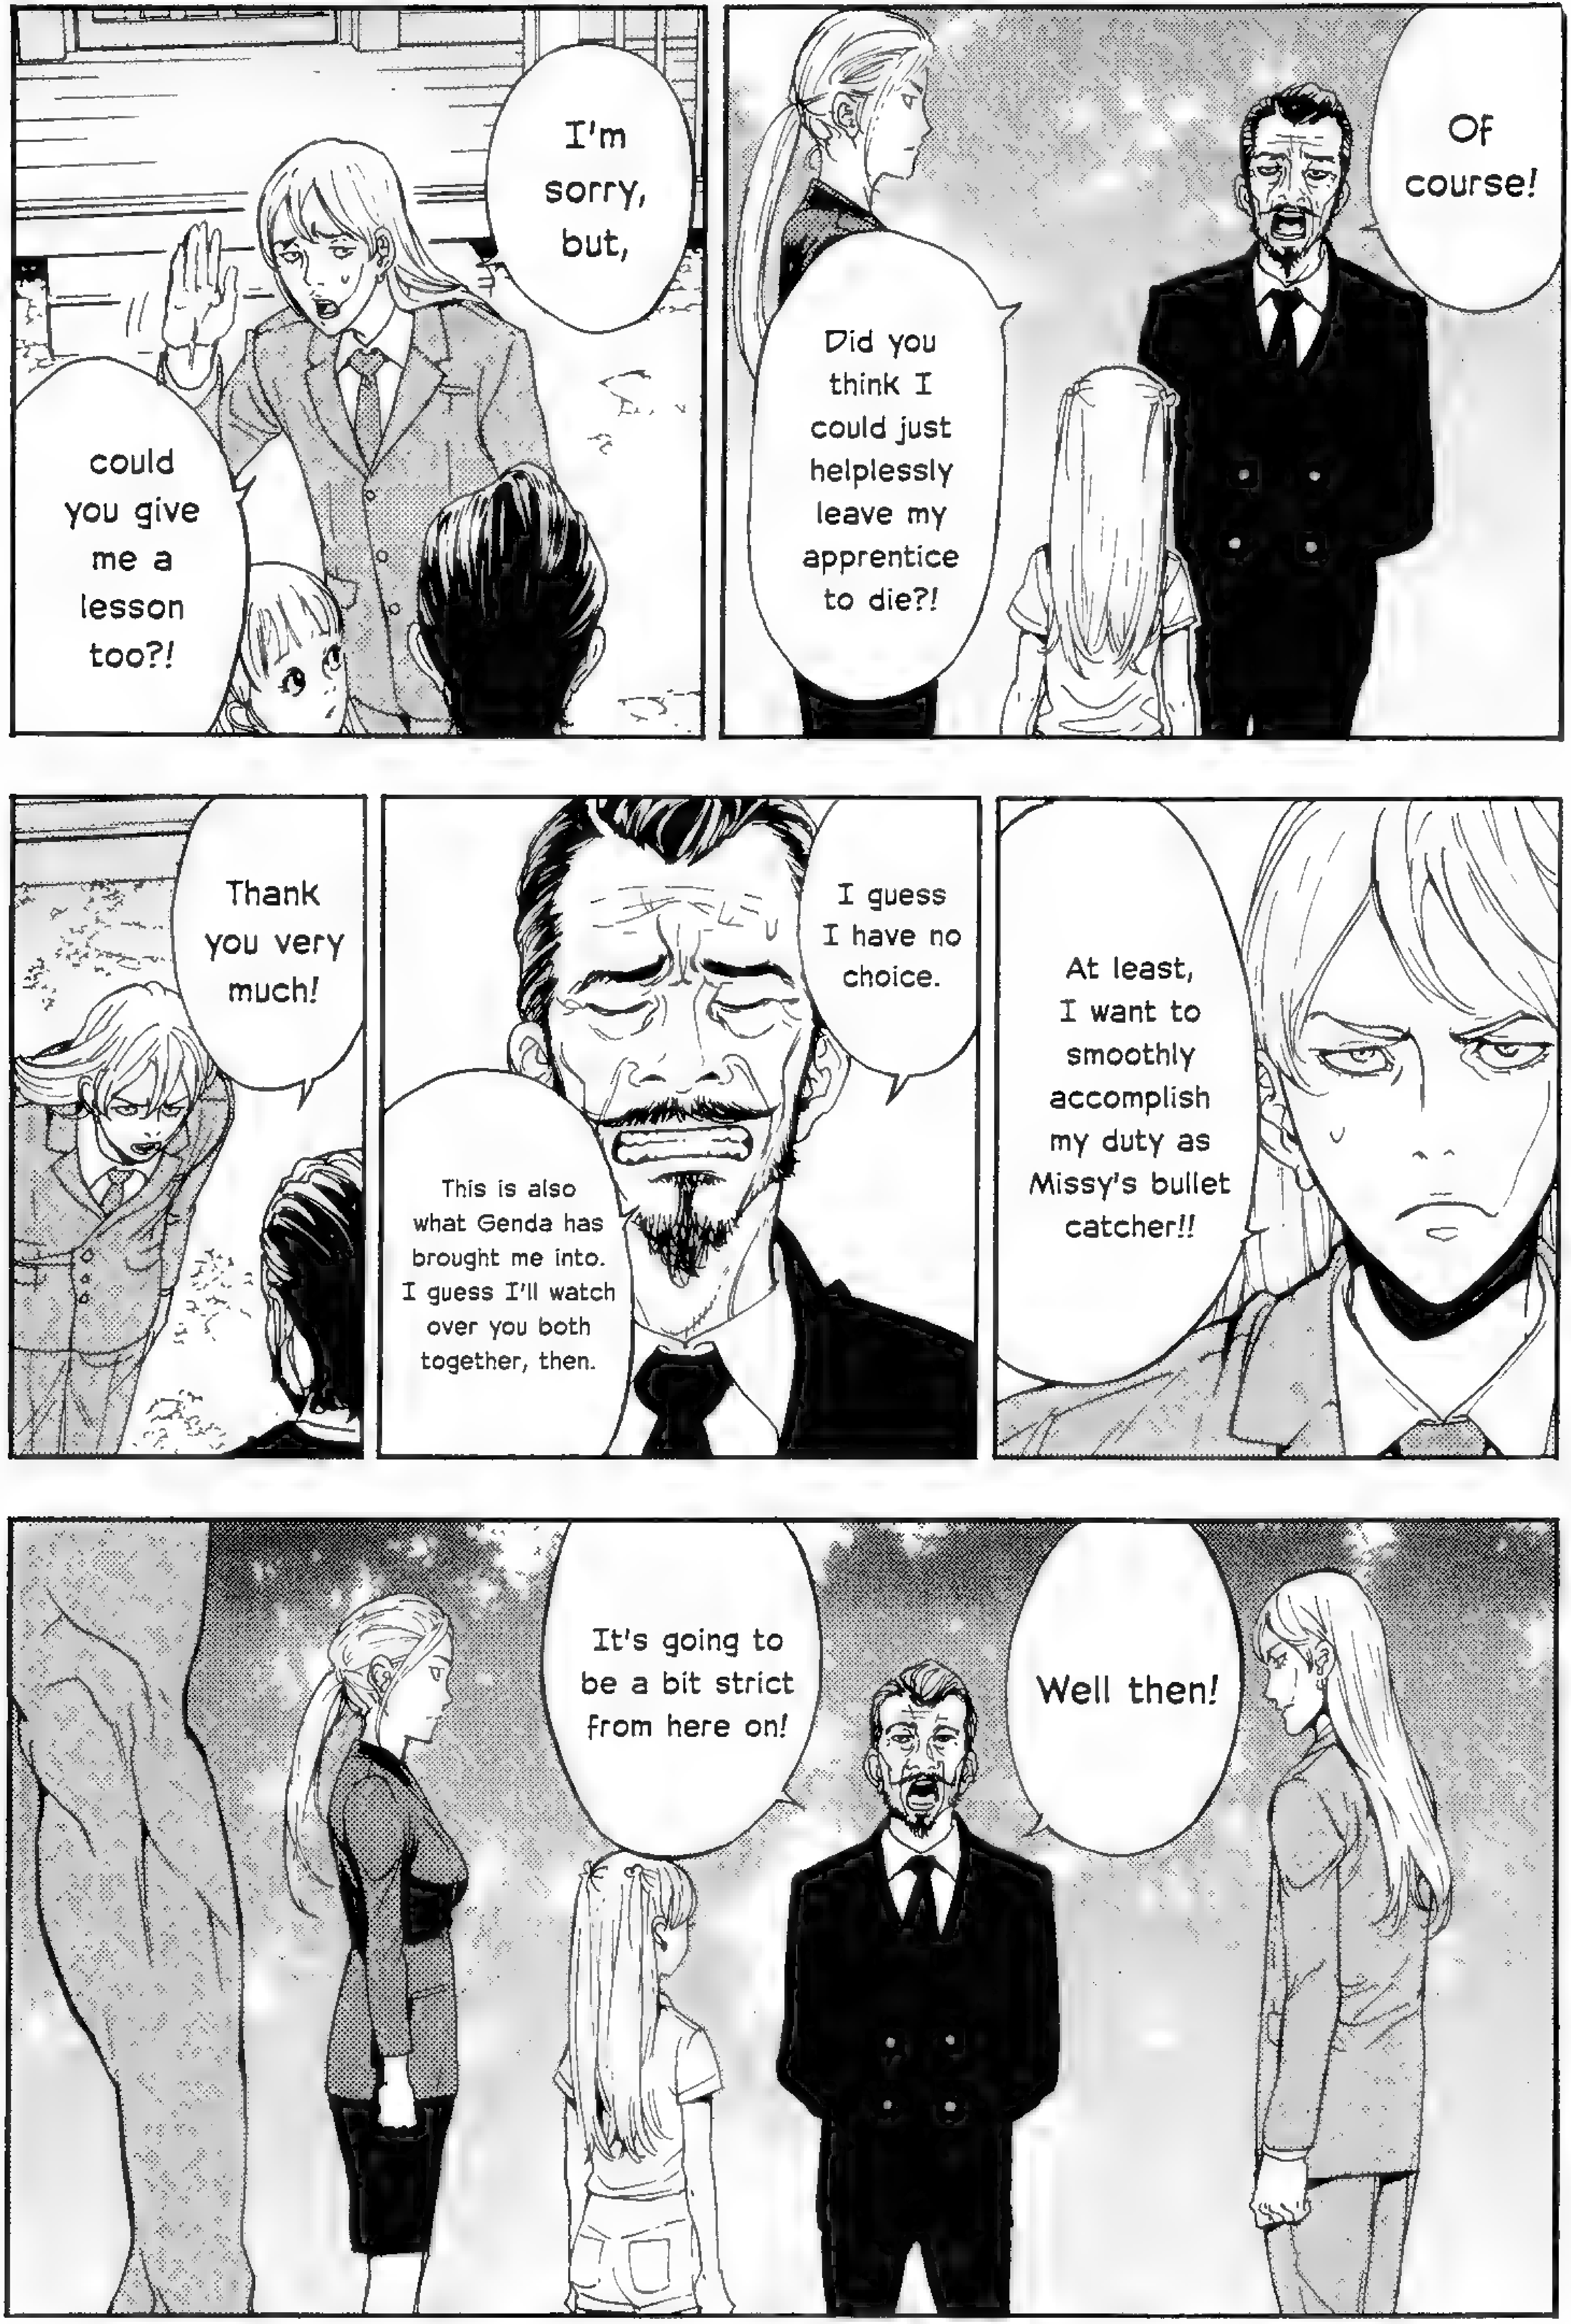
Are you two acquaintances?
Acquaintance or whatever, he was my former incompetent apprentice!
EEK!!
I-I-I-I-I-INABA-SENSE..!
Senji-san is..???
If you're talking about the Inaba Tesshuu-sensei in Hokkaido, he was the invincible swordmaster called the Musashi of the Showa era during those times!
That's why, back then, when I caught wind of that rumour, I went under him as his apprentice!
Although, even for him, I had hope.
When he was still a teenager, he trained for almost three years, and then suddenly disappeared without any notice.
Really?!
...Yeah, well... Something someone said...



In my youth, I was an idiot, so I'd always want to go out and prove myself whenever I had a little bit of confidence in my skills.
After that was self-teaching...
...Then, wouldn't that have made you Mamoru-san's senior apprentice for a while?!
P-PLEASE STOP! TALKING ABOUT BEING THE SENIOR APPRENTICE OF THAT MASTER IS EMBARASSIN-
OF COURSE IT IS, YOU BLOODY IDIOT! YOU WERE EX-COMMUNICATED AGES AGO!!
I-I'M VERY SORRY...
It's absolutely shocking that you became a Yakuza, of all things!
......
I came to Tokyo to attend Genda's funeral.

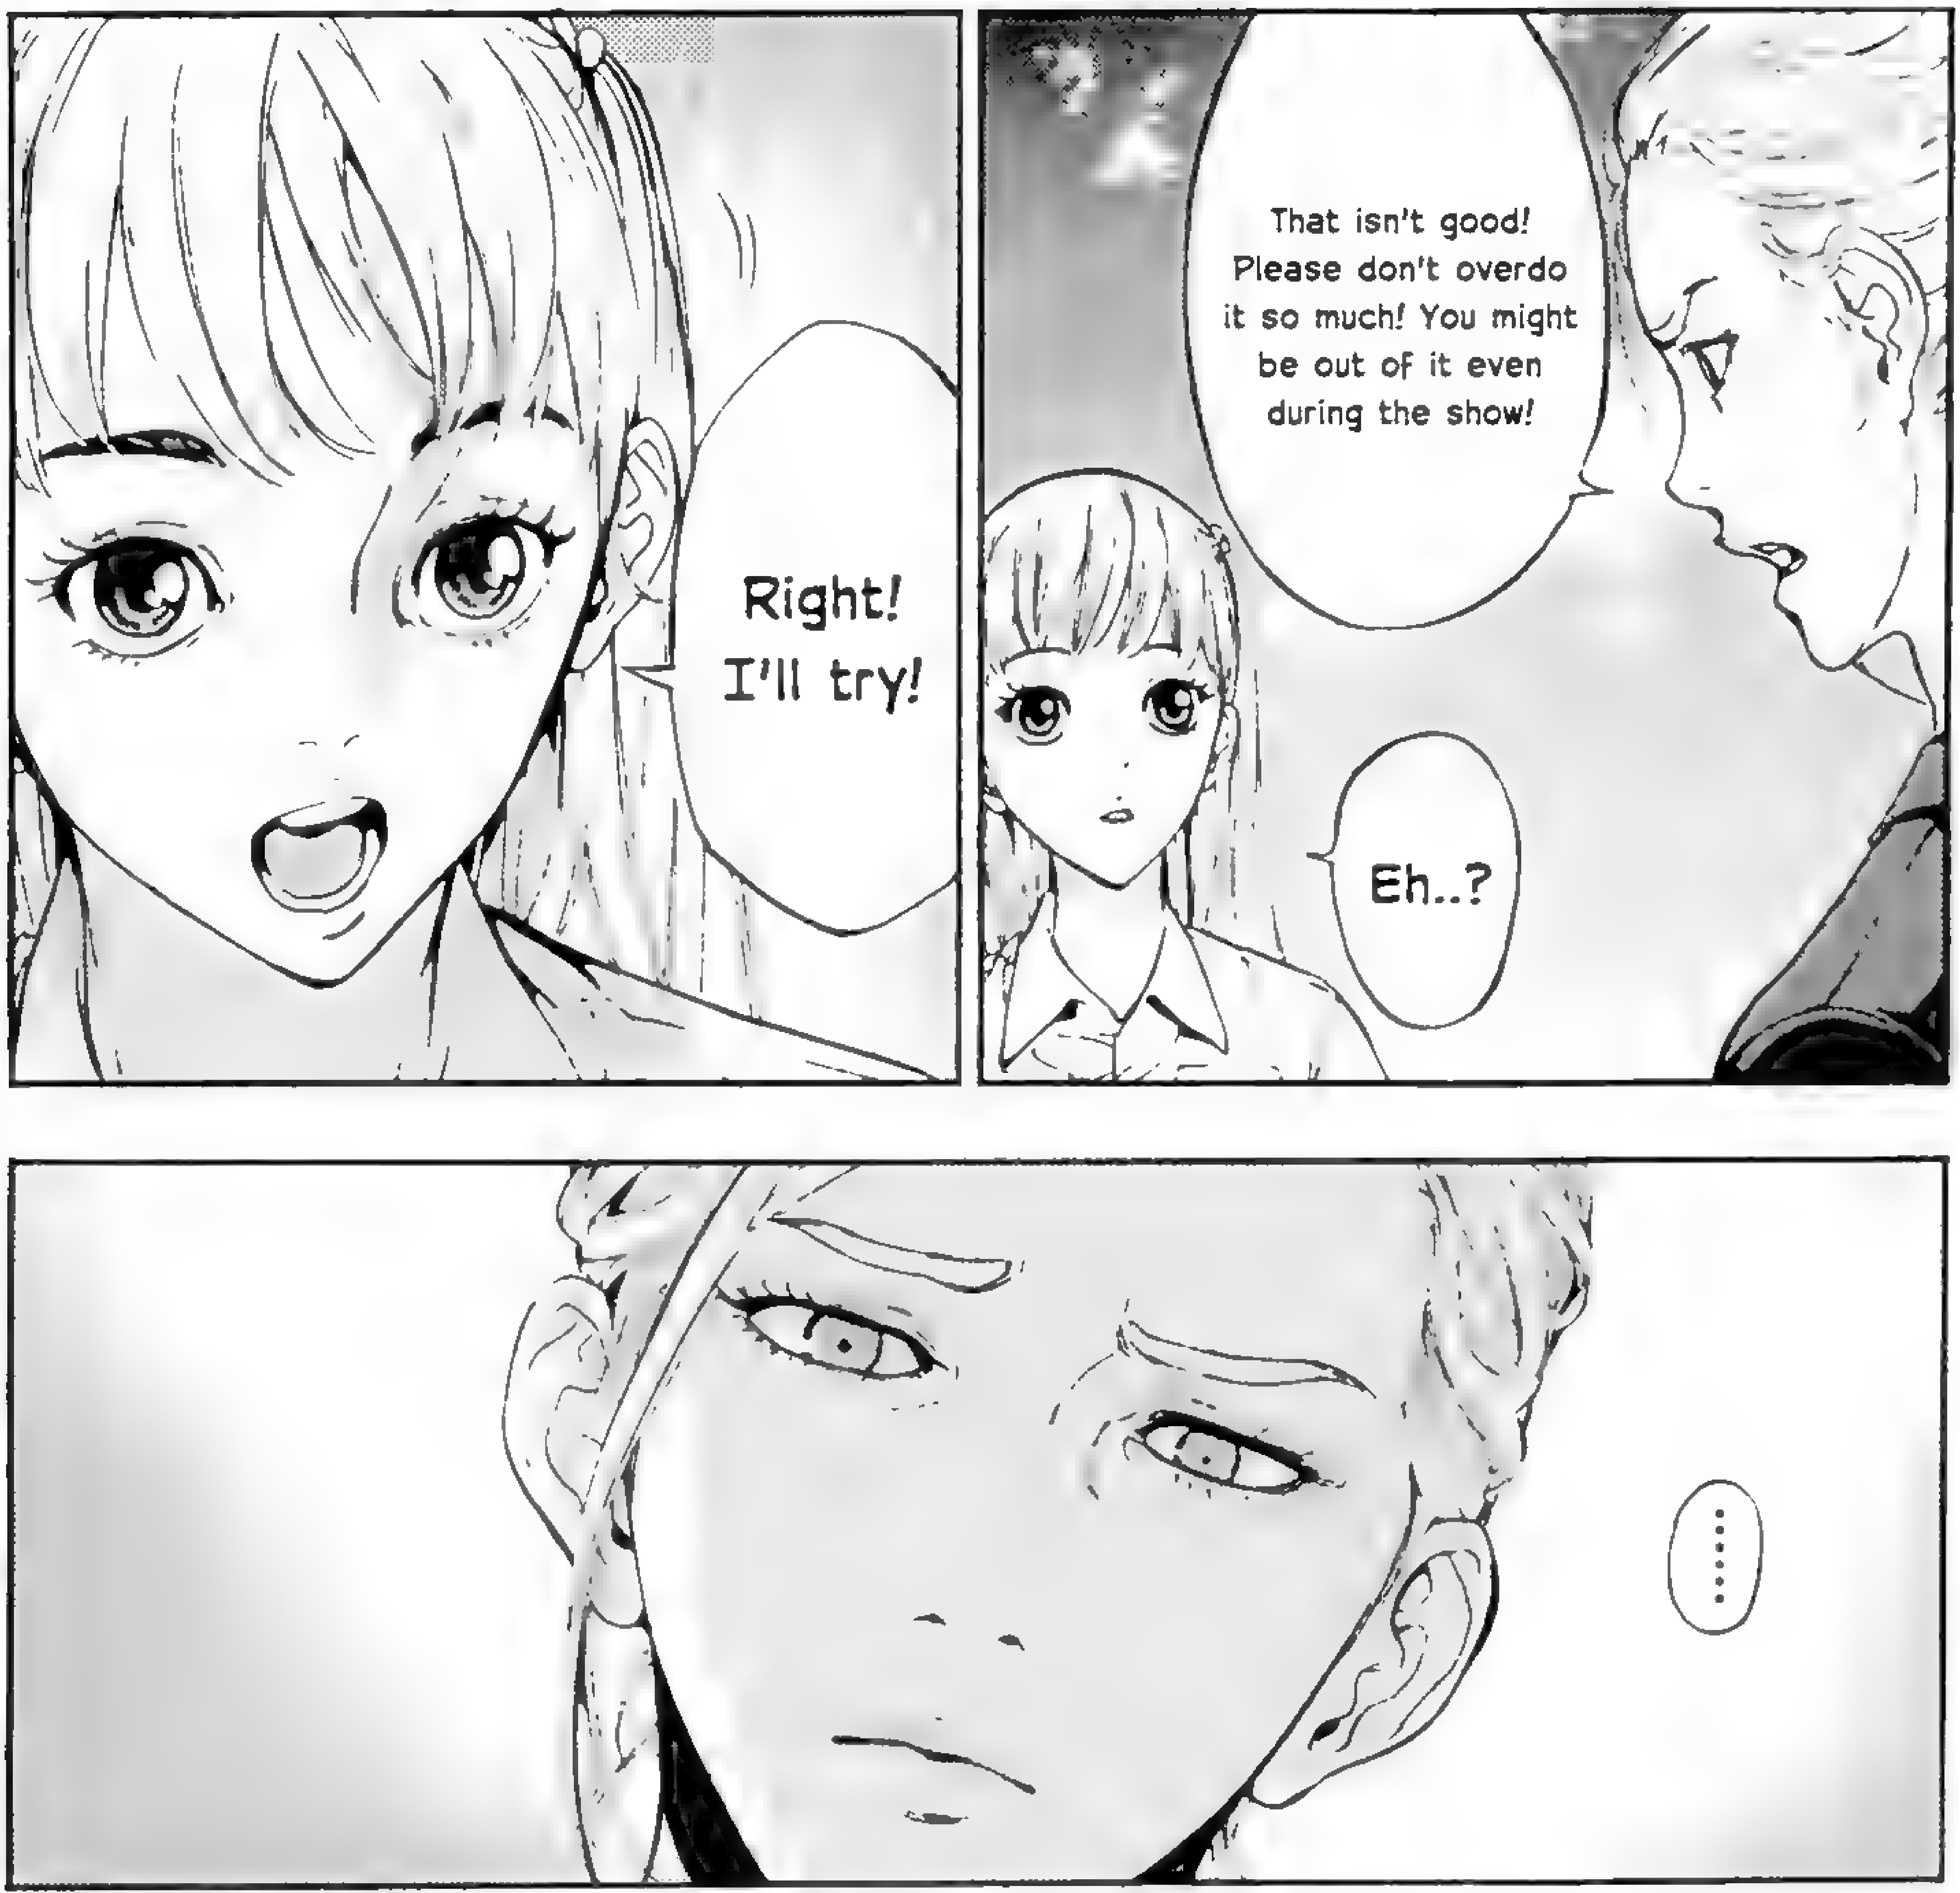


Frankly, in just these few months, there's no way you could expect her ability to have advanced enough to oppose Mamoru.
However, I thought I'd watch over her until the very end, you see.
……
!?
So long as she doesn't abandon any of the techniques she's cultivated, since there are still lots that she can't get, you know.
I drilled the basics into her, however, the extent of her training is exceedingly insufficient.
I... don't mind how much I'll be able to protect you, however,
Sensei says no.



Of course!
Did you think I could just helplessly leave my apprentice to die?!
I'm sorry, but,
could you give me a lesson too?!
At least, I want to smoothly accomplish my duty as Missy's bullet catcher!!
I guess I have no choice.
This is also what Genda has brought me into. I guess I'll watch over you both together, then.
Thank you very much!
Well then!
It's going to be a bit strict from here on!

Both of you, prepare yourselves!
……
T...
Thank you very much...
...I must've become burly, huh...
?
Really? I can't tell myself.
...Yeah..! Just, you were surprised when I arrived, right?
Yep!



Right! I'll try!
That isn't good! Please don't overdo it so much! You might be out of it even during the show!
Eh..?
……

Note: If you didn't get what Sierra was referring to, basically, she noticed that Haruka lost her precognition for a moment there when she was surprised at her arrival. It would've been reasonable to be surprised at Sierra's new physique, however, this apparently wasn't the case.

...Three fights, all losses so far...
Pretty driven, aren't 'cha...
SHUT UP!!
...Just you watch... This time, I'll definitely blow you away with one hit...

ブオッ
ダンッ
ギュル
!?

I see... So you figured out that by bouncing it off the edge of the container,
the momentum is transferred into rotation, thereby altering its trajectory.
However, don't think you can reverse the inefficiencies of that weapon with just that!

HMPH! DON'T CRY!!
WATCH THIS!!

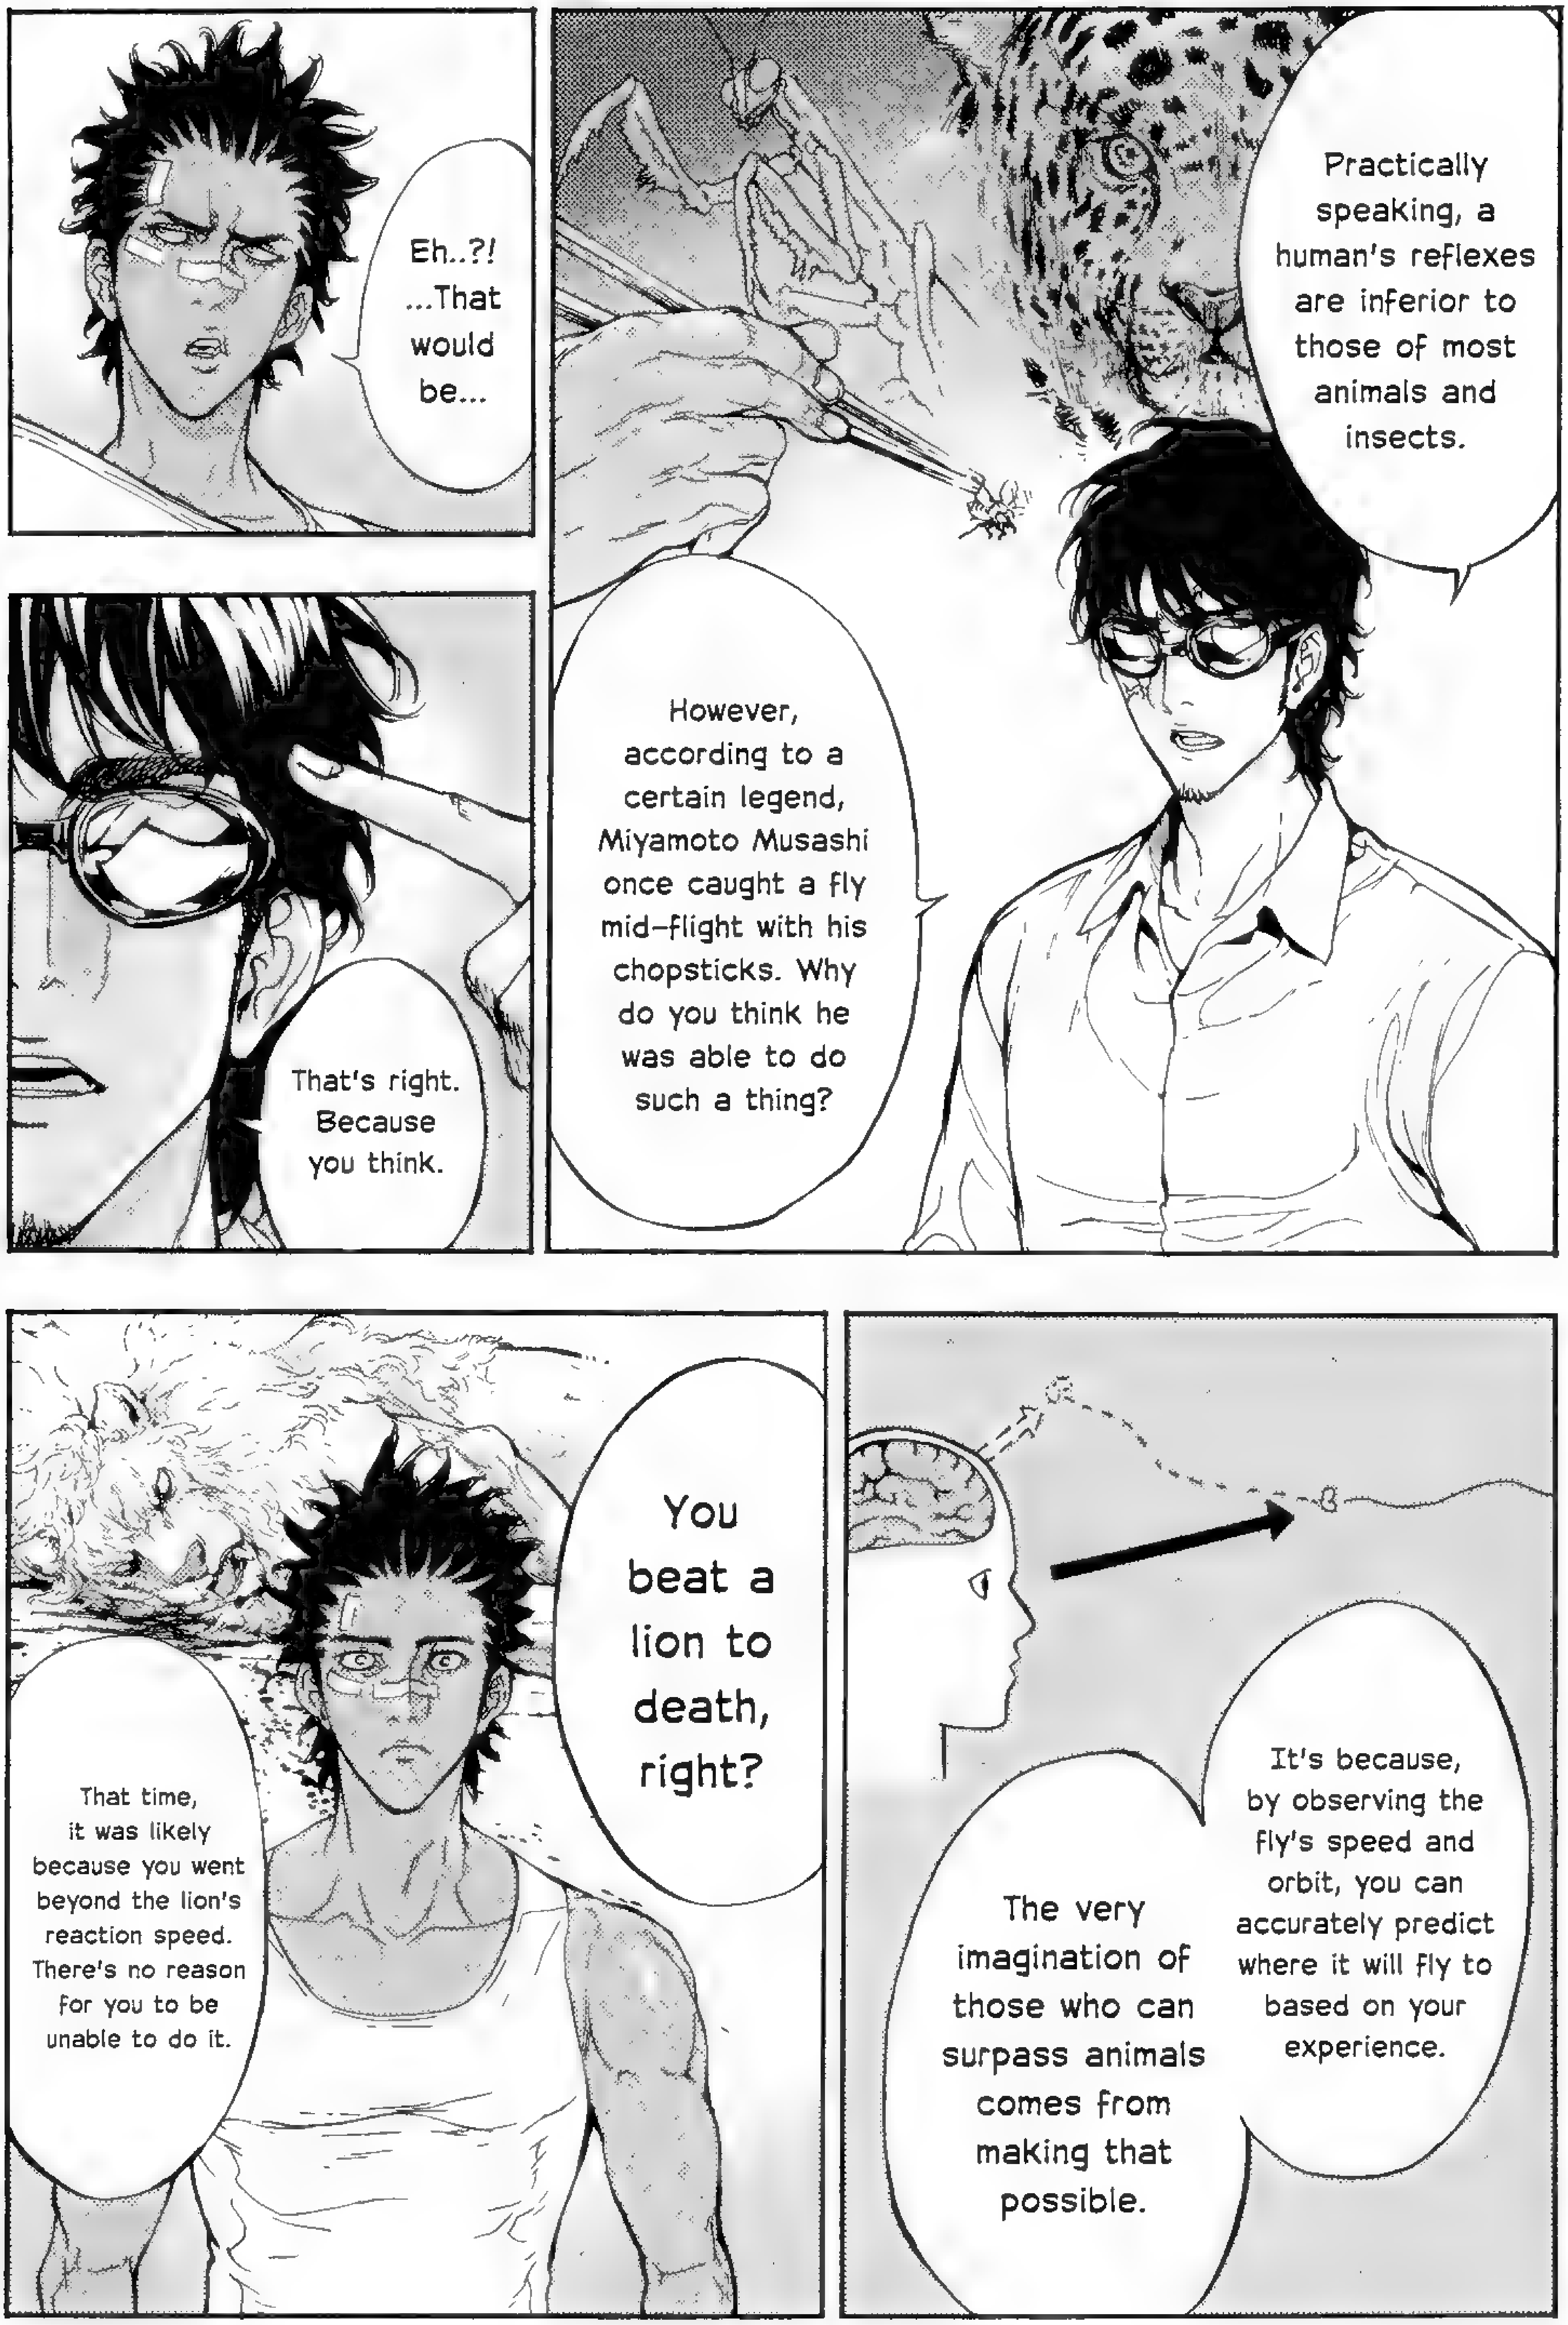
Another ball in the same line of fire?!

GUH-

This time was just a cold sweat. If you had learned that sleight of hand by heart earlier, maybe you'd have even been able to blow Jesus away with one hit!
......
Your progress from these three matches is no small feat.
It's still not quite enough for you to reverse the extreme inefficiencies, though.
All right, I'm next.
カッ
カッ
The fly's annoying.
Exterminate it with some special punch of yours.

Heh..!
CHE-
If you want to punch down the fly, either increase your punching speed, or target it with your knuckle's talons.
Don't be absurd with something that puny!
Hmph!
ヒュッ

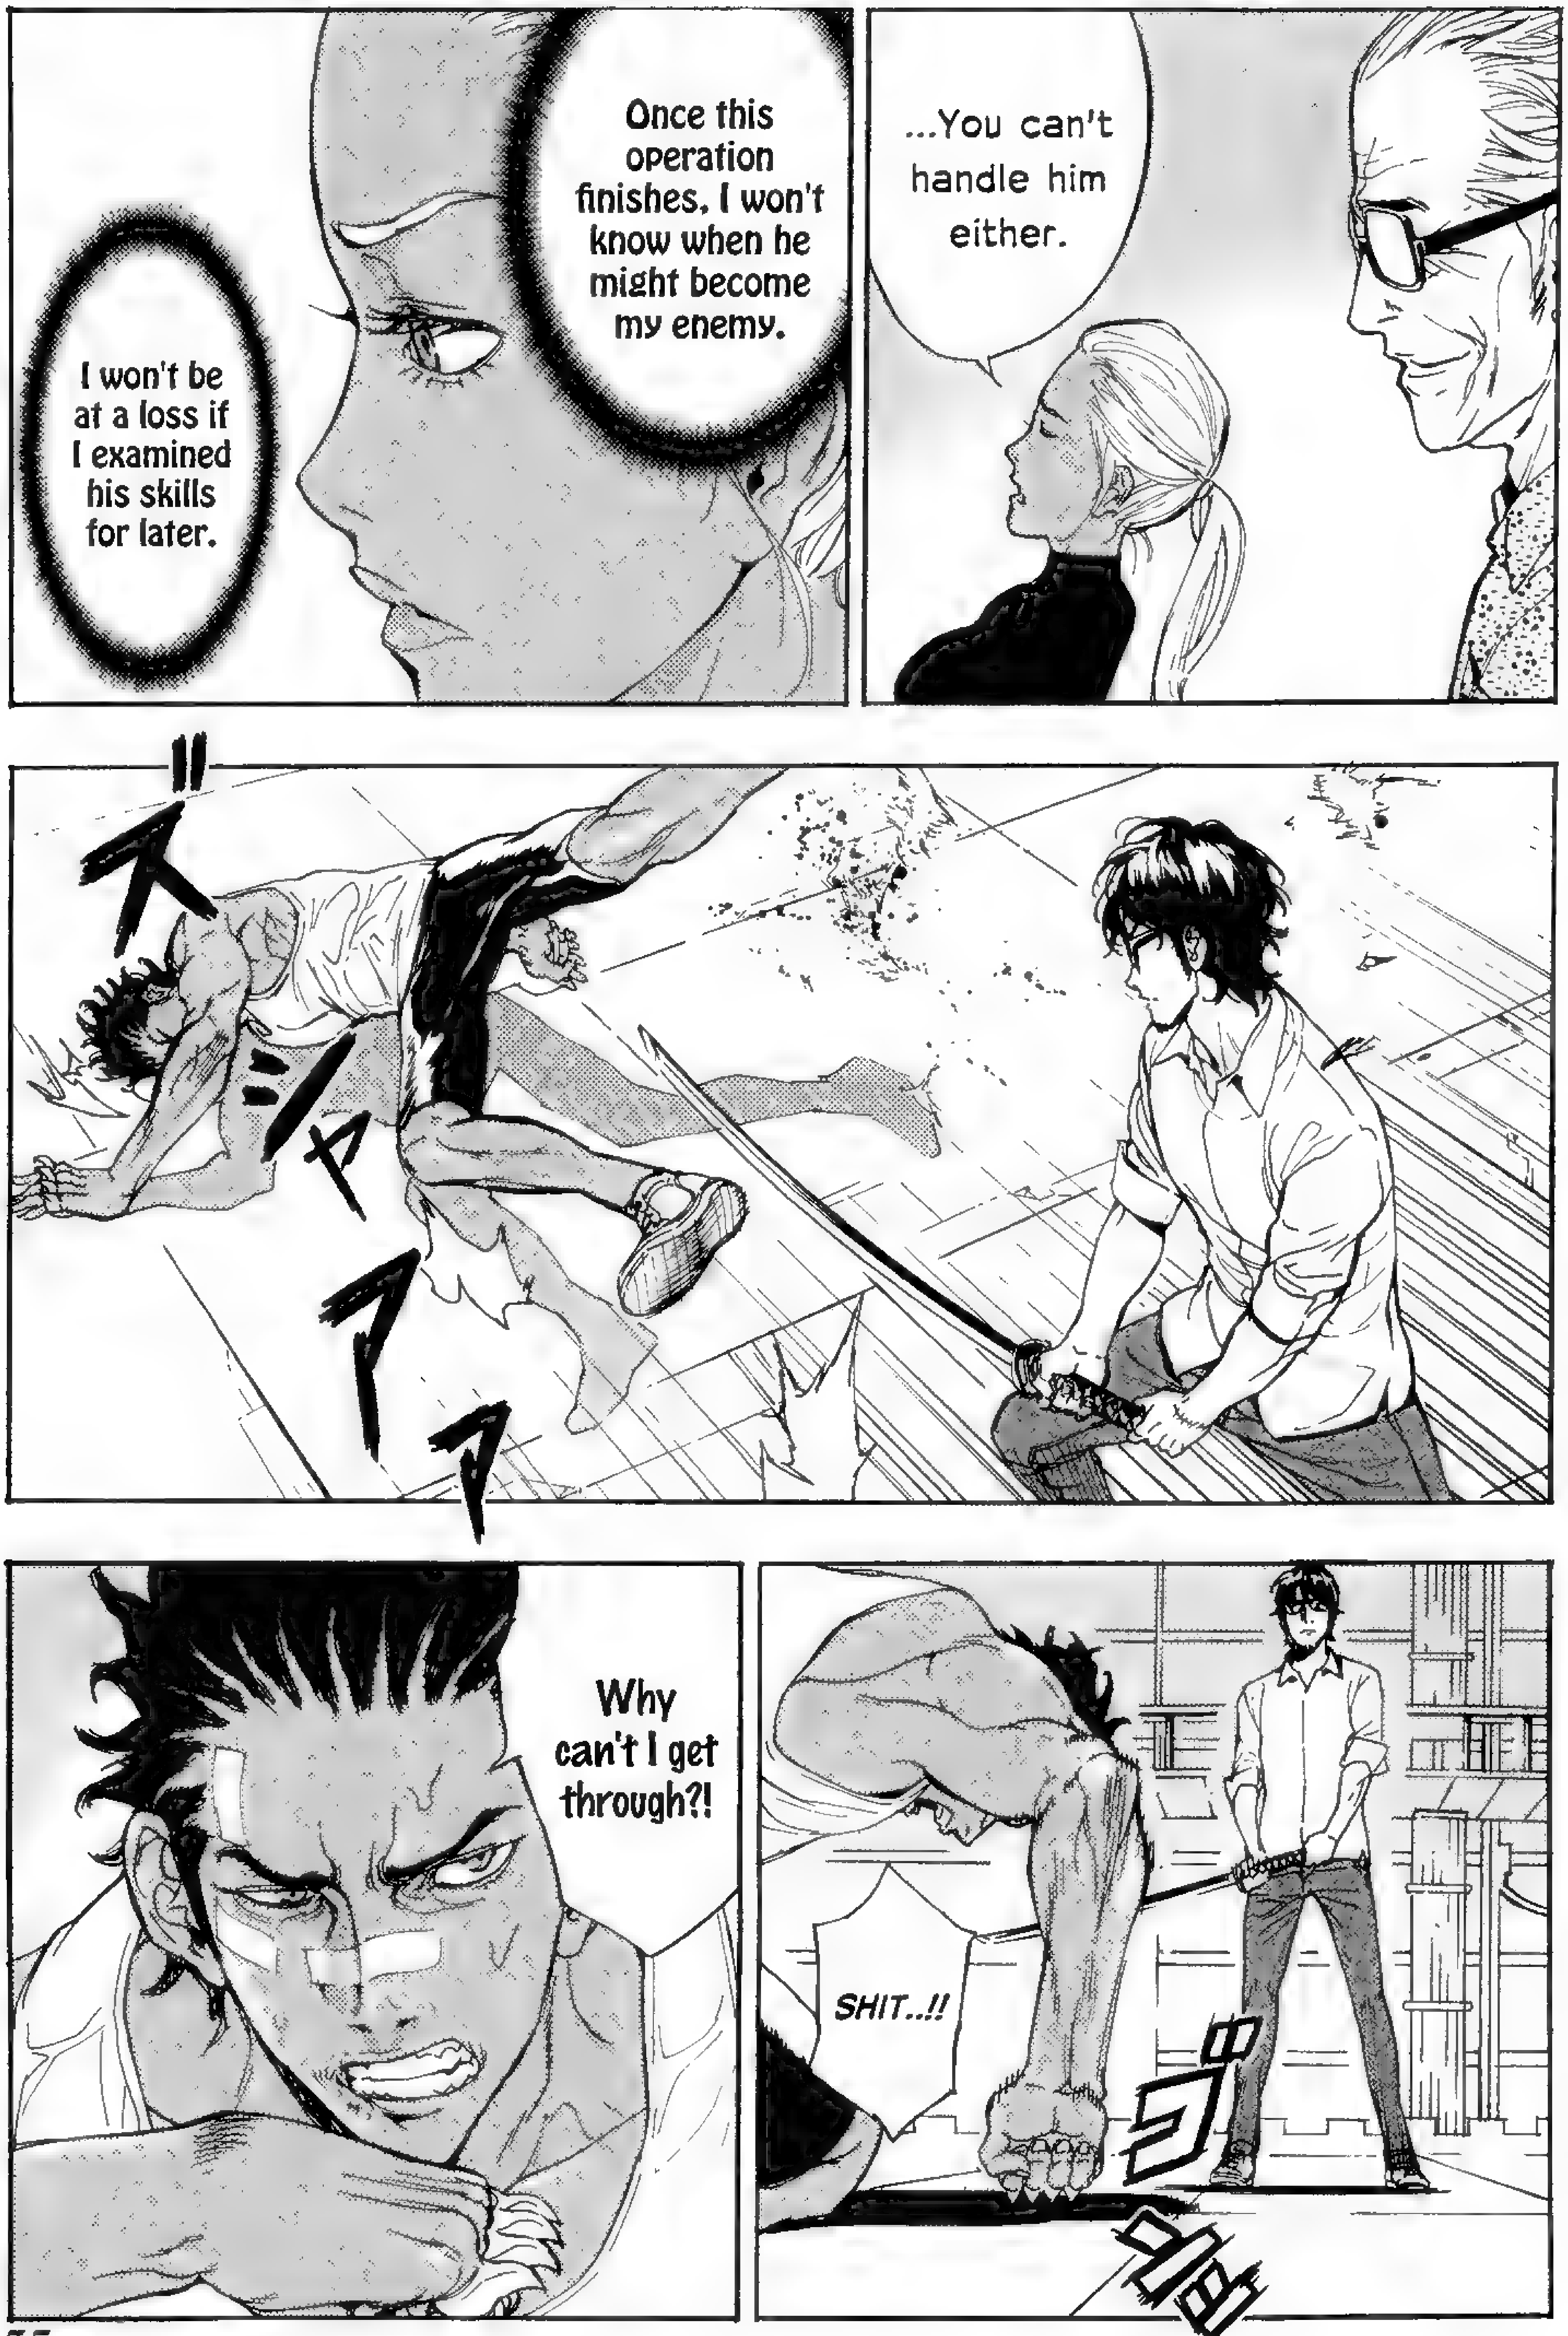
カサ
カサ
...Yeah, right... Absurd...
Wha..?!
Apparently, flies can shift their orbit 90 degrees in 30 milliseconds.
Physically, there's no way that a person's reflexes would be able to drop them.
Eh..???



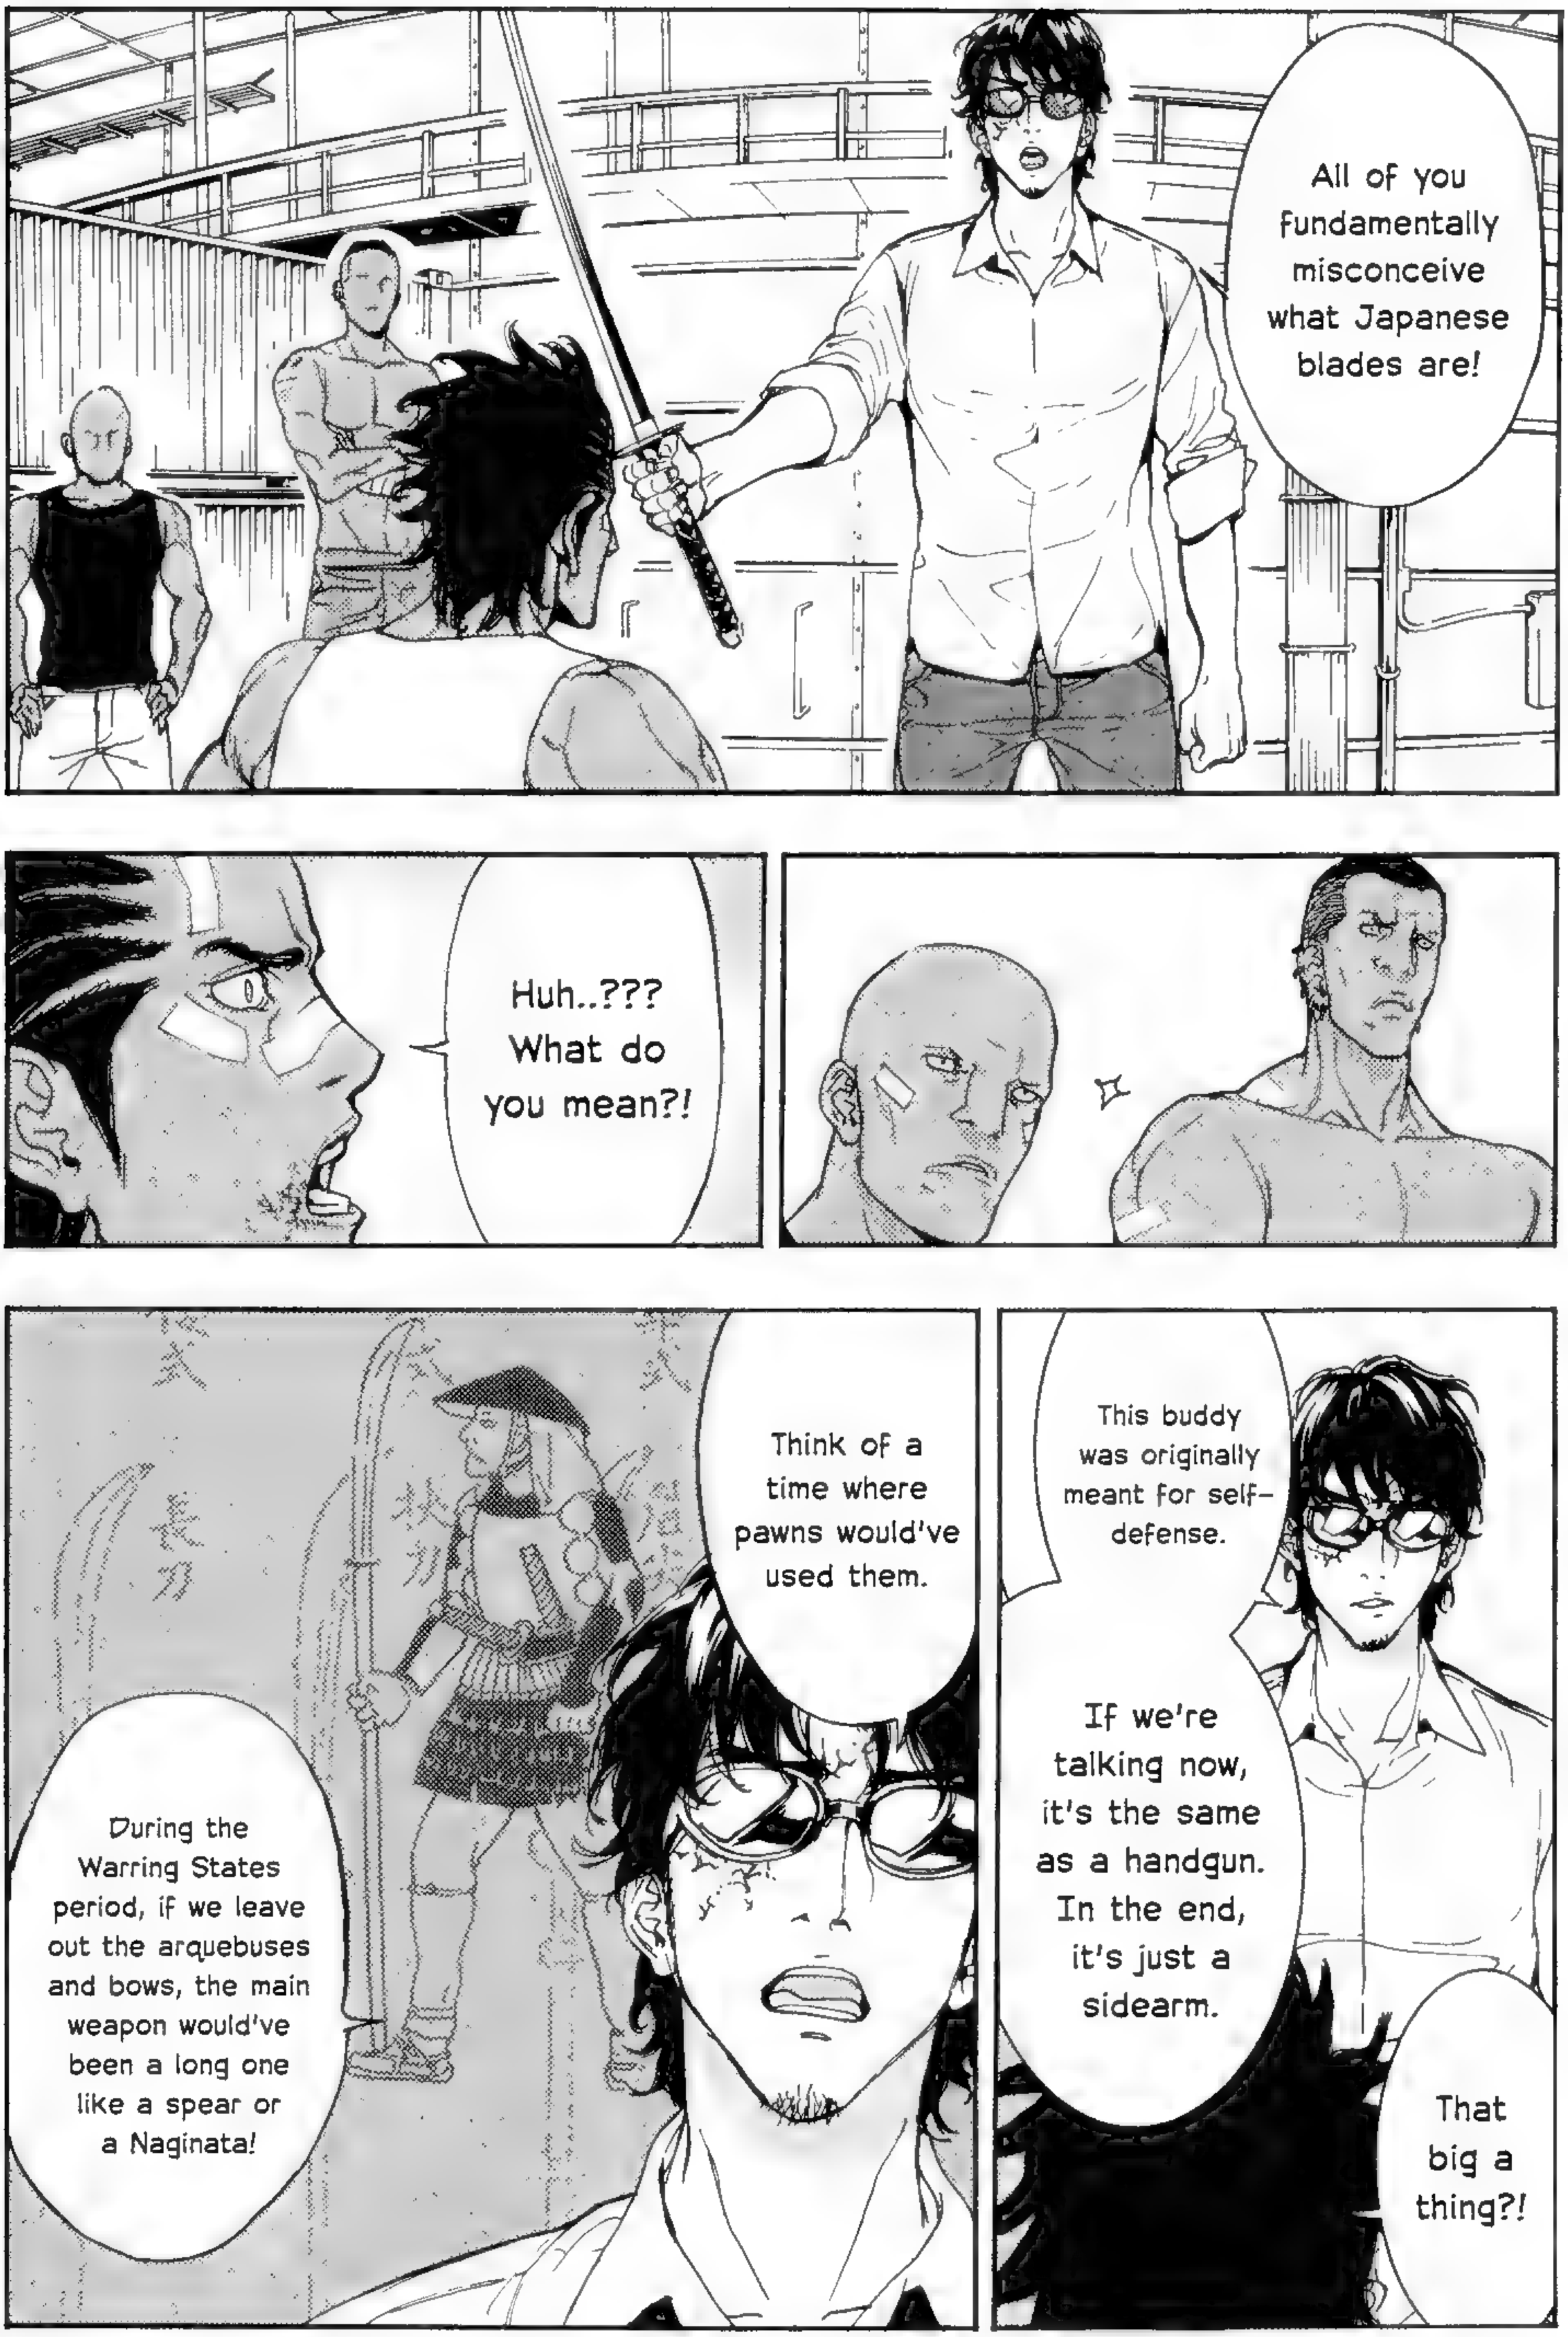
Practically speaking, a human's reflexes are inferior to those of most animals and insects.
However, according to a certain legend, Miyamoto Musashi once caught a fly mid-flight with his chopsticks. Why do you think he was able to do such a thing?
Eh..?! ...That would be...
That's right. Because you think.
It's because, by observing the fly's speed and orbit, you can accurately predict where it will fly to based on your experience.
The very imagination of those who can surpass animals comes from making that possible.
You beat a lion to death, right?
That time, it was likely because you went beyond the lion's reaction speed. There's no reason for you to be unable to do it.

Well then, let's begin.
Whaaat. They look like they're having fun, hmm...
One way or another, doesn't it seem like they'll be able to get along with one another?
He's a sly fox, you know. That oldie.
That's because it's also to strengthen their combat ability.
Hm?!

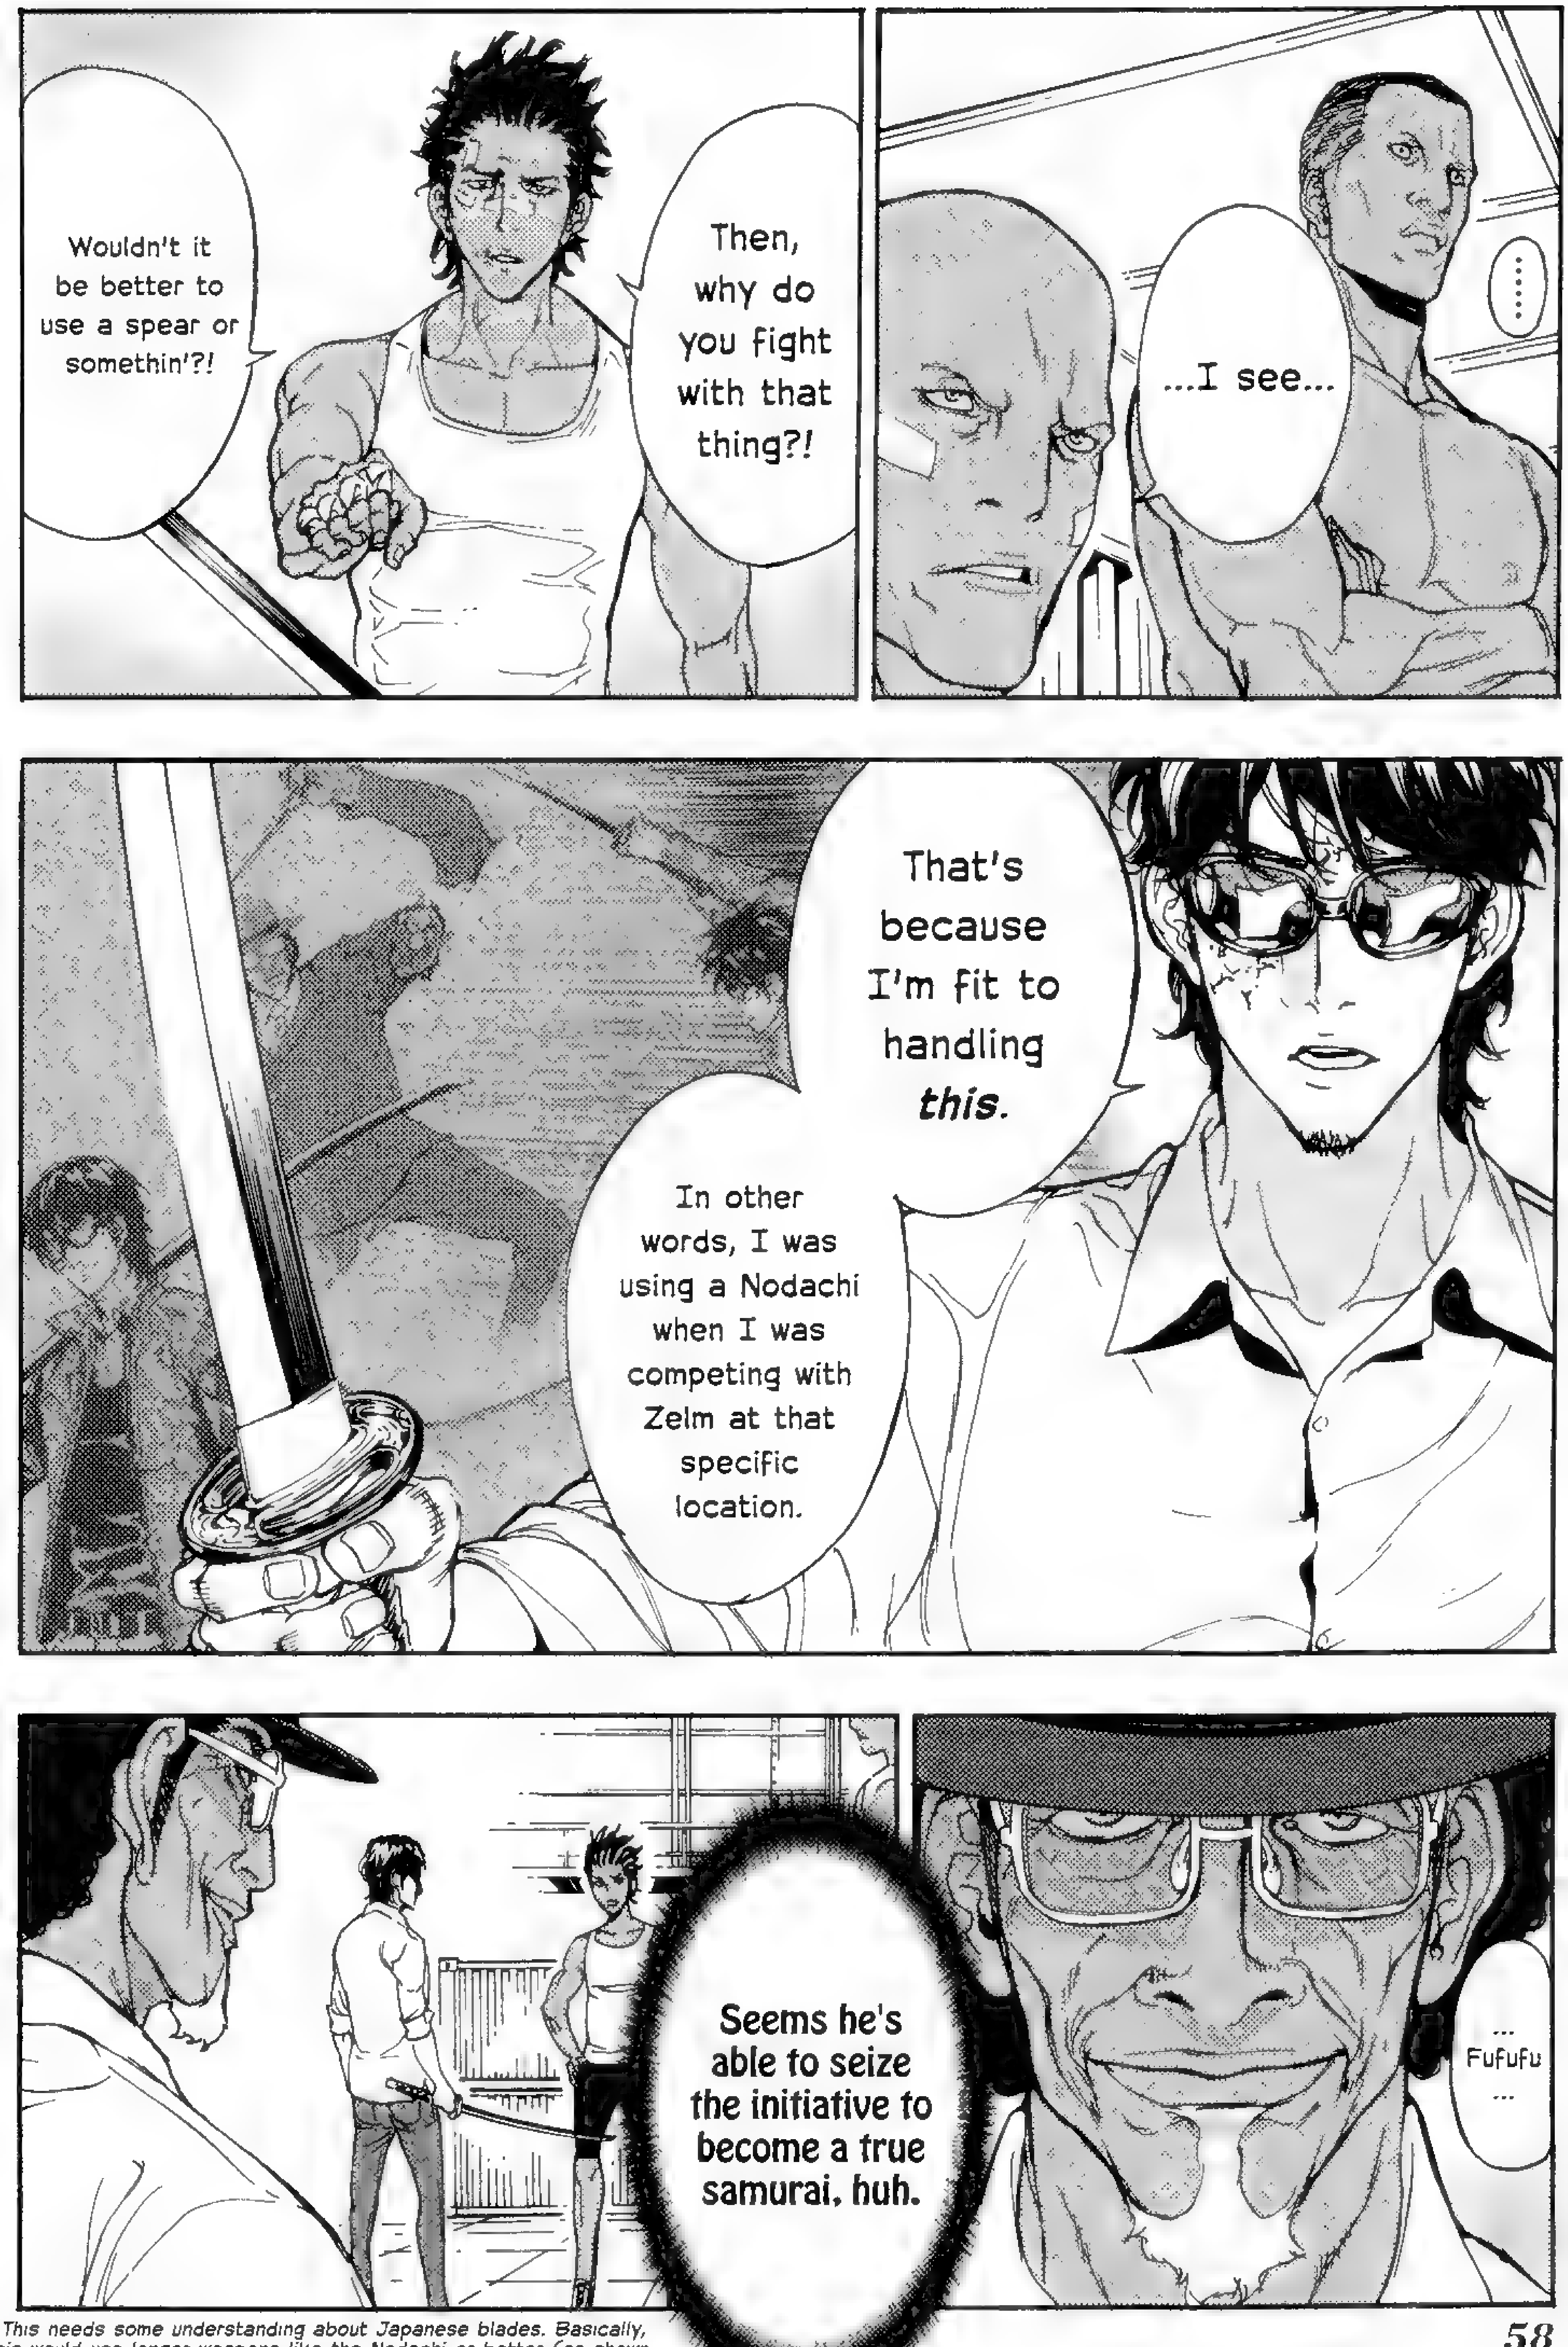
Mmm...
I suspect Hijikata Mamoru is tagging along, knowing that as well.
If their skills could be improved, executing operations would become easier.
*That* is Zelm's training, which he had considered up to that point.
However, in terms of those observing,
And, it's suitable, as he may unexpectedly be taught something.
Well, ain't no business with a sniper like me, anyway.
That is, you two may be forced to participate as well.
he too is doing it, though.



...You can't handle him either.
Once this operation finishes, I won't know when he might become my enemy.
I won't be at a loss if I examined his skills for later.
ズシャアア
SHIT..!!
ゴッ
Why can't I get through?!

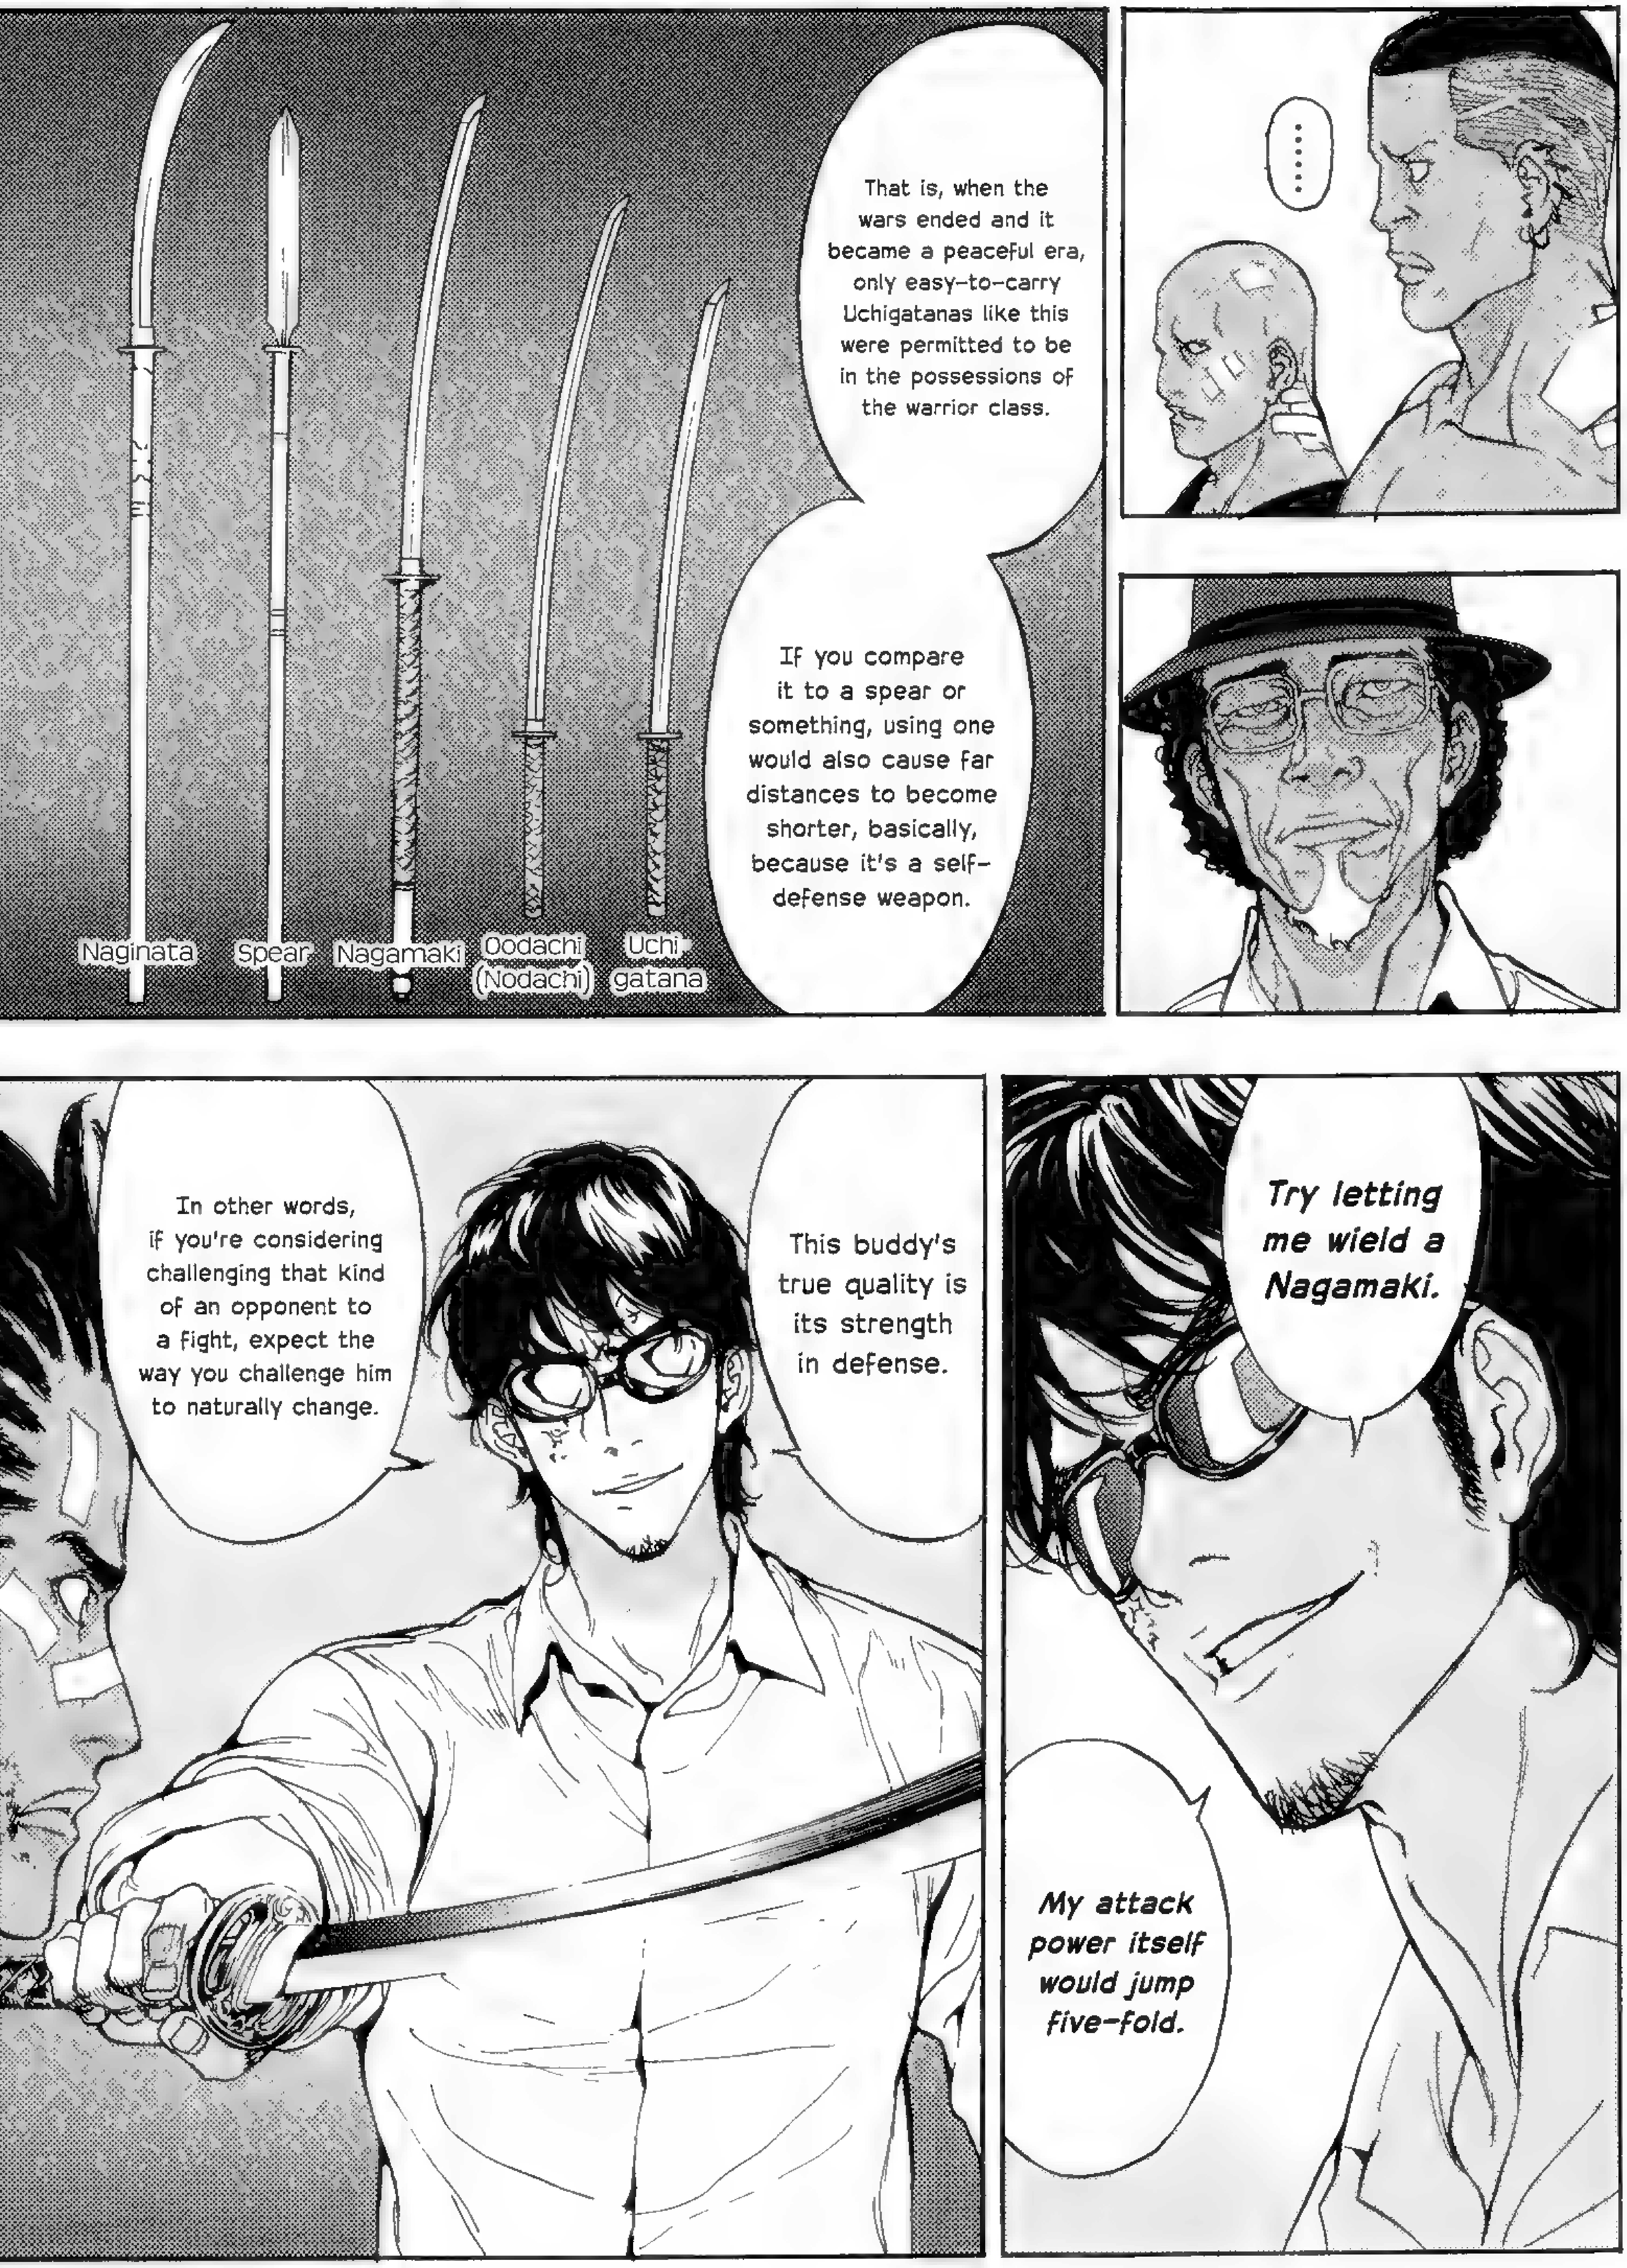


All of you fundamentally misconceive what Japanese blades are!
Huh..??? What do you mean?!
This buddy was originally meant for self-defense.
If we're talking now, it's the same as a handgun. In the end, it's just a sidearm.
That big a thing?!
Think of a time where pawns would've used them.
During the Warring States period, if we leave out the arquebuses and bows, the main weapon would've been a long one like a spear or a Naginata!

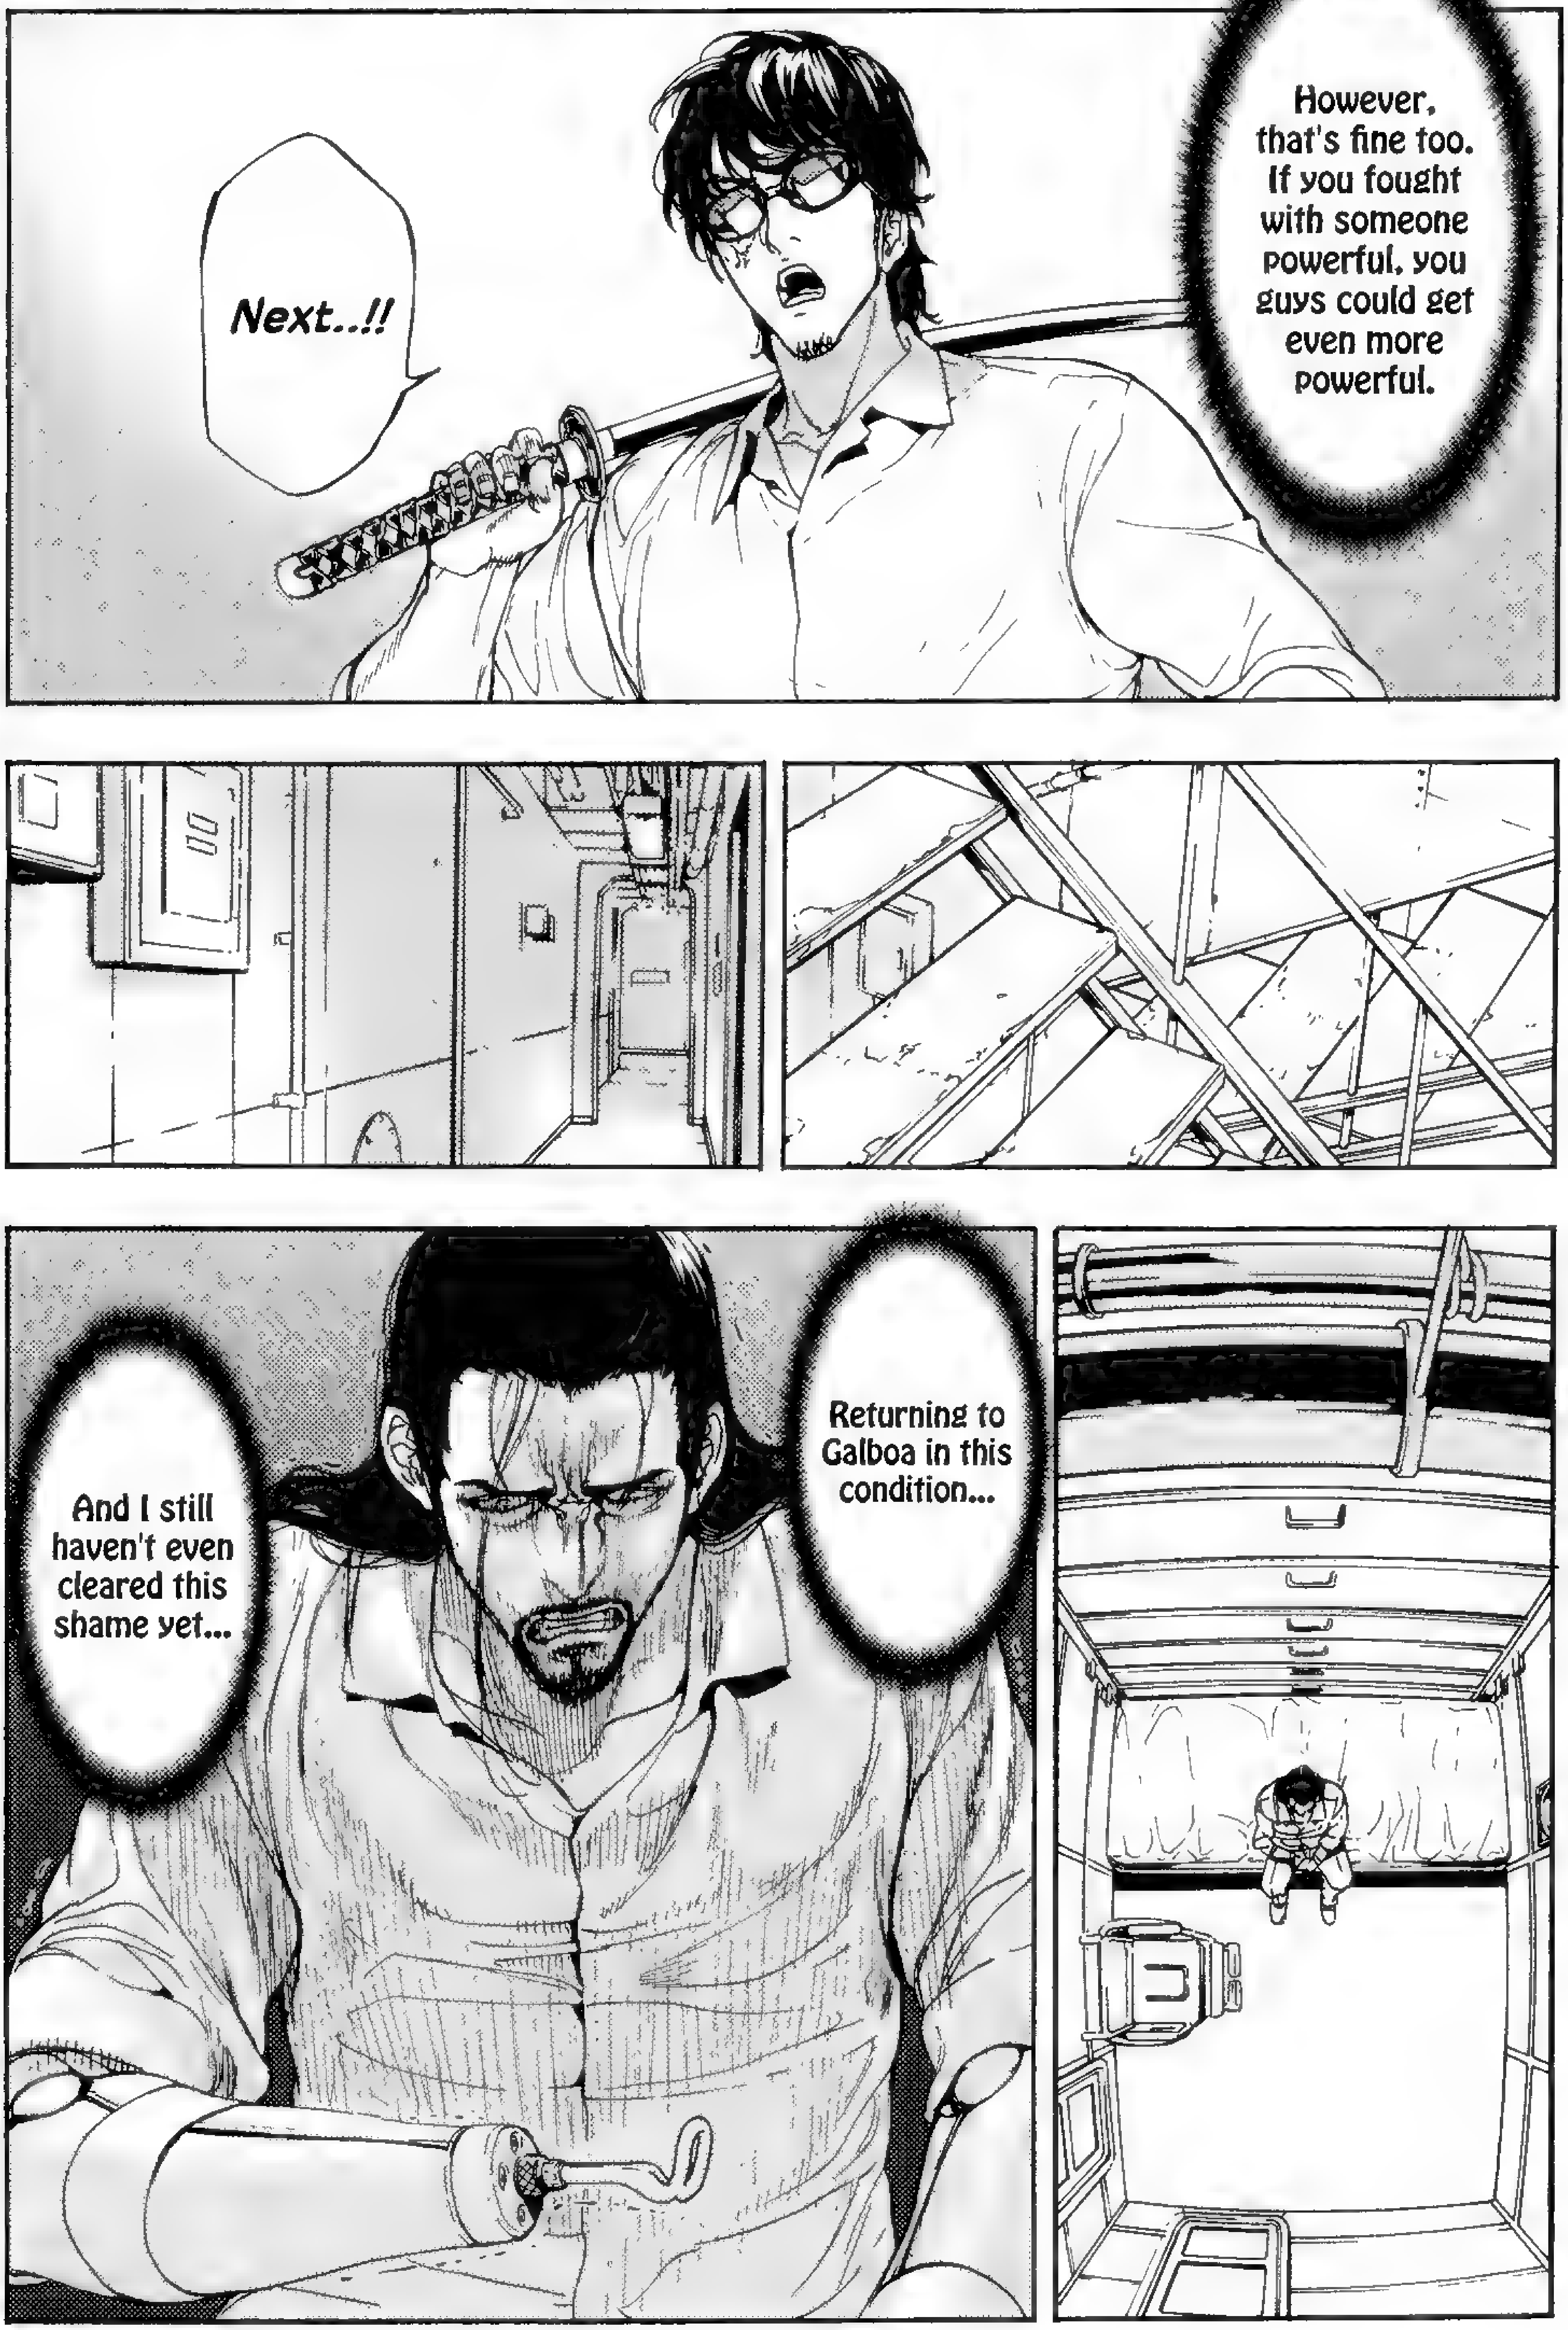


......
...I see...
Then, why do you fight with that thing?!
Wouldn't it be better to use a spear or somethin'?!
That's because I'm fit to handling *this*.
In other words, I was using a Nodachi when I was competing with Zelm at that specific location.
... Fufufu ...
Seems he's able to seize the initiative to become a true samurai, huh.

*Note: This needs some understanding about Japanese blades. Basically, samurais would use longer weapons like the Nodachi or better (as shown on the next page) for more power. Mamoru told Zelm that Musashi only fought battles he could win, so, in this case, Mamoru deliberately chose a longer blade (the Nodachi) in order to defeat Zelm easier (instead of the usual Uchigatana he uses), making him resemble Musashi, a samurai.*



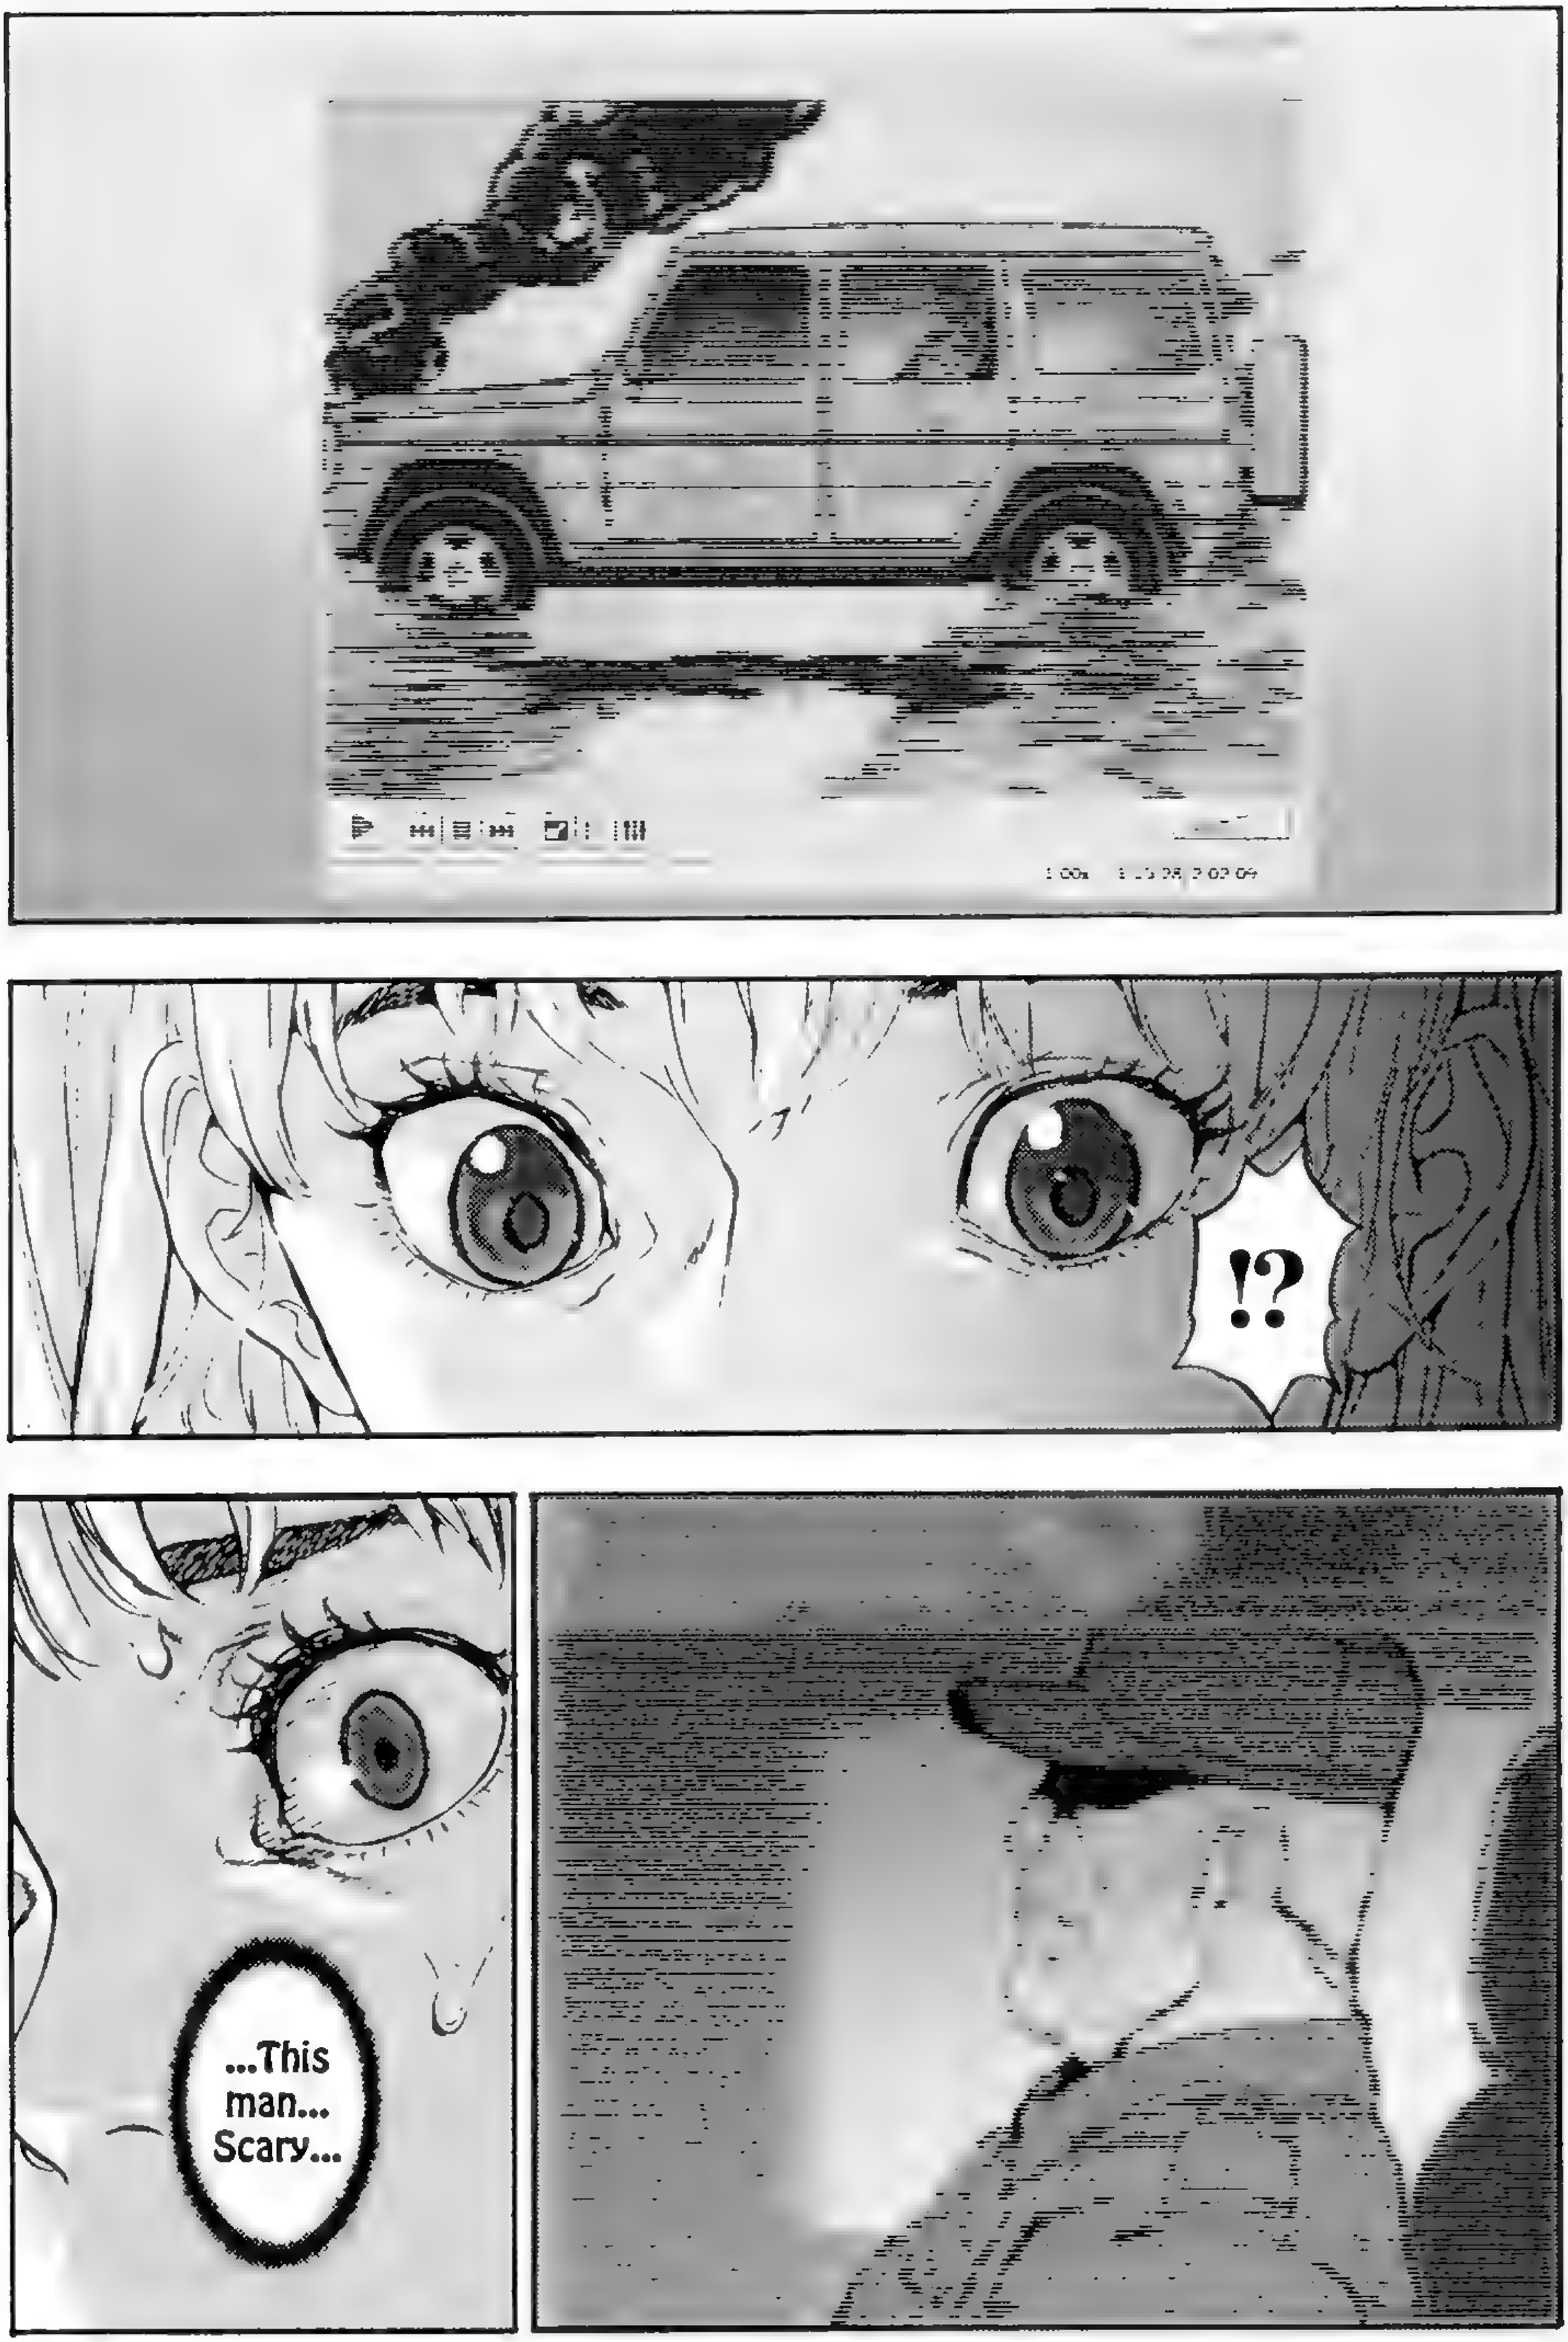
……
That is, when the wars ended and it became a peaceful era, only easy-to-carry Uchigatanas like this were permitted to be in the possessions of the warrior class.
If you compare it to a spear or something, using one would also cause far distances to become shorter, basically, because it's a self-defense weapon.
Naginata
Spear
Nagamaki
Oodachi (Nodachi)
Uchi gatana
Try letting me wield a Nagamaki.
My attack power itself would jump five-fold.
This buddy's true quality is its strength in defense.
In other words, if you're considering challenging that kind of an opponent to a fight, expect the way you challenge him to naturally change.



However, that's fine too. If you fought with someone powerful, you guys could get even more powerful.
Next..!!
Returning to Galboa in this condition...
And I still haven't even cleared this shame yet...

My old man will kill me..!

THIS TIME IS INFILTRATION. THE RULER OF THE DISPUTED COUNTRY OF DUHANA IS *COLONEL ZASHID TURUS.*
SPARC speaking
HIS EXACT AGE IS UNKNOWN. HOWEVER, BY MY CONJECTURE, HE SHOULD BE 35 TO 50 YEARS OLD.
HE'S SOMEONE WHOSE ALIAS IS CALLED *"MR. DARK SIDE"* IN AFRICA.
SPARC speaking
HE IS BORN FROM ONE OF THE TRIBES IN THAT REGION. HOWEVER, AS HIS ANCESTORS ARE CROSSBREEDS OF CROSSBREEDS,
IT IS NOT POSSIBLE TO ACCURATELY CLASSIFY HIS RACE.
AS HE HIMSELF SEEMS AWARE OF THAT, HE HAS A UNIQUE TATTOO TO DISTINGUISH HIMSELF ON THE OUTSIDE.
AT THE MOMENT, THE ONLY SHOT WE COULD CAPTURE WAS THIS:



!?
...This man... Scary...

...No! Nobody is a match for this man... Not even Mamoru-san...
The two of them meeting... It must not happen!!

UNTIL DEATH DO US PART.

Is that all right, Colonel?
10% of the enormous wealth we produce from our factory goes straight to your pocket!
That amount, for the Transplant Connection, is an impossible exchange!
Normally, even 3% is already a lot!
Silence.
It's already more than enough wealth a ruler of a rural area could ever wish for.
If you were truly thankful to us for that, you would not have refused me at the door–
*Silence.*

You've got massive balls to be giving me opinions...
For the likes of you.

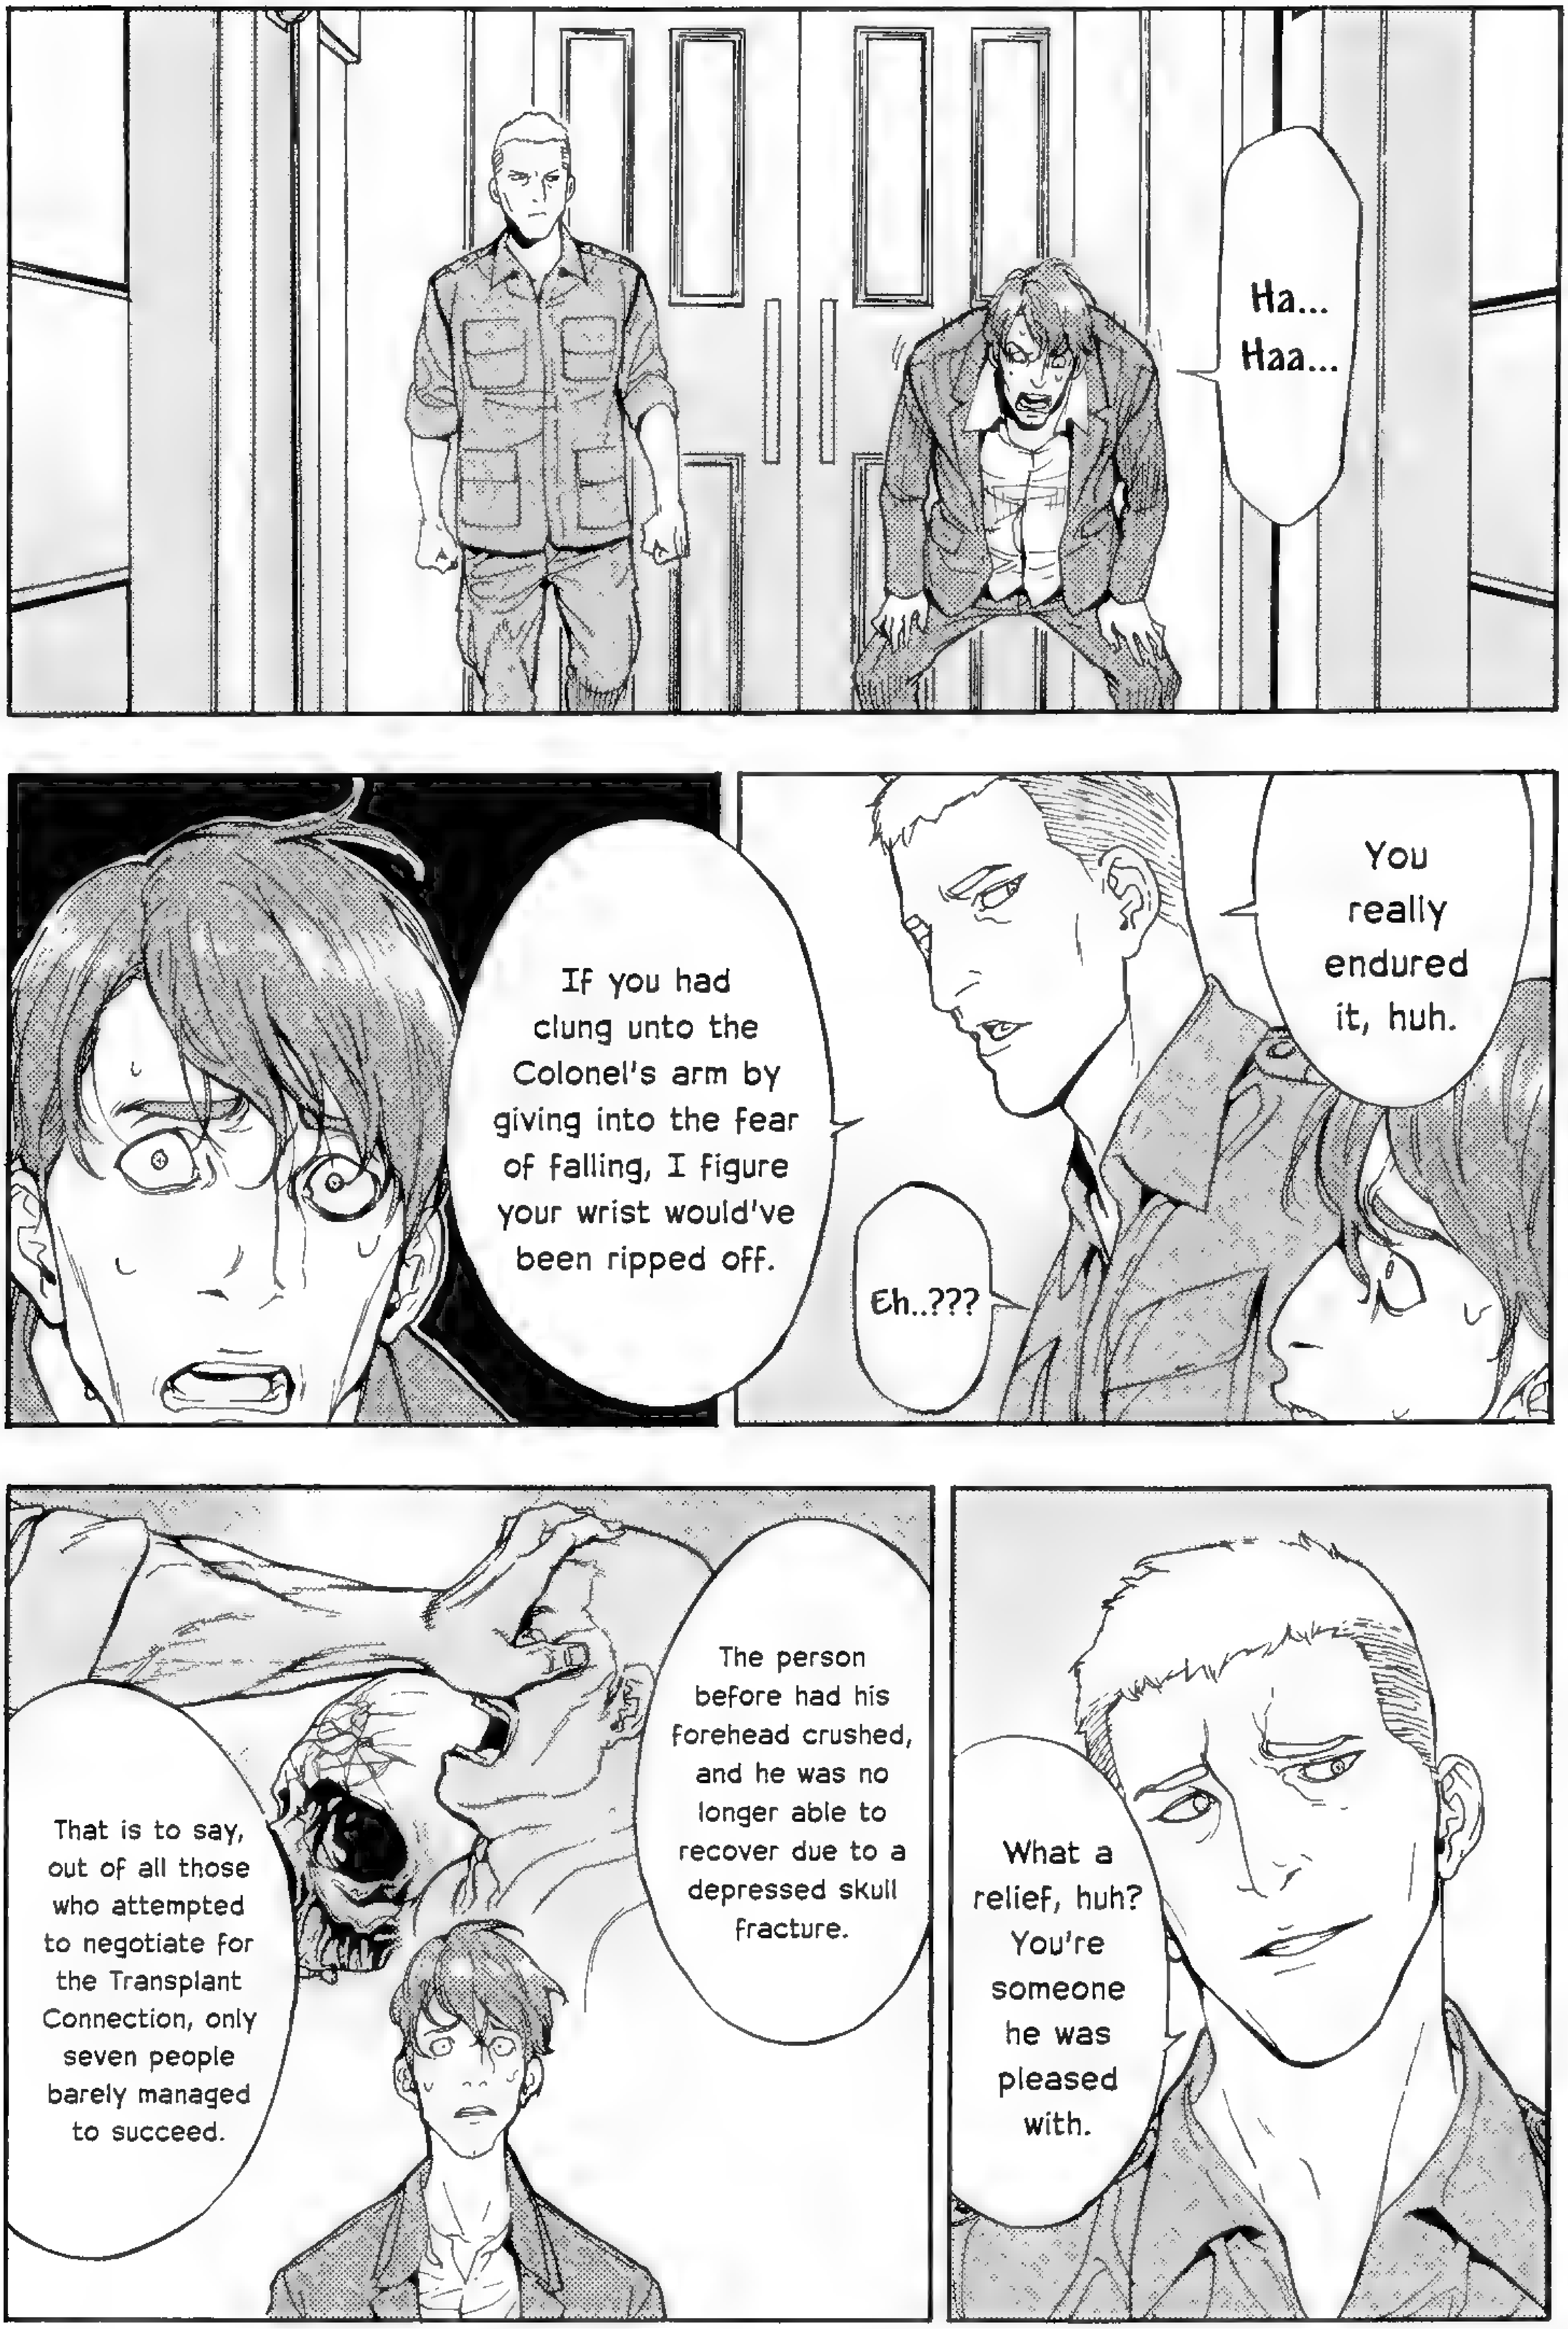
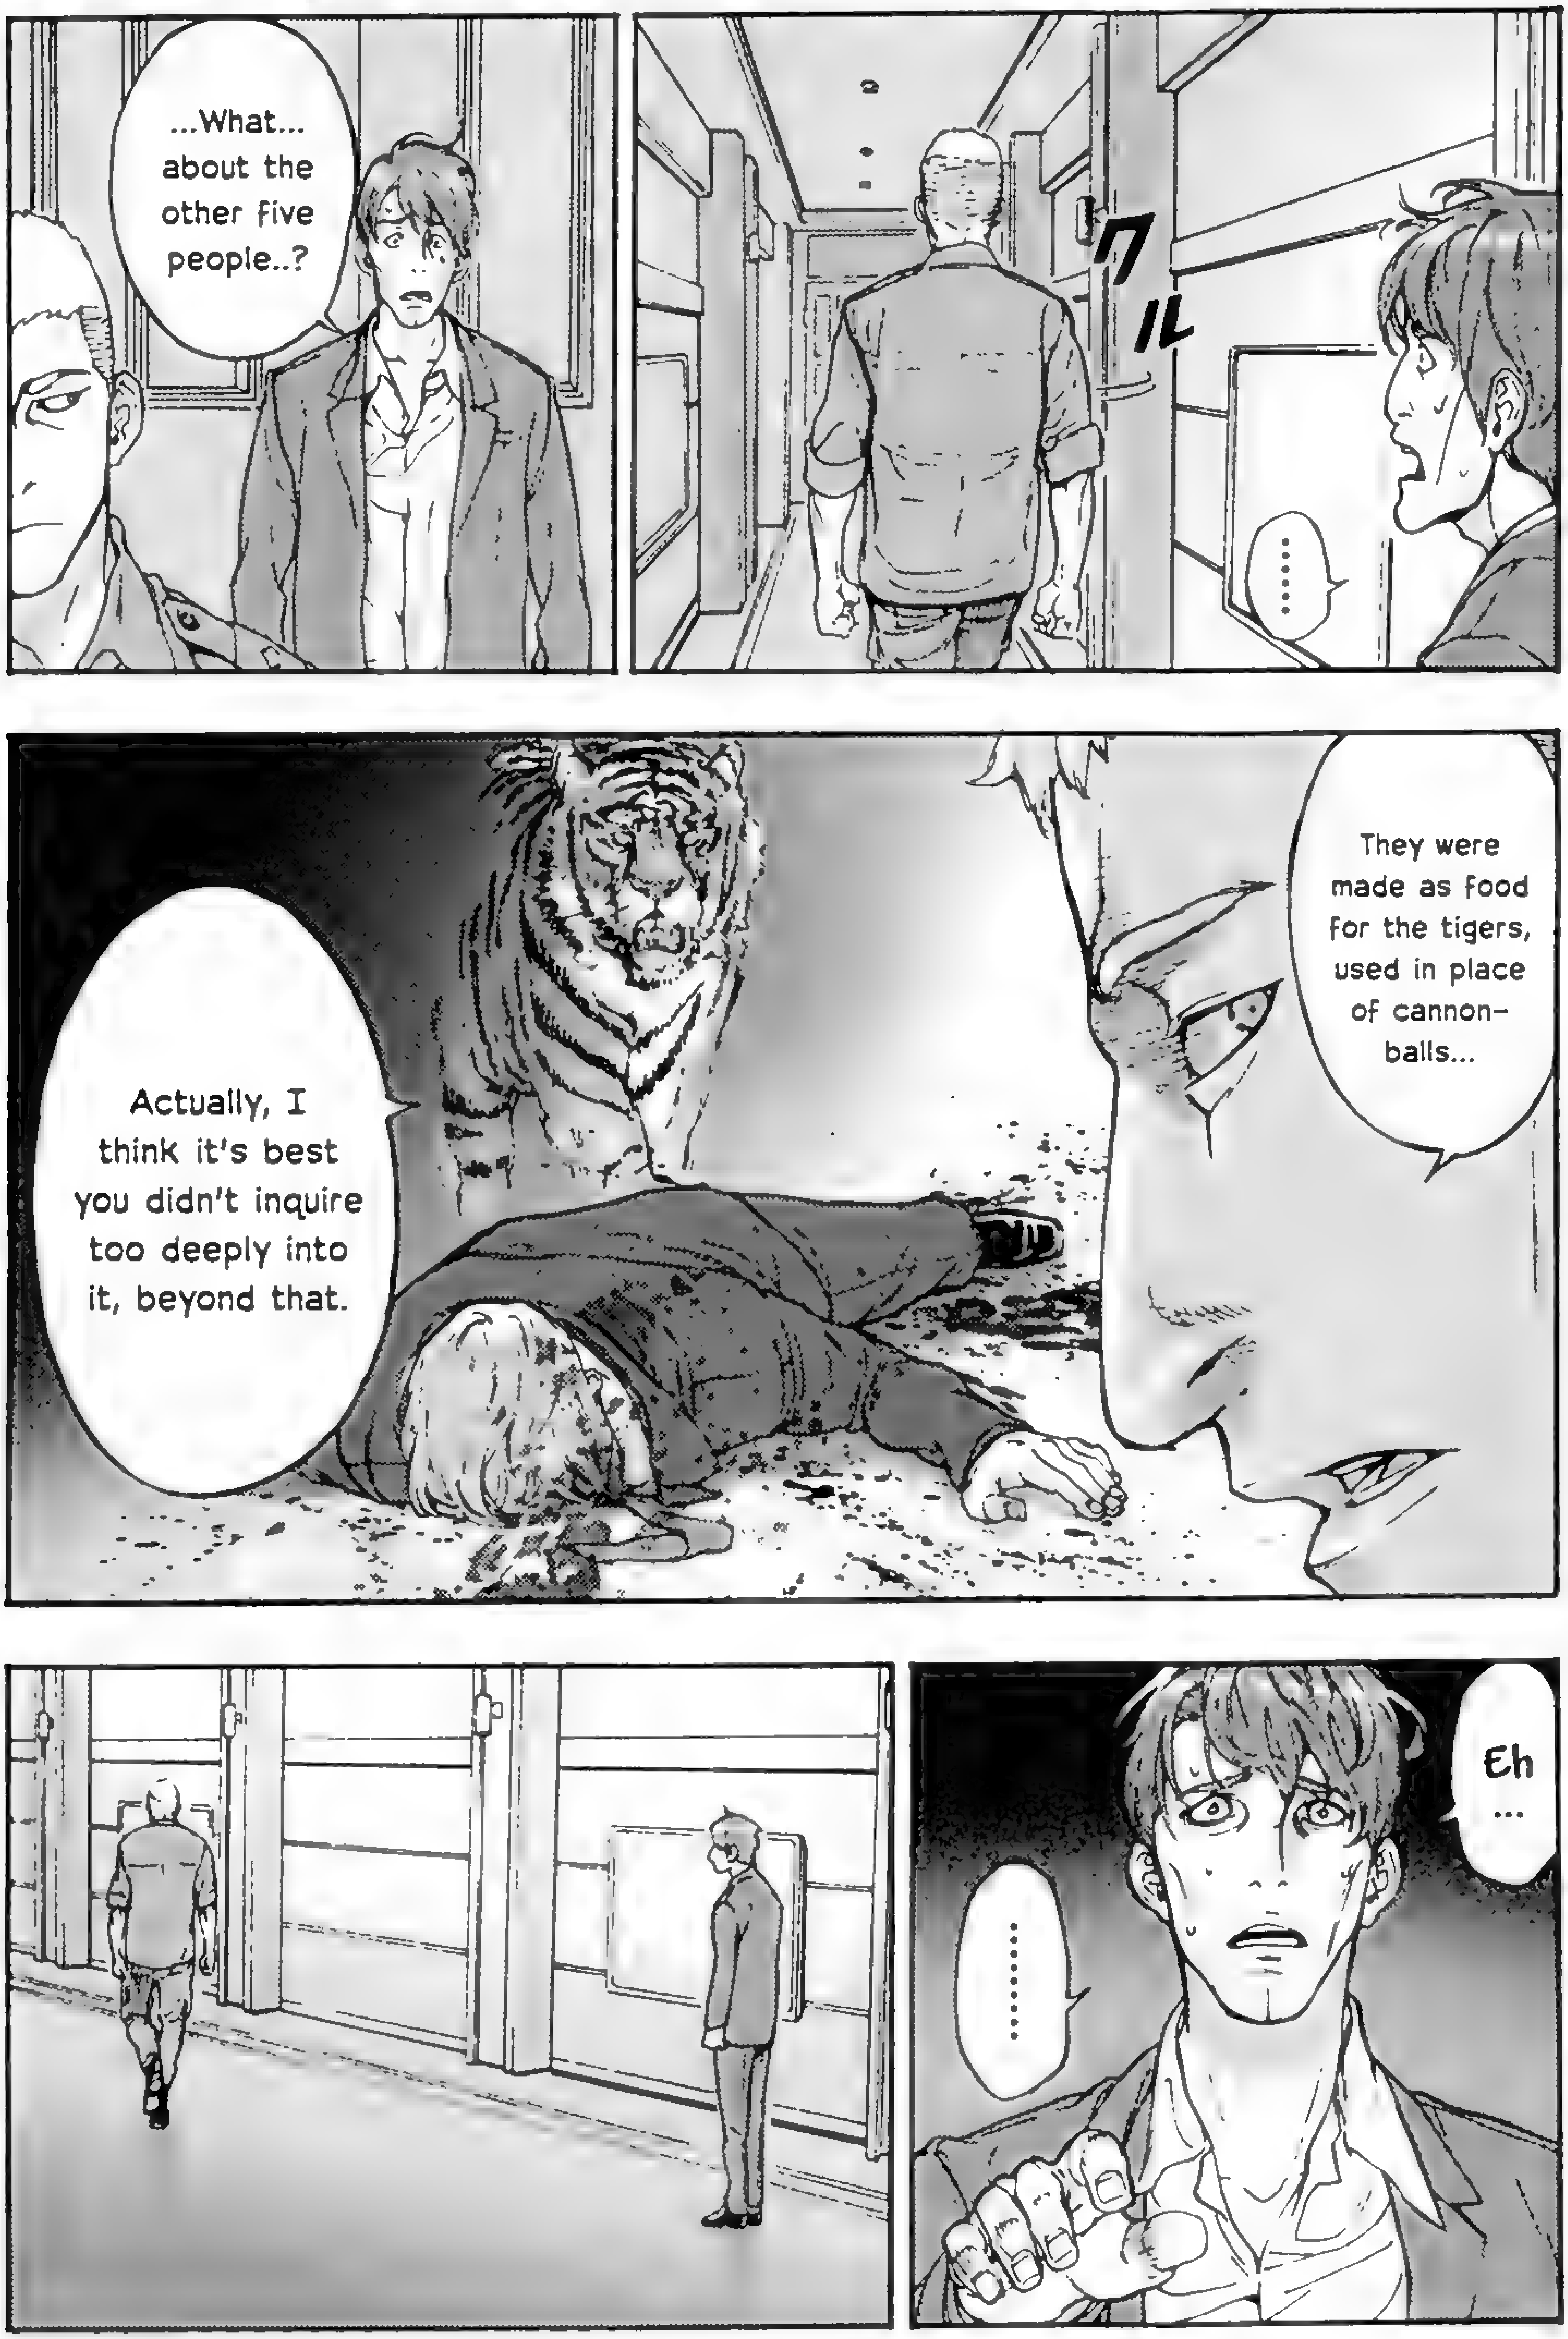
Sir!
Send Guido's troop to the factory. Appoint him as the one in charge of its defense.
Shoot down anyone who attempts to approach the factory without permission.
Roger!

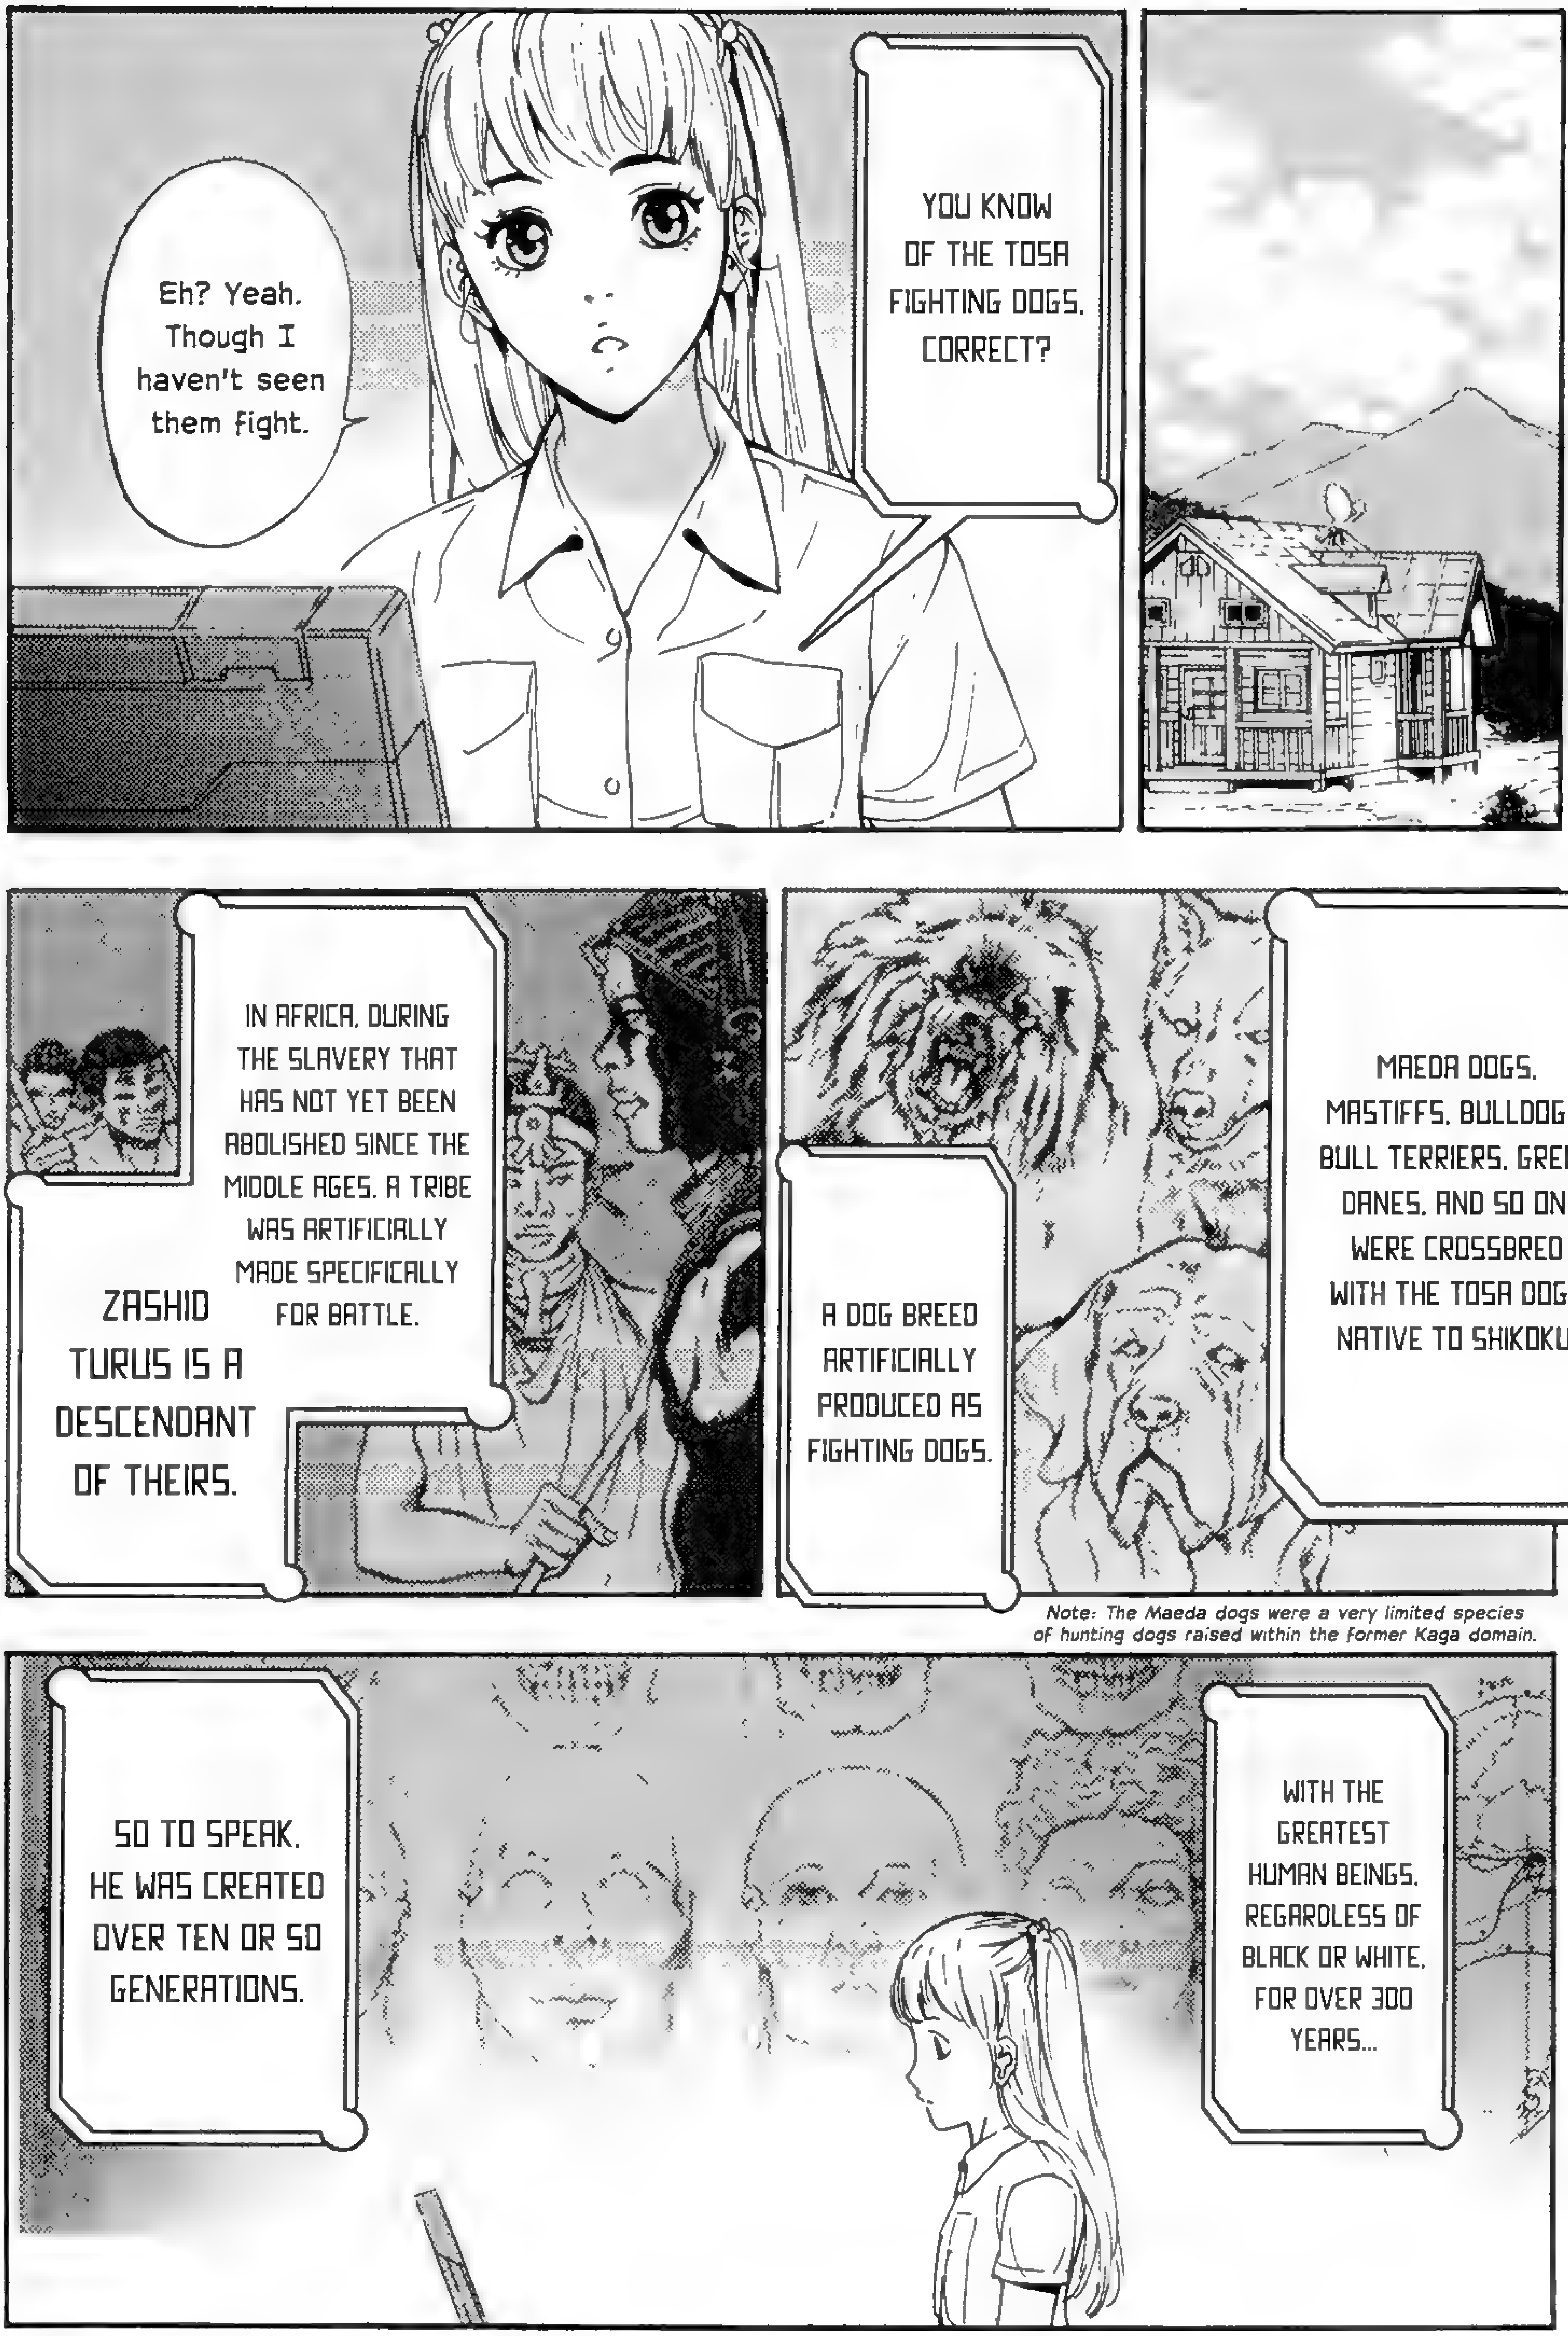
I will deploy my son on his own. I assume you have no complaints?!
O-Of course!
If it's Colonel's son, since he's the fighter who's daring and resolute, and is known by everyone in the nearby countries!
...Hmph... Each and every one of them are just stupid kids.
Eh..?!
It's fine. Withdraw.
Yes..!
ギィ…



Ha... Haa...
You really endured it, huh.
Eh..???
If you had clung unto the Colonel's arm by giving into the fear of falling, I figure your wrist would've been ripped off.
What a relief, huh? You're someone he was pleased with.
The person before had his forehead crushed, and he was no longer able to recover due to a depressed skull fracture.
That is to say, out of all those who attempted to negotiate for the Transplant Connection, only seven people barely managed to succeed.



クル
......
...What... about the other five people..?
They were made as food for the tigers, used in place of cannon-balls...
Actually, I think it's best you didn't inquire too deeply into it, beyond that.
Eh ...
......



YOU KNOW OF THE TOSA FIGHTING DOGS, CORRECT?
Eh? Yeah. Though I haven't seen them fight.
MAEDA DOGS, MASTIFFS, BULLDOGS, BULL TERRIERS, GREAT DANES, AND SO ON, WERE CROSSBRED WITH THE TOSA DOGS NATIVE TO SHIKOKU.
A DOG BREED ARTIFICIALLY PRODUCED AS FIGHTING DOGS.
IN AFRICA, DURING THE SLAVERY THAT HAS NOT YET BEEN ABOLISHED SINCE THE MIDDLE AGES, A TRIBE WAS ARTIFICIALLY MADE SPECIFICALLY FOR BATTLE.
ZASHID TURUS IS A DESCENDANT OF THEIRS.
WITH THE GREATEST HUMAN BEINGS, REGARDLESS OF BLACK OR WHITE, FOR OVER 300 YEARS...
SO TO SPEAK, HE WAS CREATED OVER TEN OR SO GENERATIONS.

*Note: The Maeda dogs were a very limited species of hunting dogs raised within the former Kaga domain.*

HEIGHT: 190 CM WEIGHT: 107 KG AT A GLANCE, HE APPEARS TO LOOK FAT. HOWEVER, I ESTIMATE HIS BODY FAT TO BE UNDER 5%.
IT'S BEST TO SAY THAT HIS ENTIRE BODY IS PRACTICALLY A MASS OF MUSCLE.
WHAT'S SURPRISING IS, HE ALTERED THE TWO SIDES OF HIS BODY WITH A TATTOO, DISCERNING HIM AS BEING BOTH A WHITE AND A BLACK MAN, AND MAKING PEOPLE KNOW OF HIS PECULIAR ORIGINS.
THERE ARE VARIOUS CRITICISMS. HOWEVER, PUTTING THEM TOGETHER...
"POSSESSING SUPERHUMAN STRENGTH AND THE WICKEDNESS OF A DEMON, AND, HIM BEING A SUPERIOR DICTATOR THAT'S COLD-BLOODED..."
SPARC speaking
......
SIMPLY PUT, FOR A NORMAL HUMAN BEING, HE WOULD BE MAKING AN UNBELIEVABLE COMMITMENT.

SO TO SPEAK, WHAT MAKES THIS MAN TERRIFYING IS, ASIDE FROM THAT, HE IS THE HERO OF BOTH GALBOA AND DUHANA.
A SPLIT FAVOURITE WITH THE POLITICAL FIGUREHEAD OF GALBOA, *PRESIDENT RICARDO HEITZMANN.*
THEY, UNDER THE IDEOLOGY OF *"MIGHT MAKES RIGHT"*, PUSHED THE COMMONWEALTH OF GALBOA, WHICH WAS A MINOR POWER, INTO BECOMING A UN MEMBER STATE AS A MILITARY DICTATORSHIP.
EVEN THOUGH THEY ARE HATED BY DEVELOPED COUNTRIES LIKE A SNAKE AND SCORPION, AS FAR AS THEIR CITIZENS ARE CONCERNED, THEY ARE CONSIDERED THE HEROES WHO PROTECTED THE MOTHERLAND FROM THE MAJOR POWERS' CONTROL.
THEY ARE SUPERIOR COMMANDERS.

OF THE CITIZENS WHO ARE *ELIGIBLE VOTERS*, OVER 80% SUPPORT THE GOVERNMENT.
YOU CAN SAY THAT IT'S LARGELY BECAUSE OF HIM.
...My duty is... to apprehend Mamoru-san and bring him back to Japan safely!
I cannot allow Colonel Zashid Turus and Mamoru-san to make contact!!
To do that, if I don't borrow everyone's abilities...

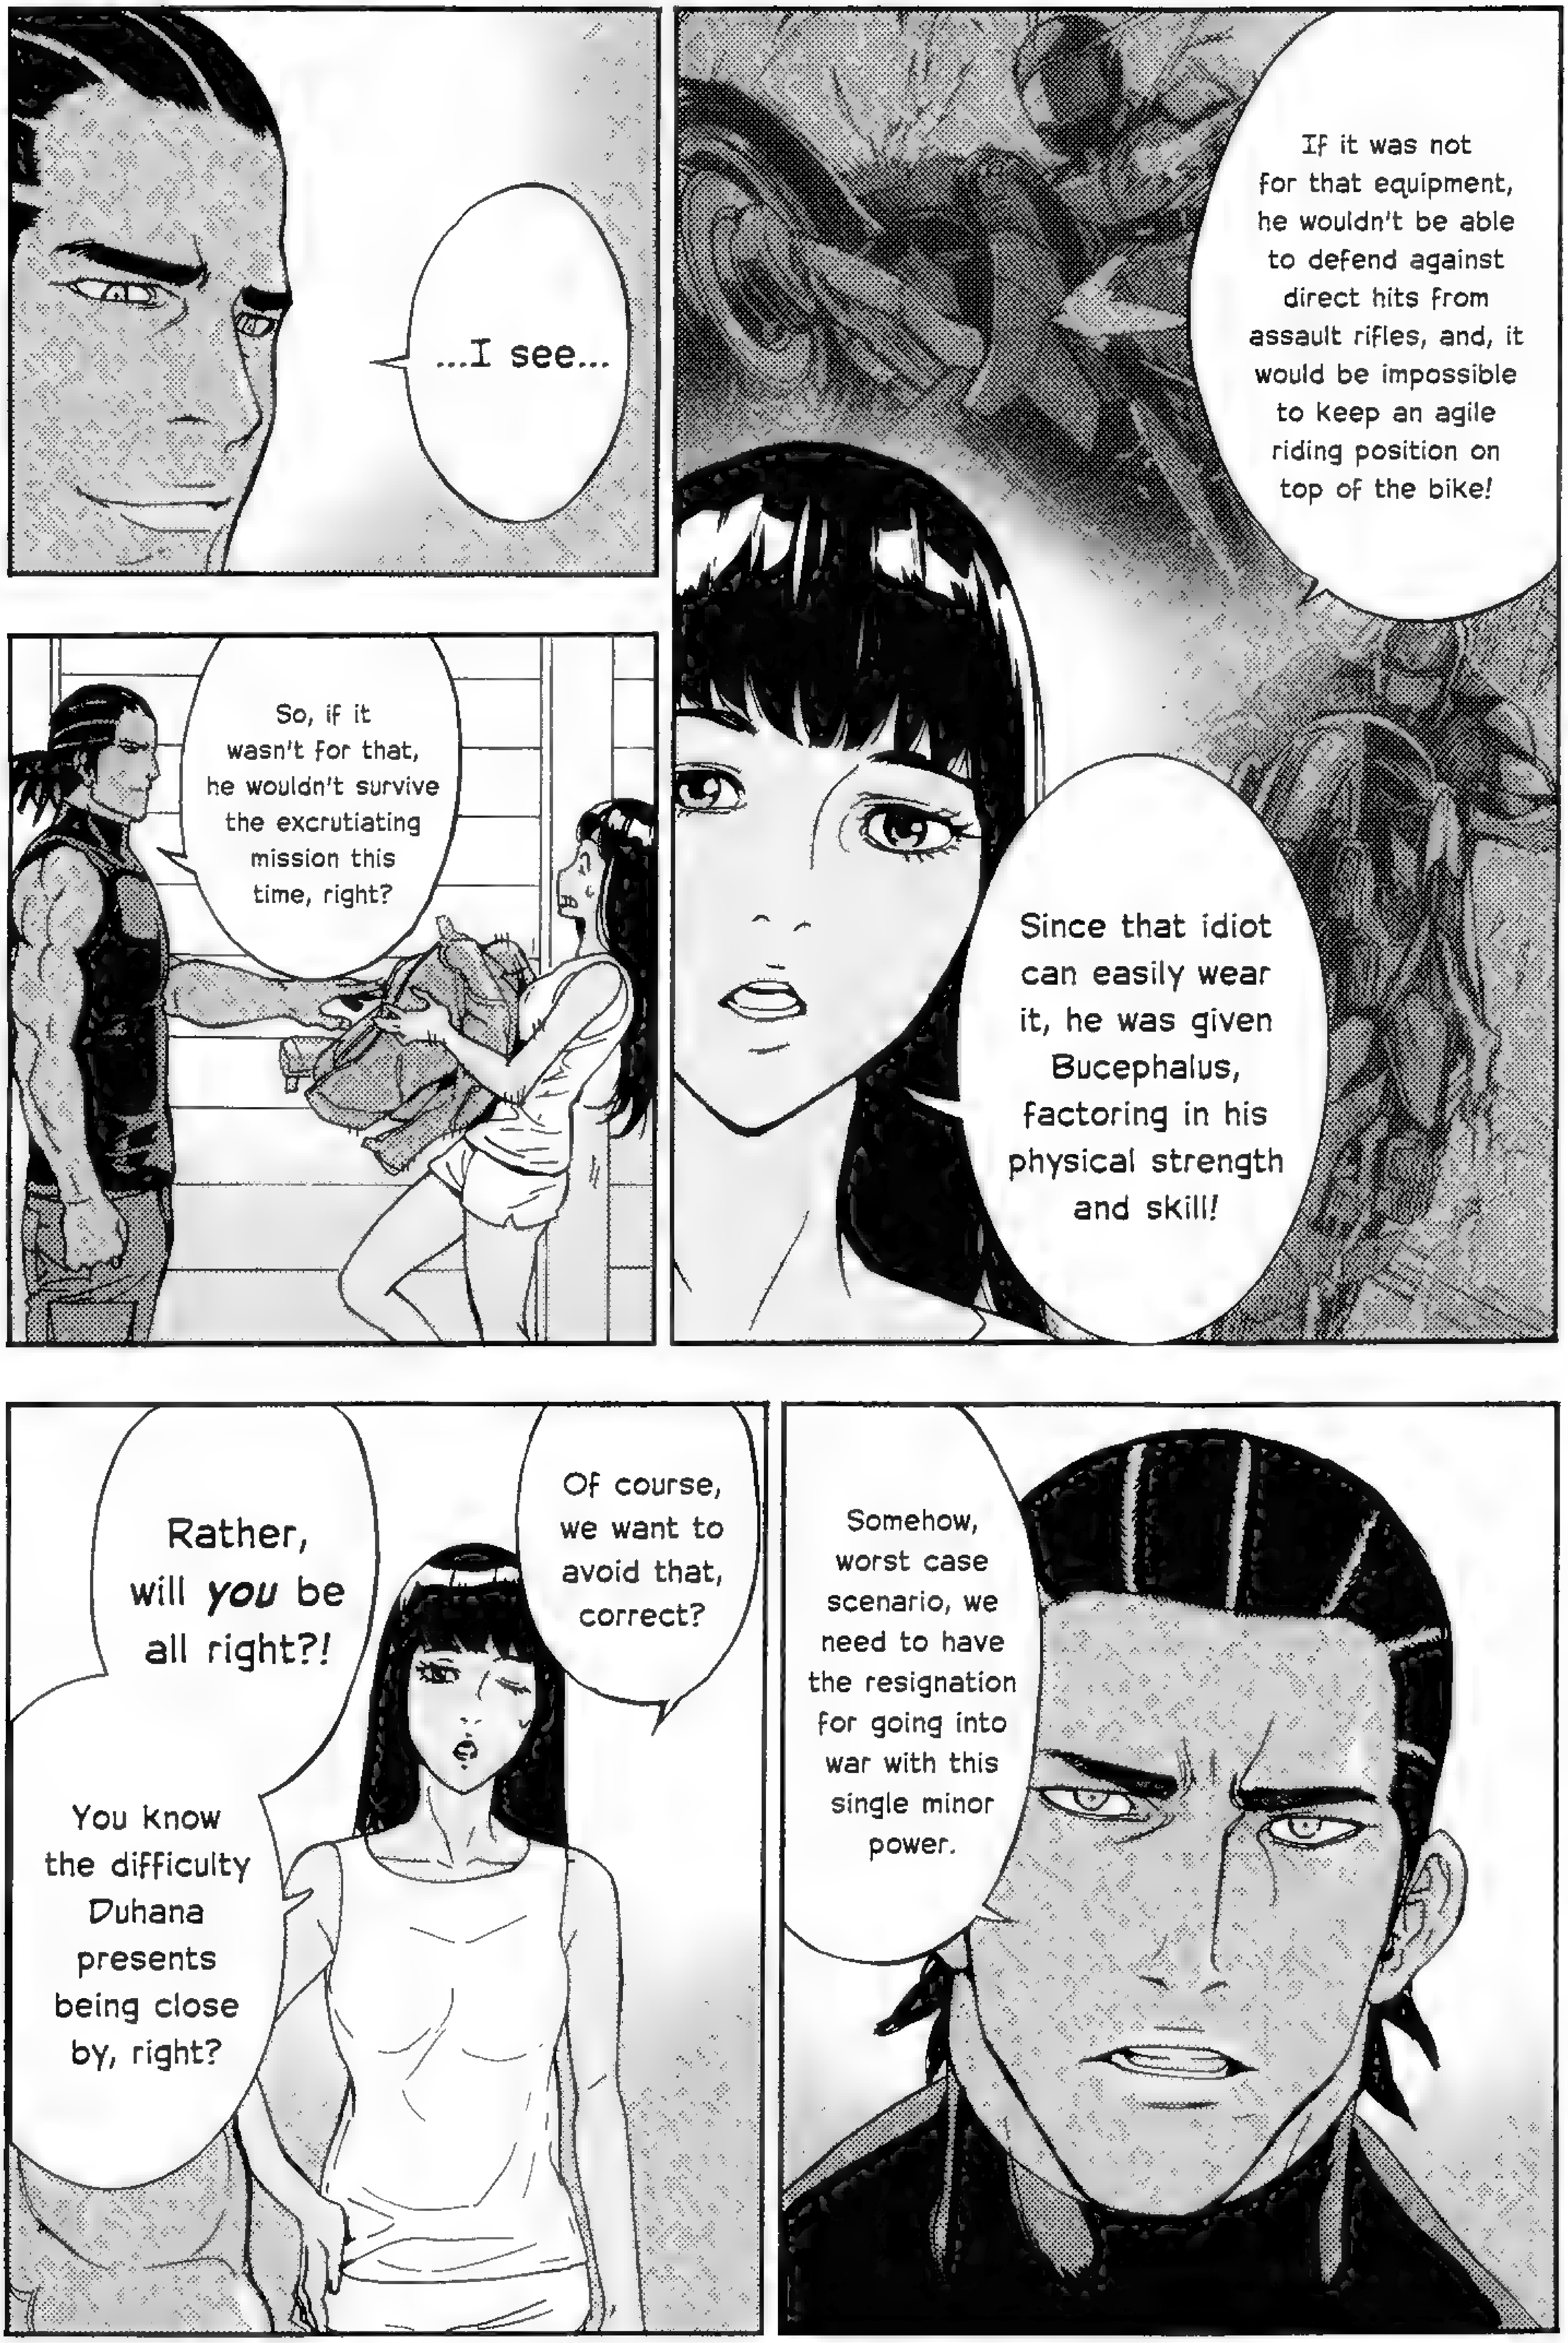
For the average person, they clearly wouldn't be able to move!



If it was not for that equipment, he wouldn't be able to defend against direct hits from assault rifles, and, it would be impossible to keep an agile riding position on top of the bike!
...I see...
So, if it wasn't for that, he wouldn't survive the excrutiating mission this time, right?
Since that idiot can easily wear it, he was given Bucephalus, factoring in his physical strength and skill!
Somehow, worst case scenario, we need to have the resignation for going into war with this single minor power.
Of course, we want to avoid that, correct?
Rather, will *you* be all right?!
You know the difficulty Duhana presents being close by, right?

I was originally part of the Black Unit, you know.
Eh..?!
I'll tell you though, since I don't have a need to hide it. I sought asylum when I was thrown into the confusion of Duhana's separation.
The reason I was chosen this time was partially from that, too.
Trustworthy words.
Well... You have your own circumstances, don't 'cha...

WE HAVEN'T BEEN ABLE TO READ THROUGH MAMORU-SAN'S... NO, WISEMAN'S DEVISED PLAN. AND, MY FORESIGHT IS BEING FUZZY AS WELL.

LIKELY, IT WOULD SEEM THAT IT WAS HINDERED FROM THE EXISTENCE OF THOSE PARTICULAR PEOPLE, MAMORU-SAN'S ACCOMPLICES, WHO POSSESSED INVISIBLITY TECHNOLOGY.

Preparations are practically finished.
What's left is the commanding officers' order, as we can cross the border anytime.
Well then, please let me know of any points to be wary of.
Although Duhana lacks an inherent air force, we should avoid a daytime raid.
At the border, there are still some ground defense forces also on reserve.
This aircraft is the property of a smuggler who trades in Duhana.
The fuselage itself will probably not be suspicious, but our presence will.
I recommend departing during a time period where we cannot be seen from the ground.

Well then, let us set out in the middle of the night. I will leave it to you to decide the best time.

## Chapter 176

You understand we've set up camp close to the national border on the inland-side, right?
DUHANA
The border patrol, public order, and control of the numerous neighbourhoods of these wetlands...
...are managed by Taos of the Turus family, our immediate enemy.
......
Furthermore, the ruined plateau closer to the mountainside near the capital city is Guido's,
the seaward side near the capital is Edge's, and the distant coastlands are Mistletoe's.
These four people are the principal men closest to becoming Zashid's next successor.

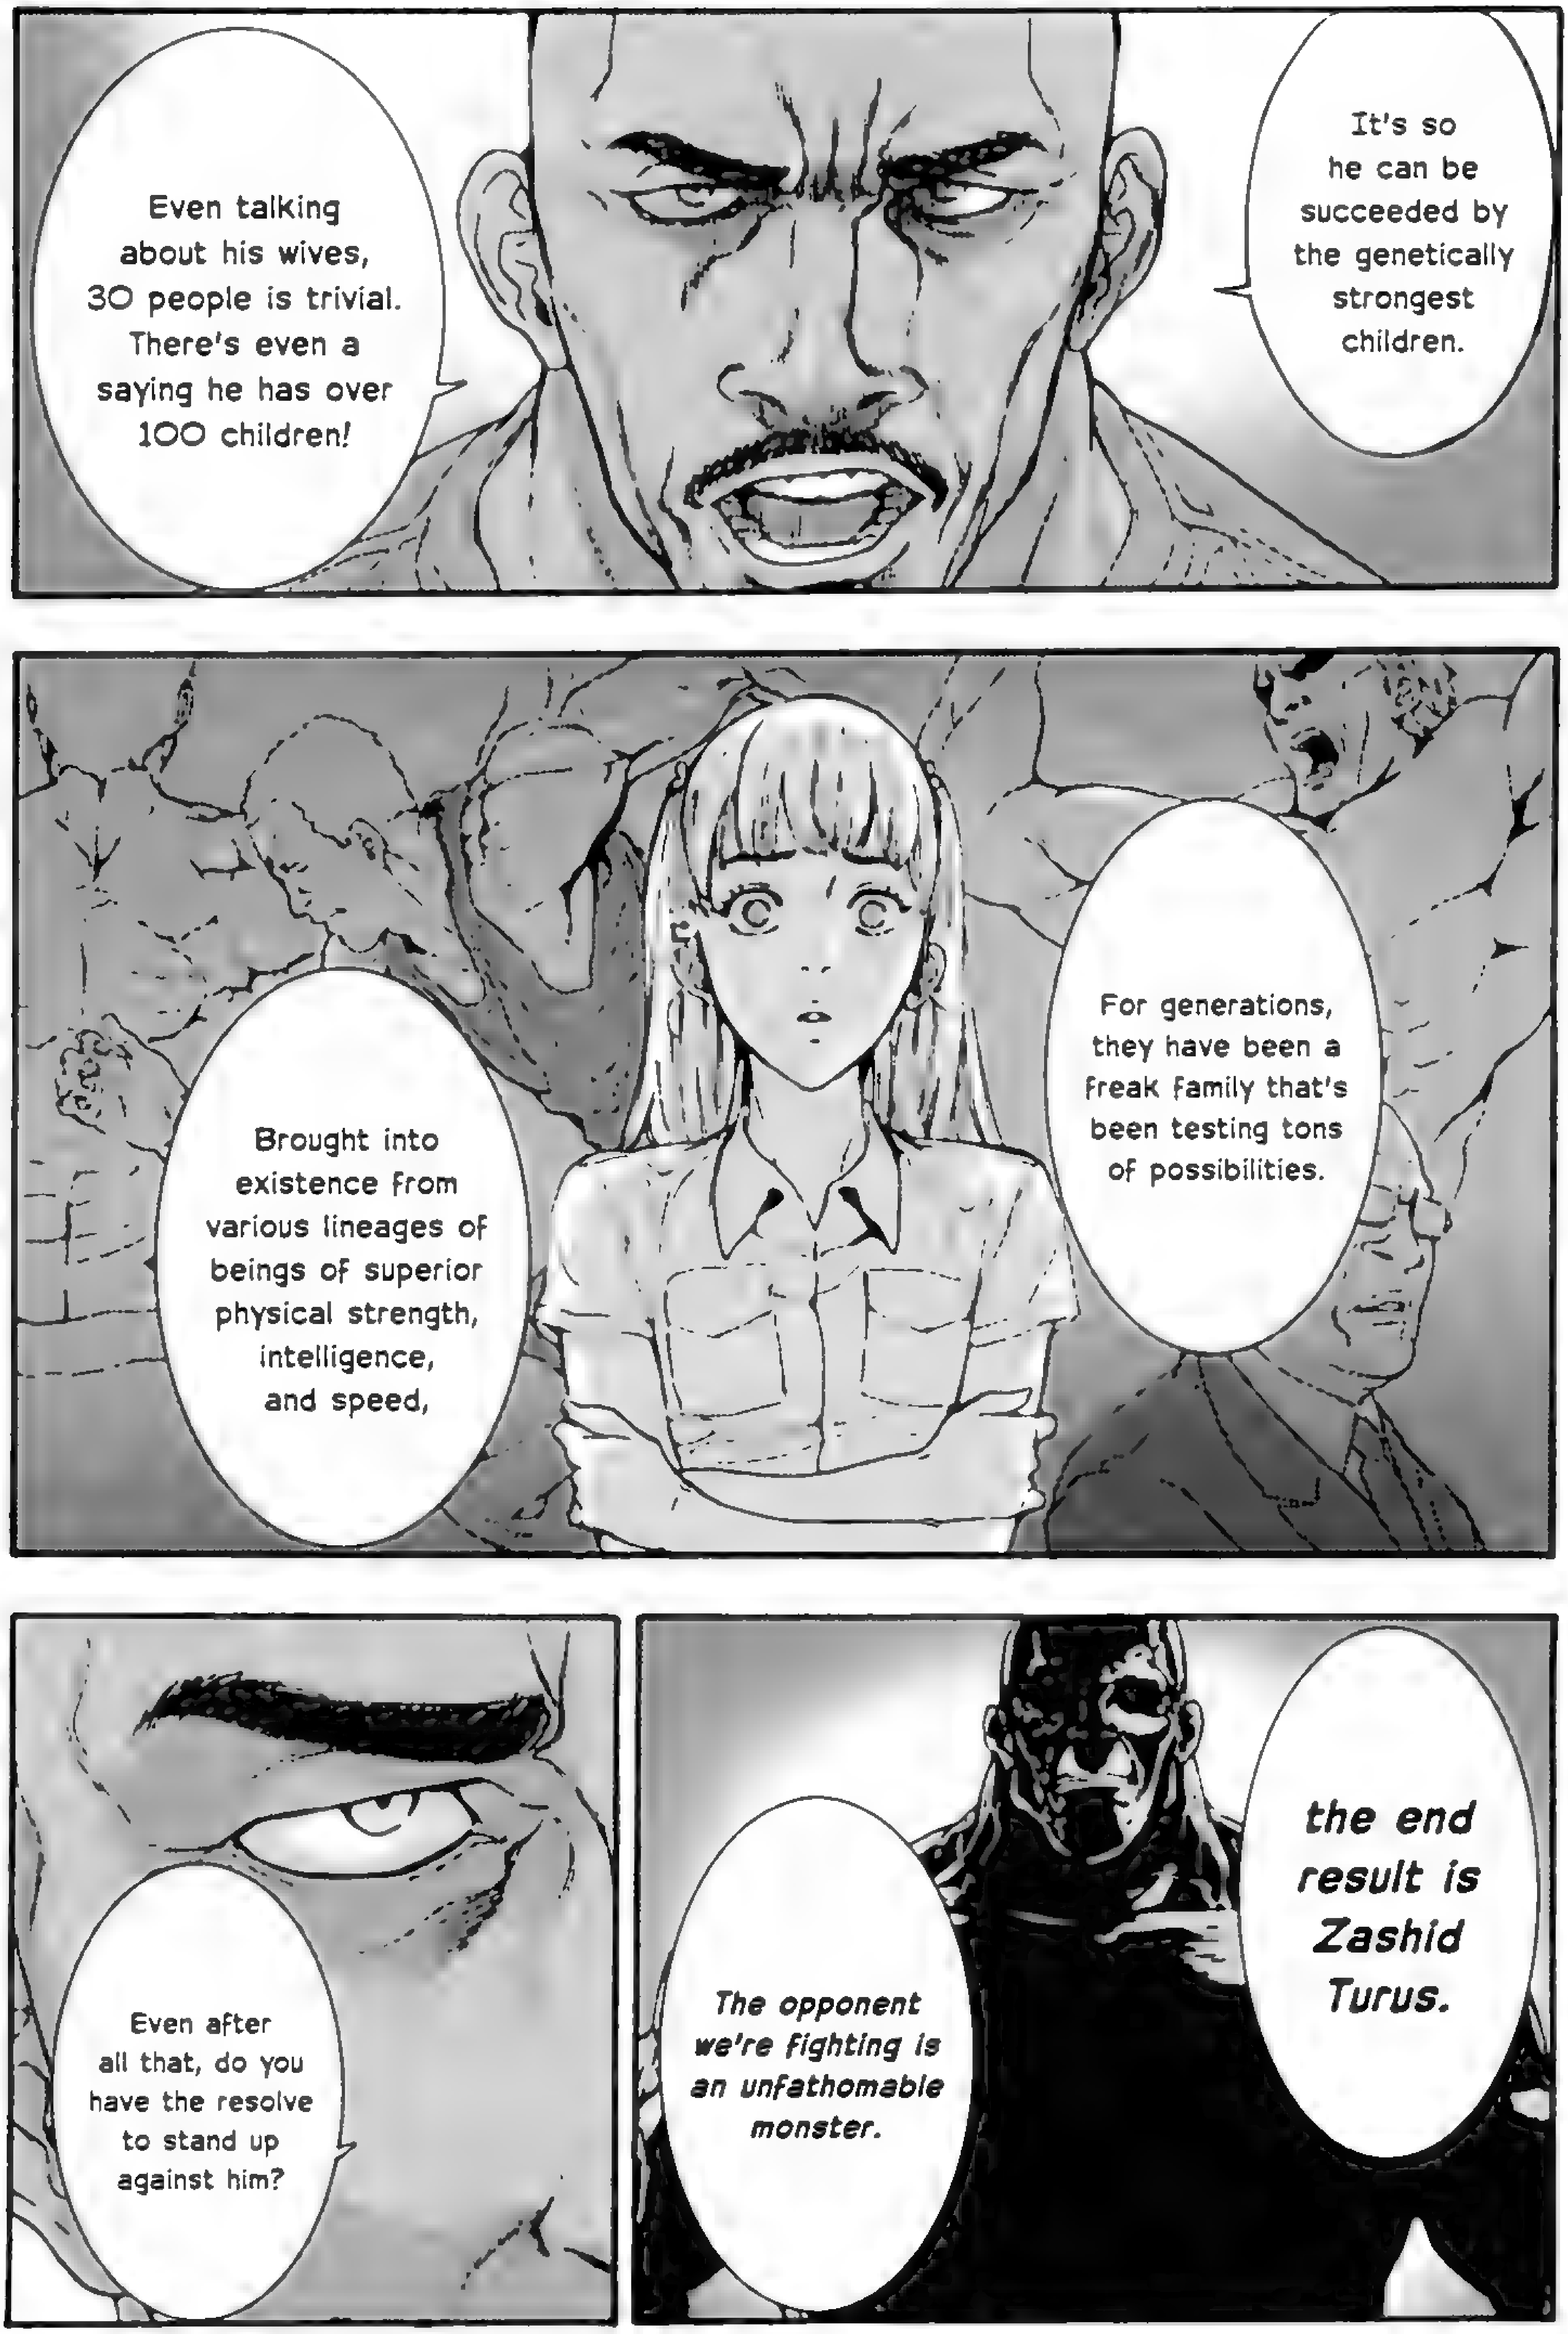
Each individual's military strength spans 3,000 to 4,000 men. That is close to half of the country's army strength.
There are also many other siblings in various posts and locations, however,
the most important posts are likely Genie's and Fen's.
The rest either don't fight or are women, so you can just consider them as ordinary citizens.
That many siblings..?



It's so he can be succeeded by the genetically strongest children.
Even talking about his wives, 30 people is trivial. There's even a saying he has over 100 children!
For generations, they have been a freak family that's been testing tons of possibilities.
Brought into existence from various lineages of beings of superior physical strength, intelligence, and speed,
the end result is Zashid Turus.
The opponent we're fighting is an unfathomable monster.
Even after all that, do you have the resolve to stand up against him?

......
ズッ
In order to gain your cooperation, I have a proposal,
I will suppress Taos with my own forces first.
I take it you will not mind?
...Very well then...

However, I will not permit killing.
After he's captured, please conduct a fair trial. That is my condition.

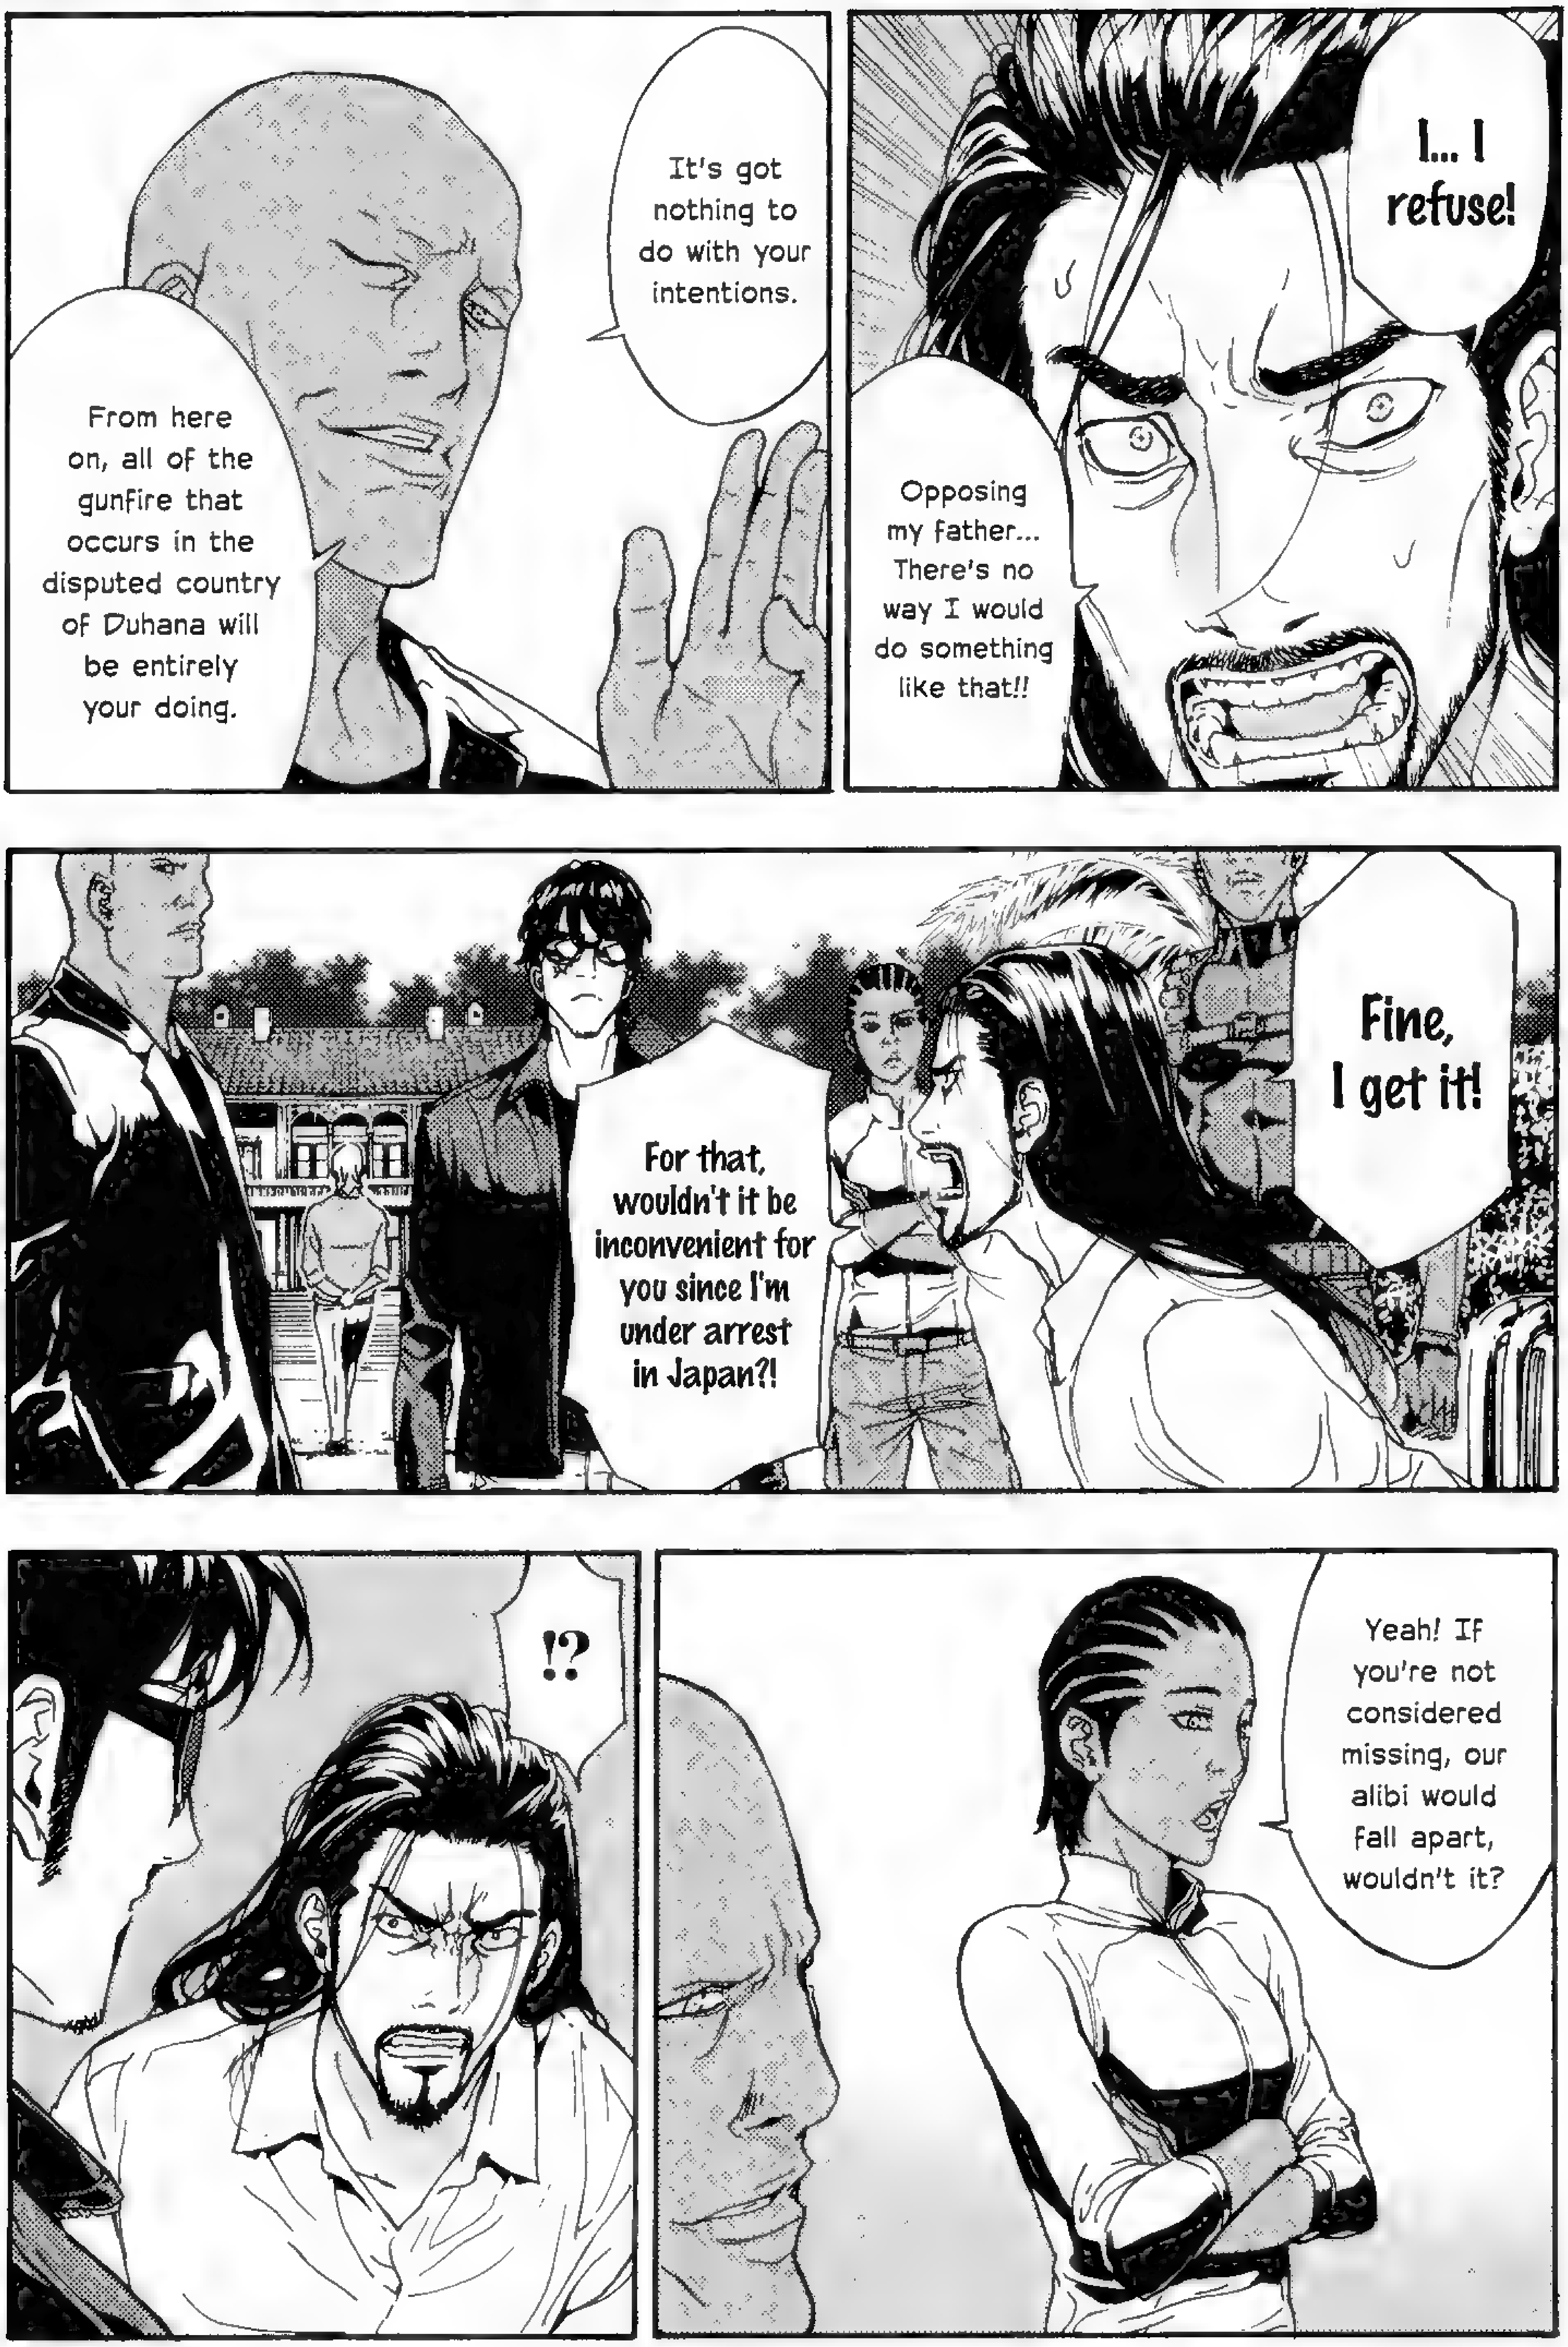
"One of Zashid Turus's successors escapes from execution, and, out of fear for his own life, opposes his father."
That will be the genesis of this war.



I... I refuse!
Opposing my father... There's no way I would do something like that!!
It's got nothing to do with your intentions.
From here on, all of the gunfire that occurs in the disputed country of Duhana will be entirely your doing.
Fine, I get it!
For that, wouldn't it be inconvenient for you since I'm under arrest in Japan?!
Yeah! If you're not considered missing, our alibi would fall apart, wouldn't it?

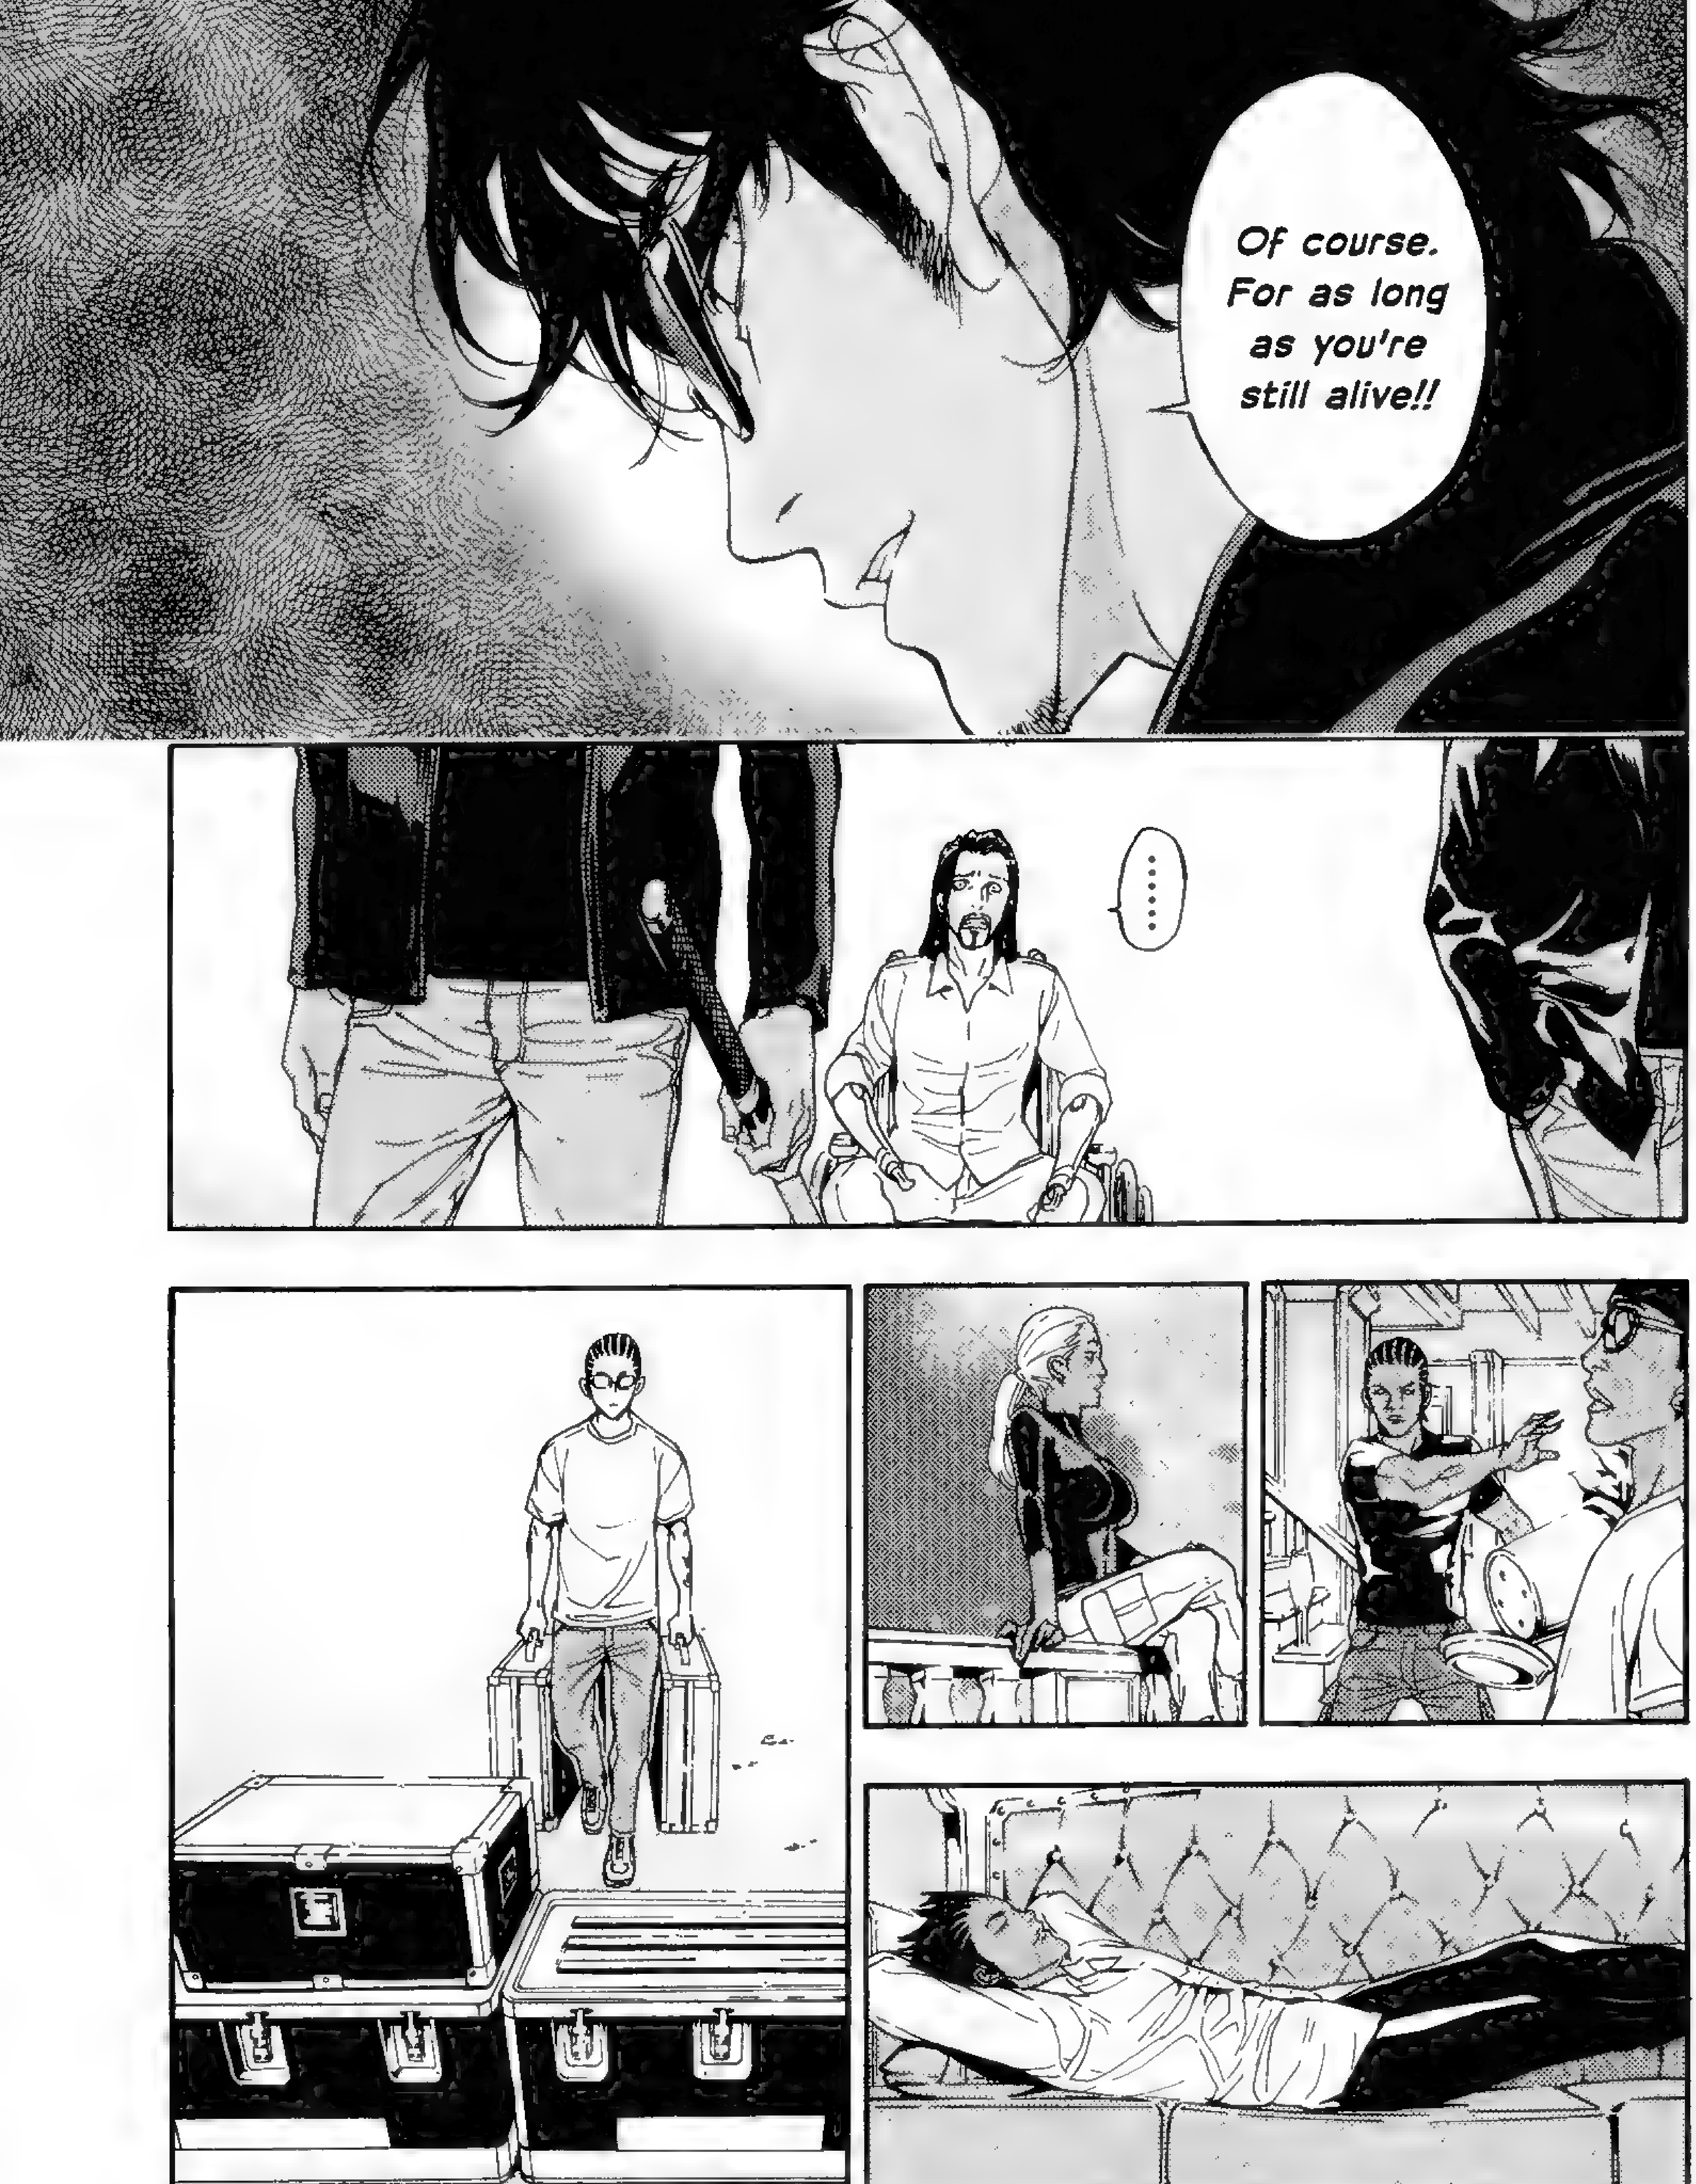
...Then, it wasn't God nor Buddha's will..?
No matter how many times I say it, the one who played with Haruka's fate is you!

Even though you trample on others, did you seriously believe that that sort of treatment wouldn't happen to the governor's son himself?
*That* is especially "***bullshit***"!
......
Are you still planning some-thing?!
Well then, moving on.



Of course. For as long as you're still alive!!

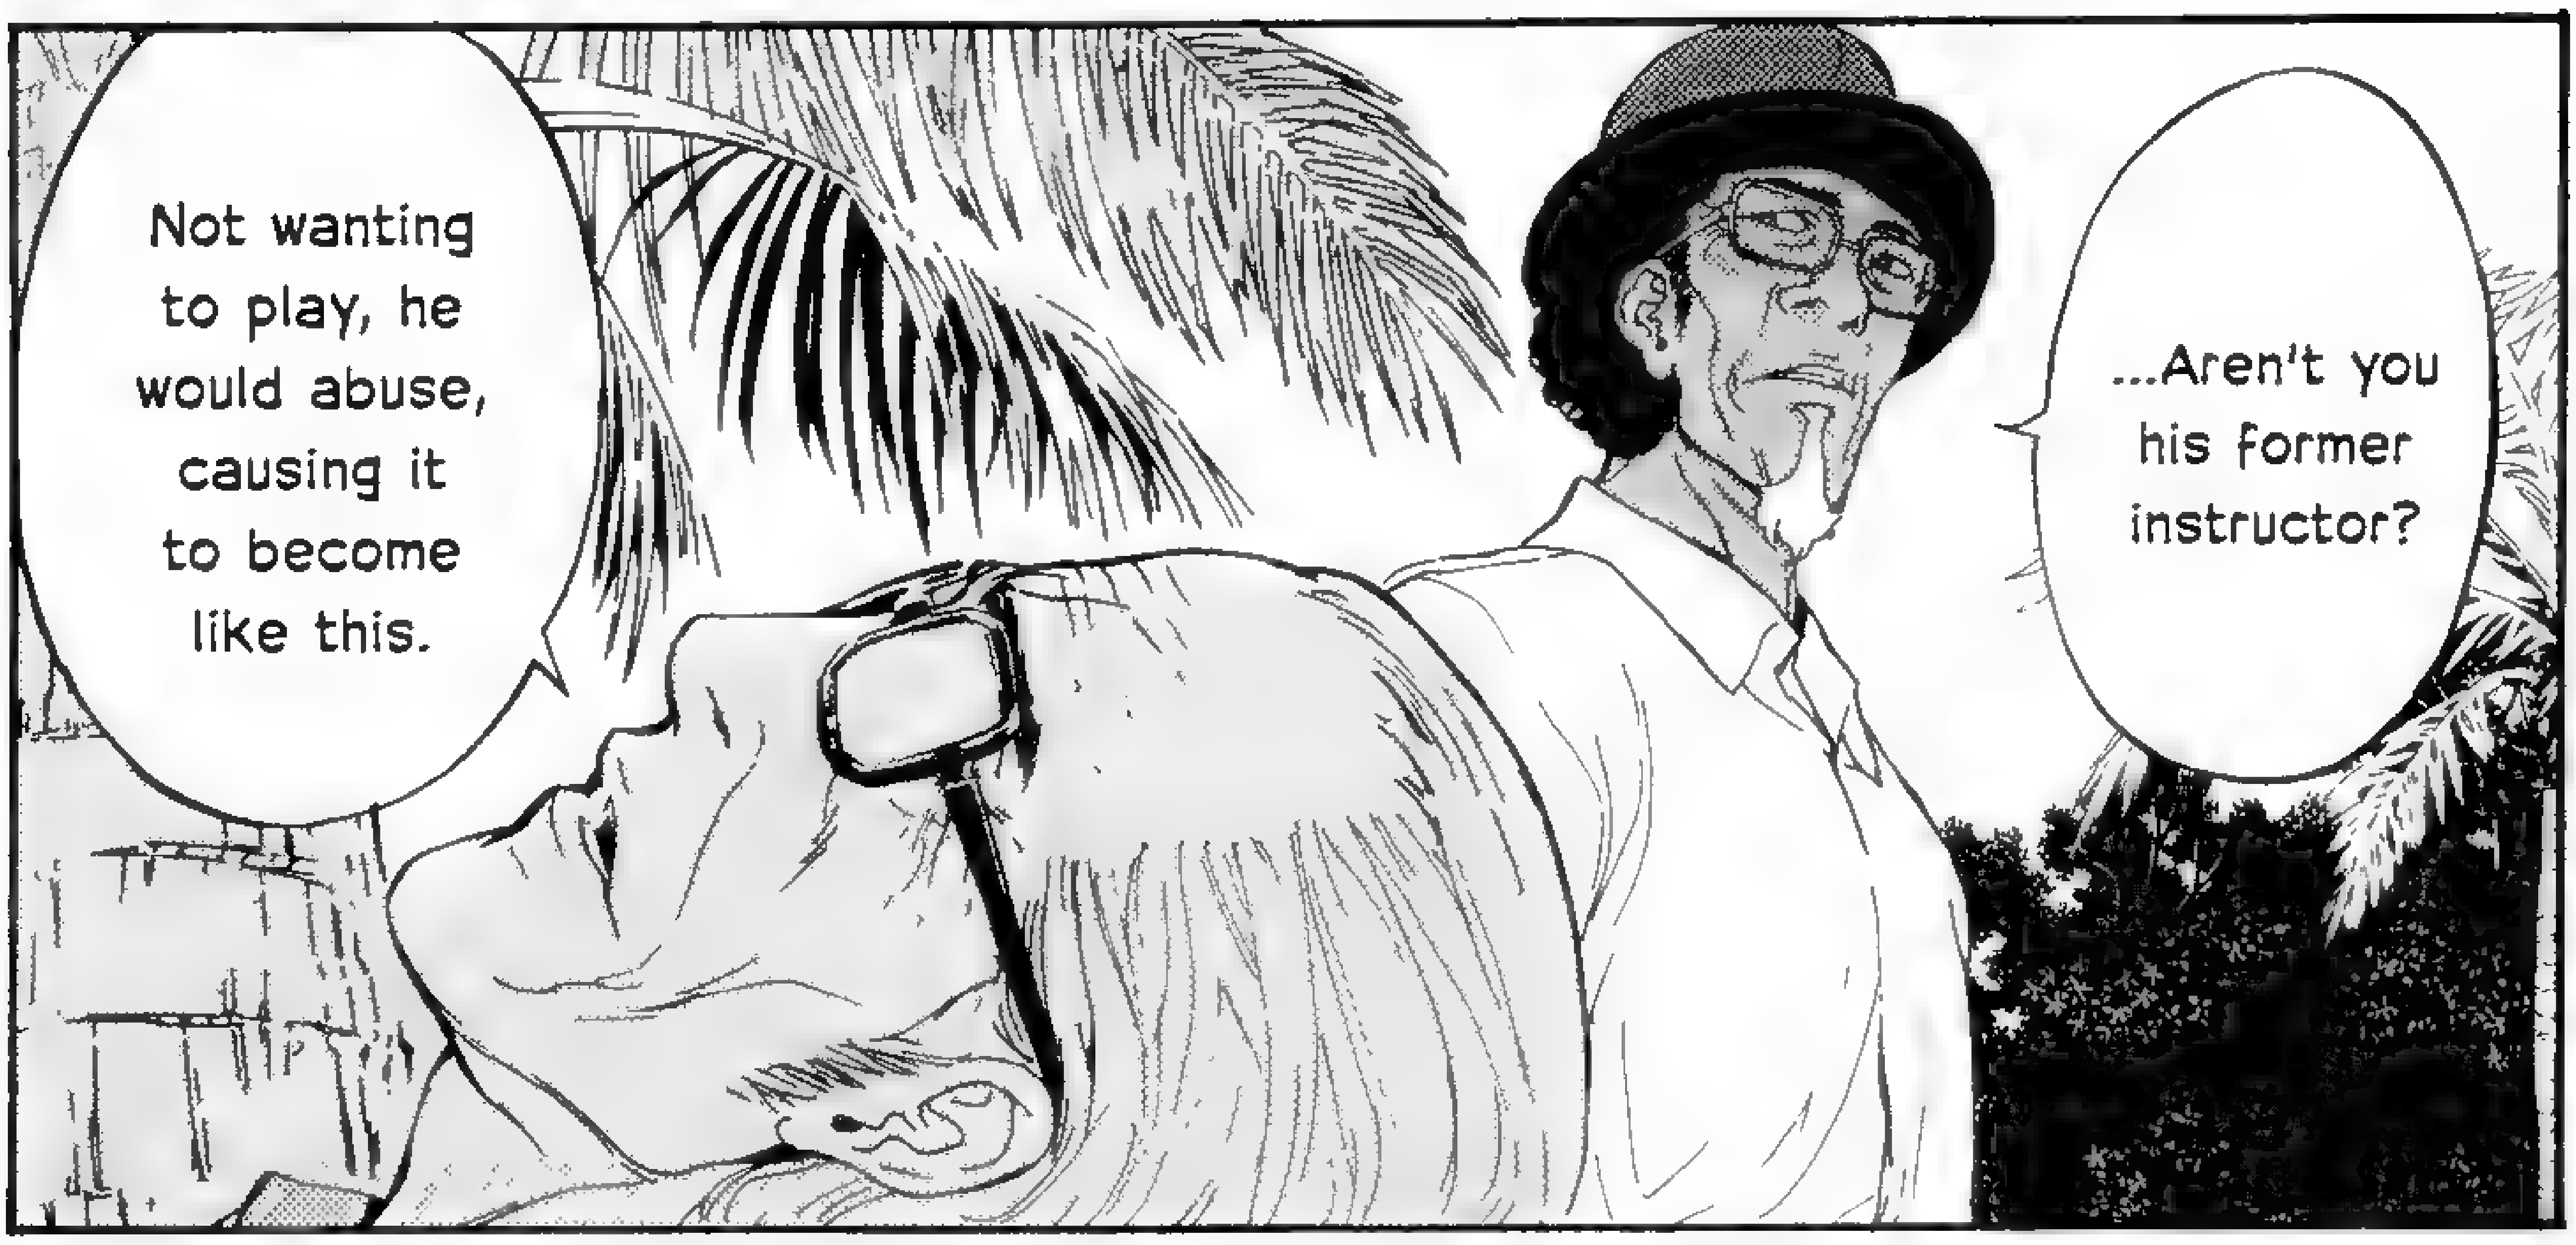
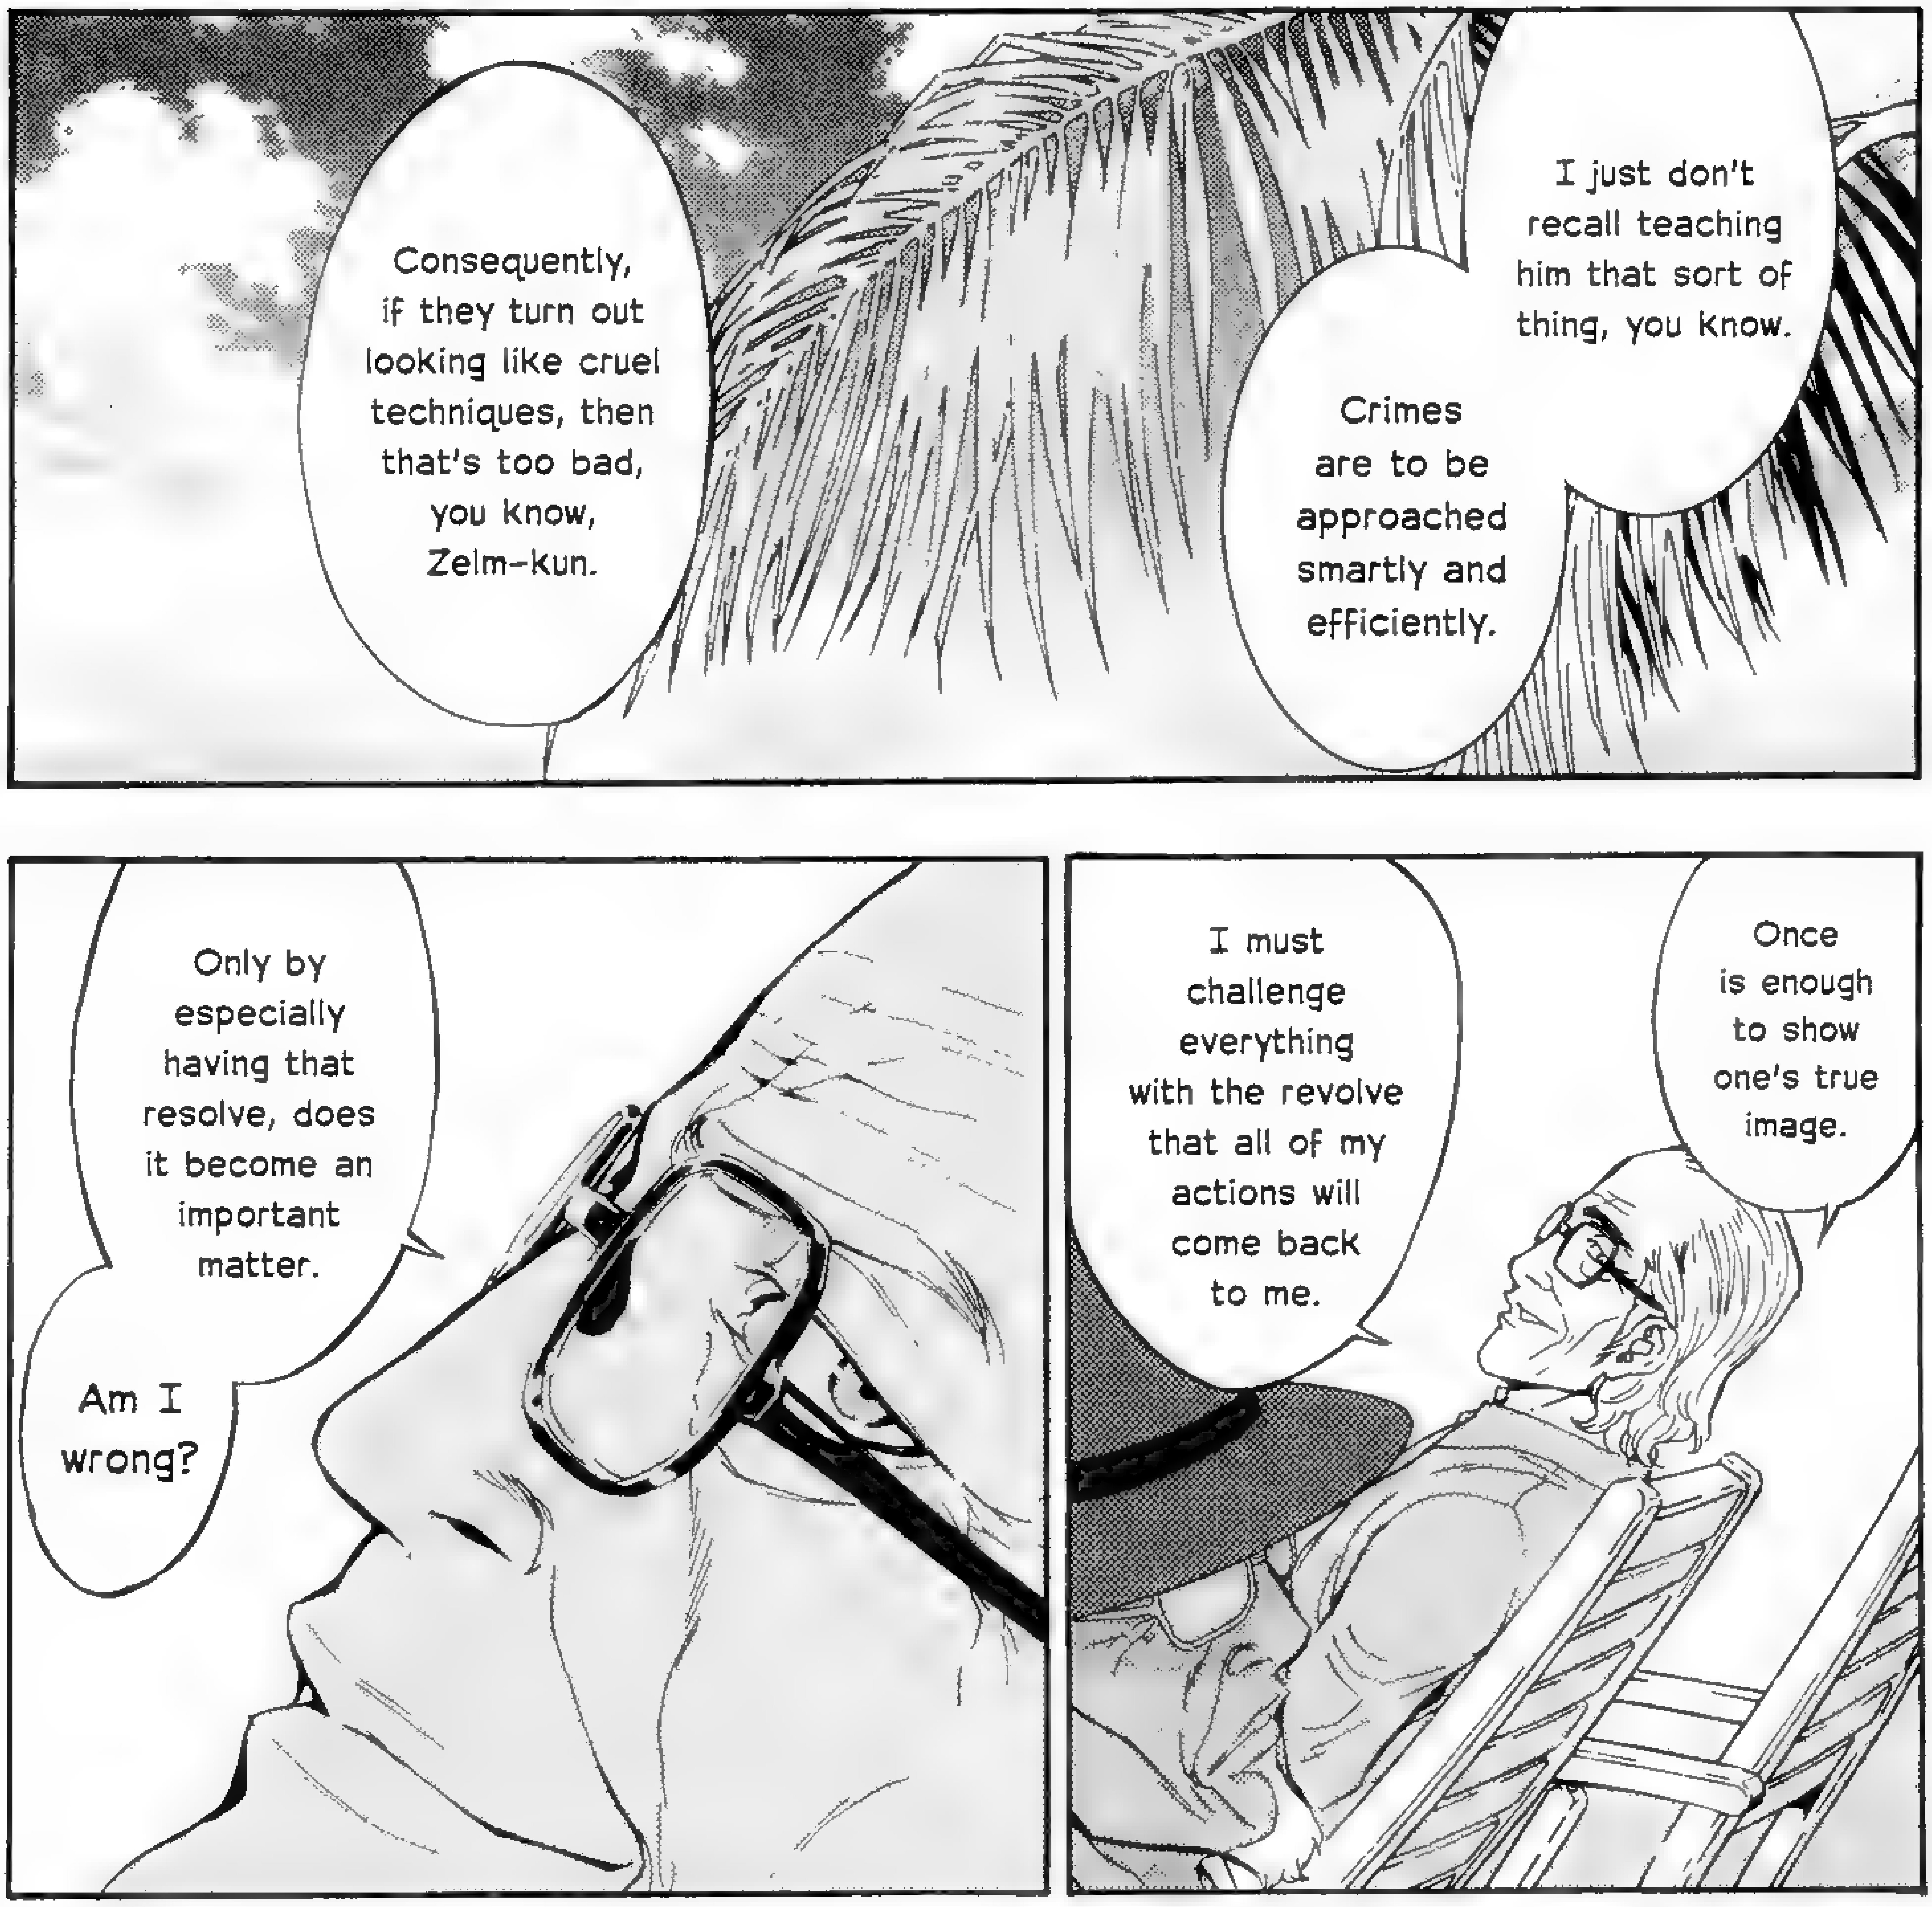
Umm...
Camera equipment, editing apparatus...
ドサッ
...Well, if we talk about the Internet access in this country, it's just god-awful, huh..?
...It's a merciless deed...
Although, with his pride controlling him, Edge can't even choose death.
Understanding that, our plan is to completely drive him into a corner, right?

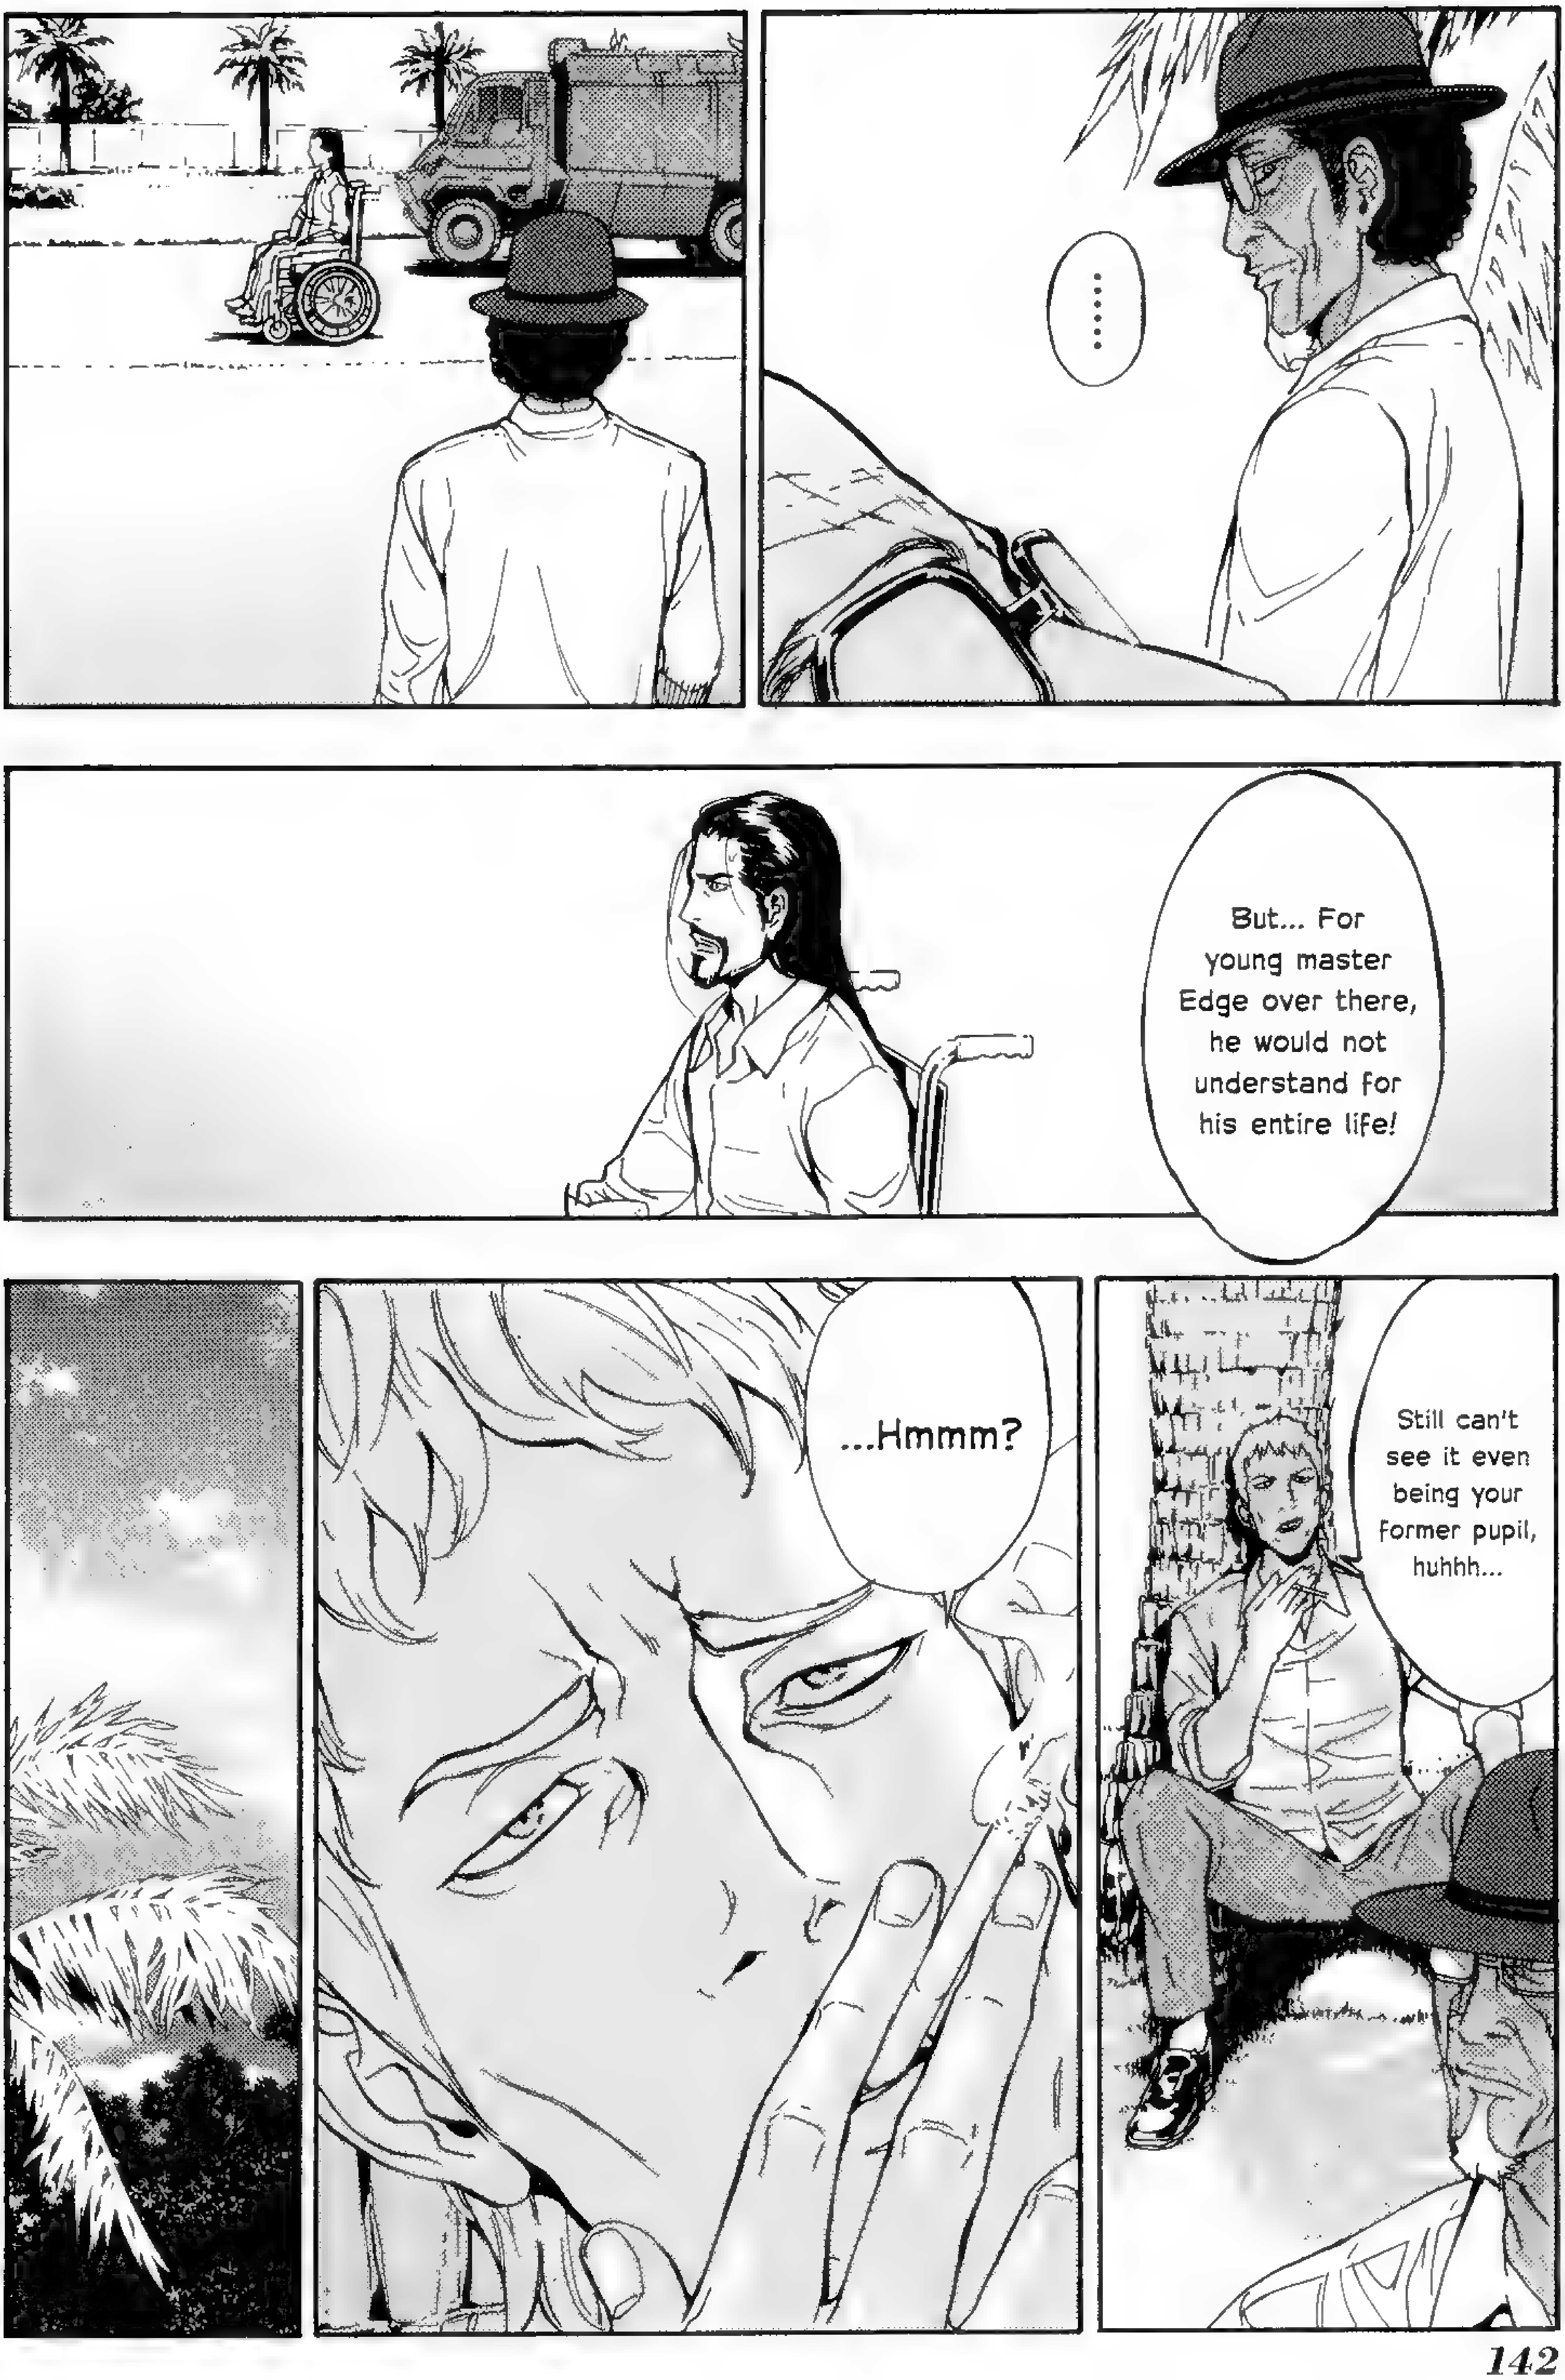


...Aren't you his former instructor?
Not wanting to play, he would abuse, causing it to become like this.

*TL Note: Wiseman is making an analogy to sexual acts.*



I just don't recall teaching him that sort of thing, you know.
Crimes are to be approached smartly and efficiently.
Consequently, if they turn out looking like cruel techniques, then that's too bad, you know, Zelm-kun.
Once is enough to show one's true image.
I must challenge everything with the revolve that all of my actions will come back to me.
Only by especially having that resolve, does it become an important matter.
Am I wrong?



......
But... For young master Edge over there, he would not understand for his entire life!
...Hmmm?
Still can't see it even being your former pupil, huhhh...

THE EXPLOSION AT THE BASE THIS TIME WAS MINE...

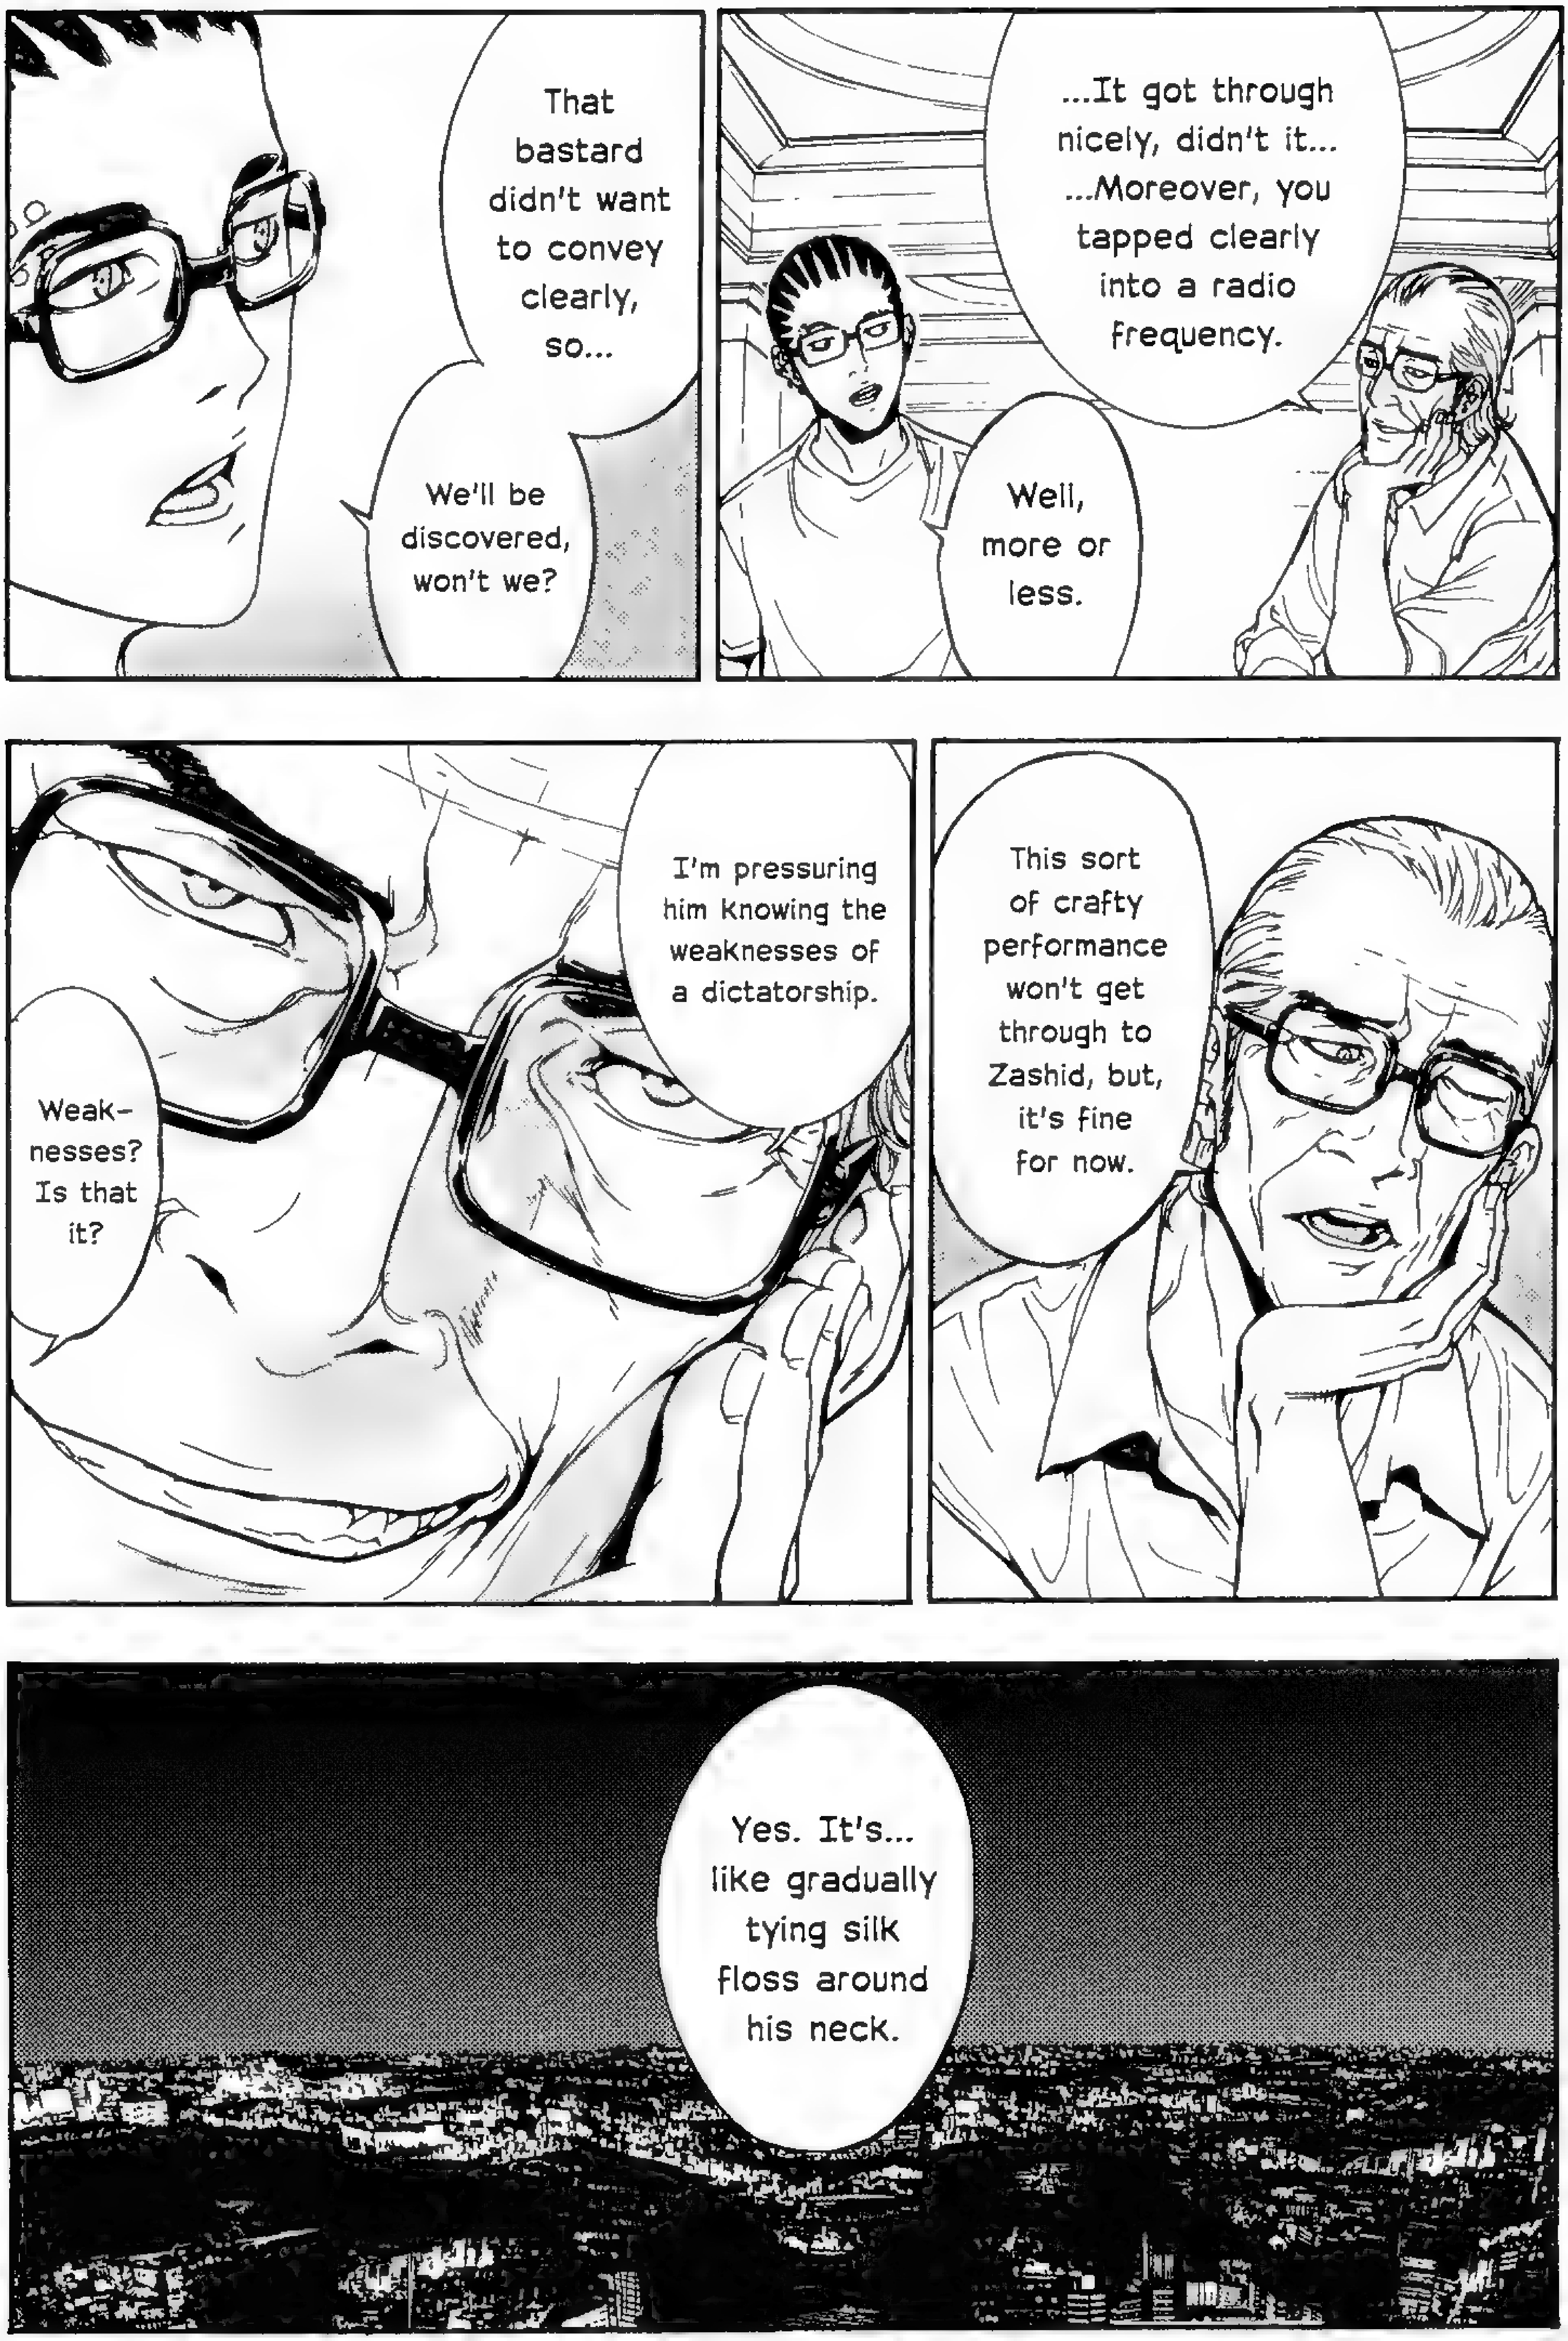
THIS IS NOT TREASON. THIS IS TAKING BACK MY FATHER'S AUTHORITY FROM GALBOA.



...It got through nicely, didn't it... ...Moreover, you tapped clearly into a radio frequency.
Well, more or less.
That bastard didn't want to convey clearly, so...
We'll be discovered, won't we?
This sort of crafty performance won't get through to Zashid, but, it's fine for now.
I'm pressuring him knowing the weaknesses of a dictatorship.
Weaknesses? Is that it?
Yes. It's... like gradually tying silk floss around his neck.

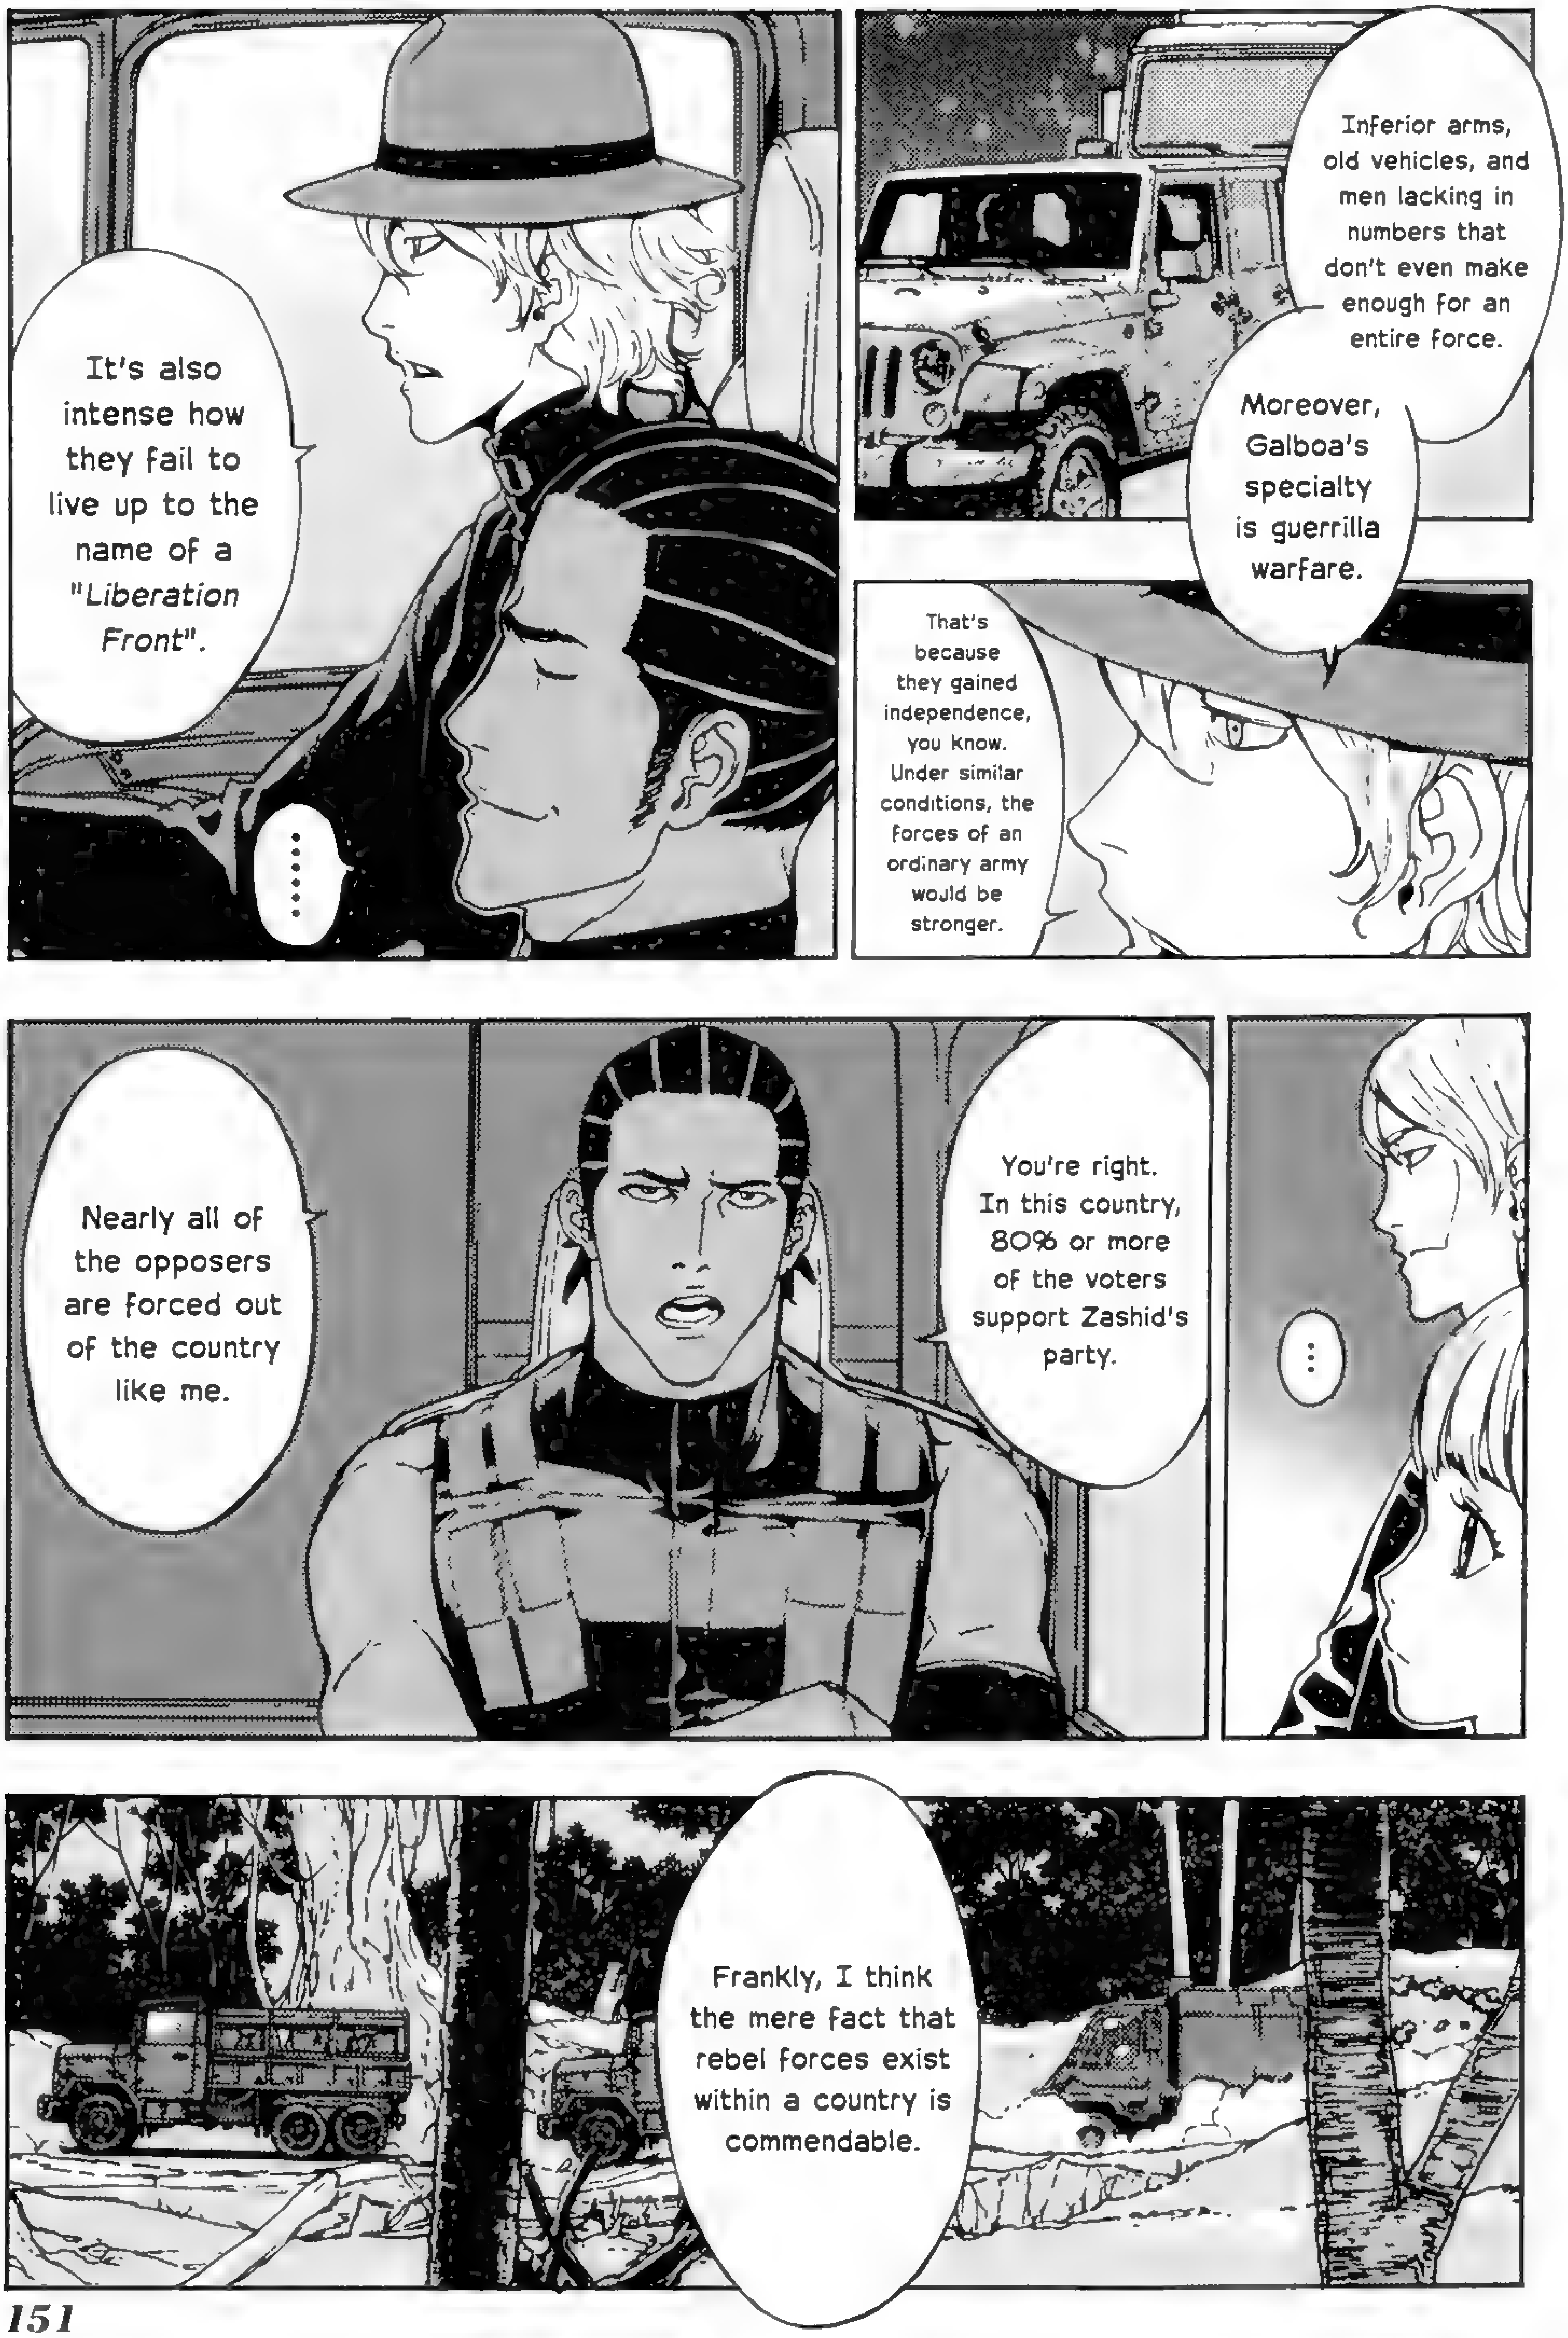
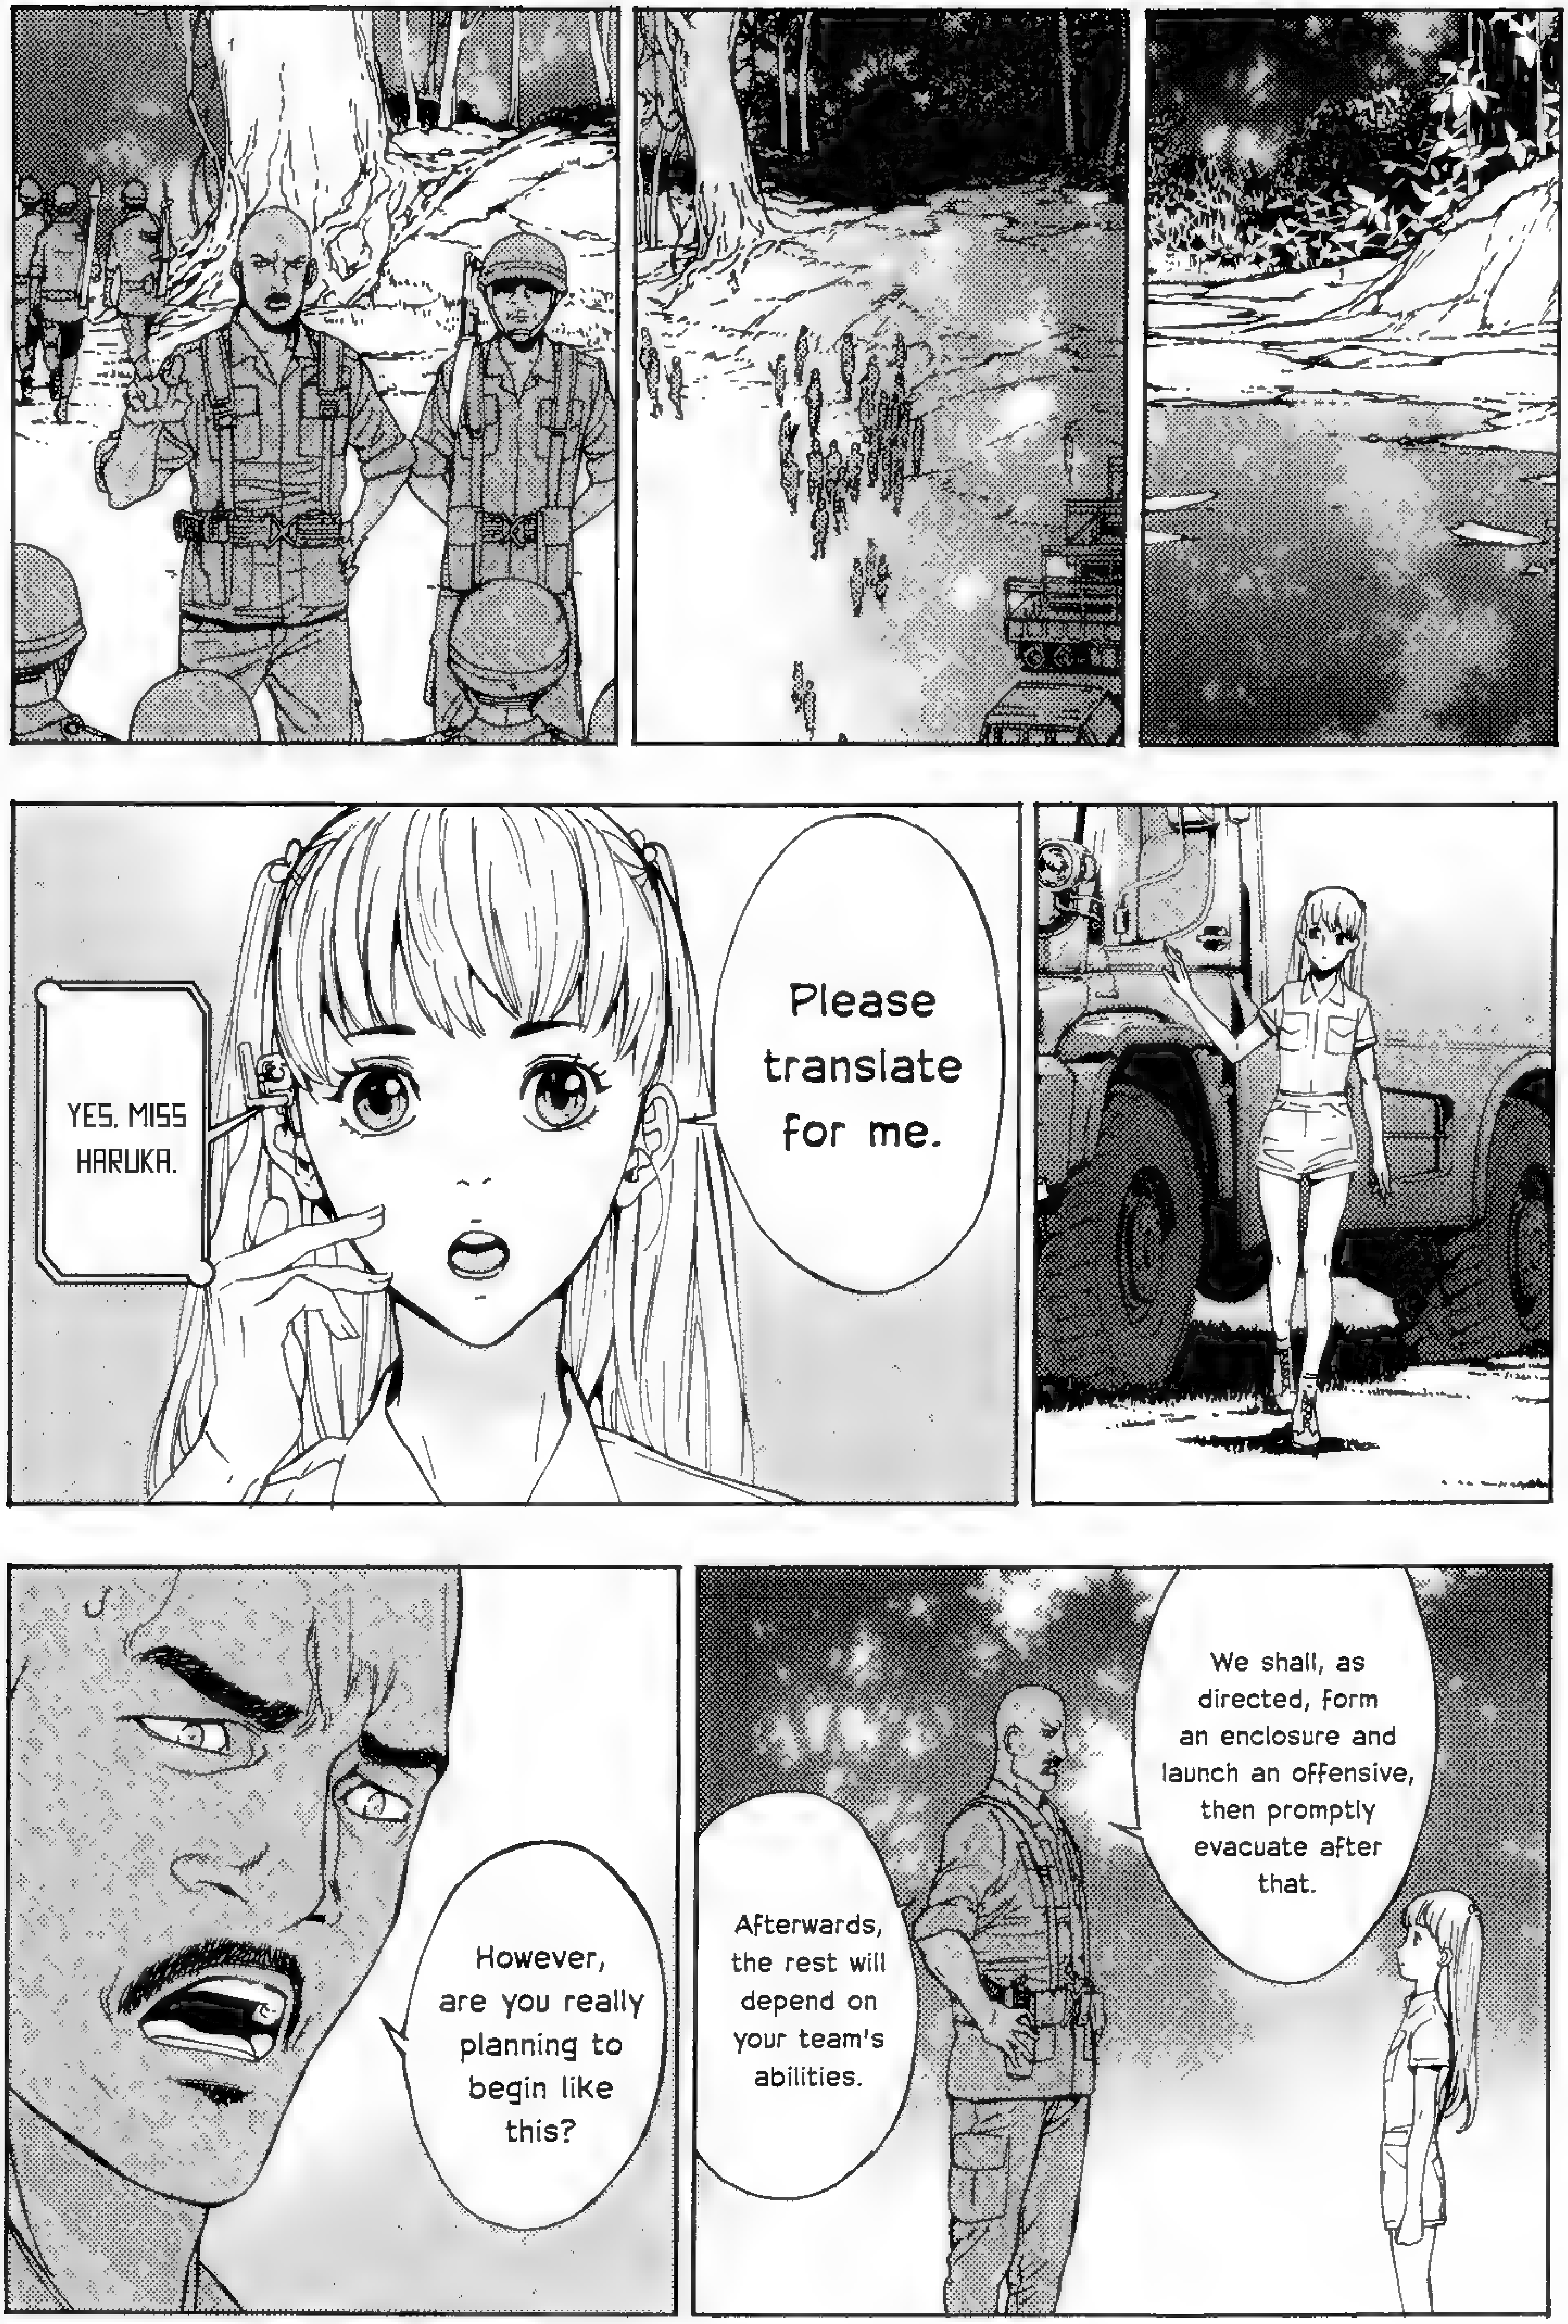
## Chapter 177

Edge Turus is rebelling?
...There's no way that sort of thing would occur though, right?
I know!
However, just what is his motive behind that broadcast?!
No idea...

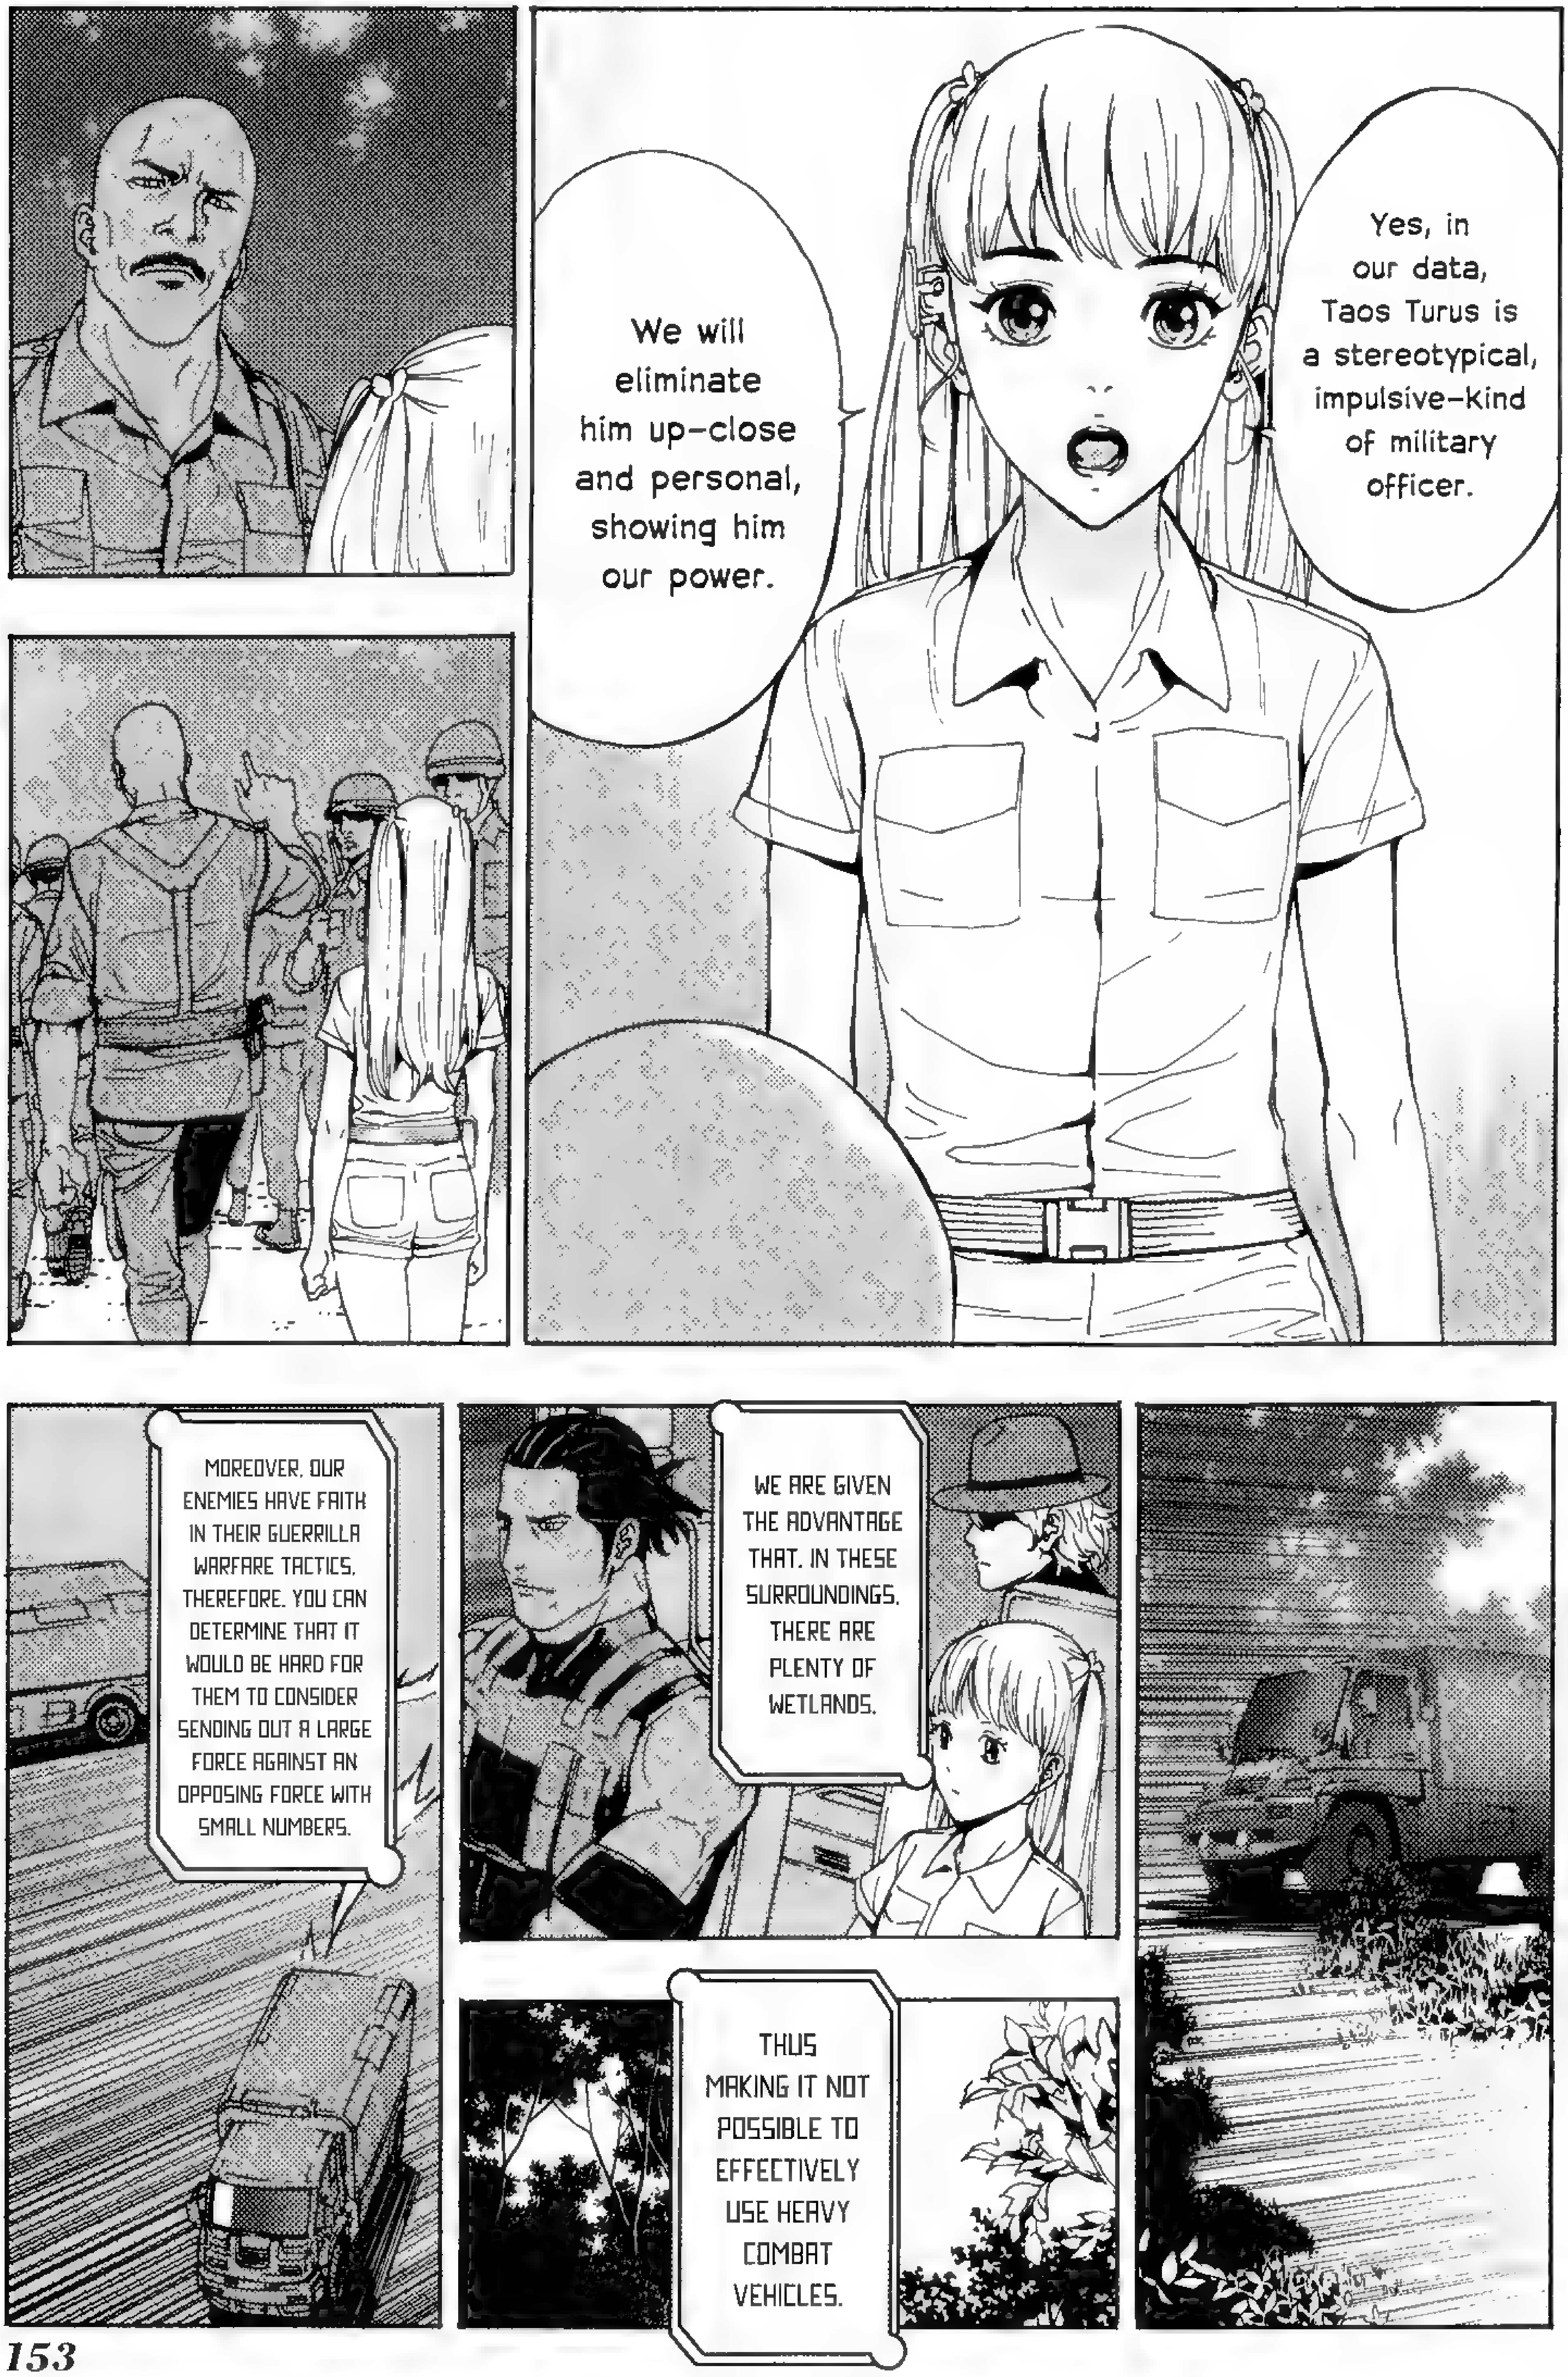
Even if that bastard caused such an action, there's no way Zashid Turus would even twitch at it.
However, in addition to Wiseman being the one pulling the strings from behind,
it's difficult to believe that his objective is to simply cause chaos.
...Mamoru-san...
...However...
What is it?
Excuse me for saying, but, they're an impoverished force, aren't they?



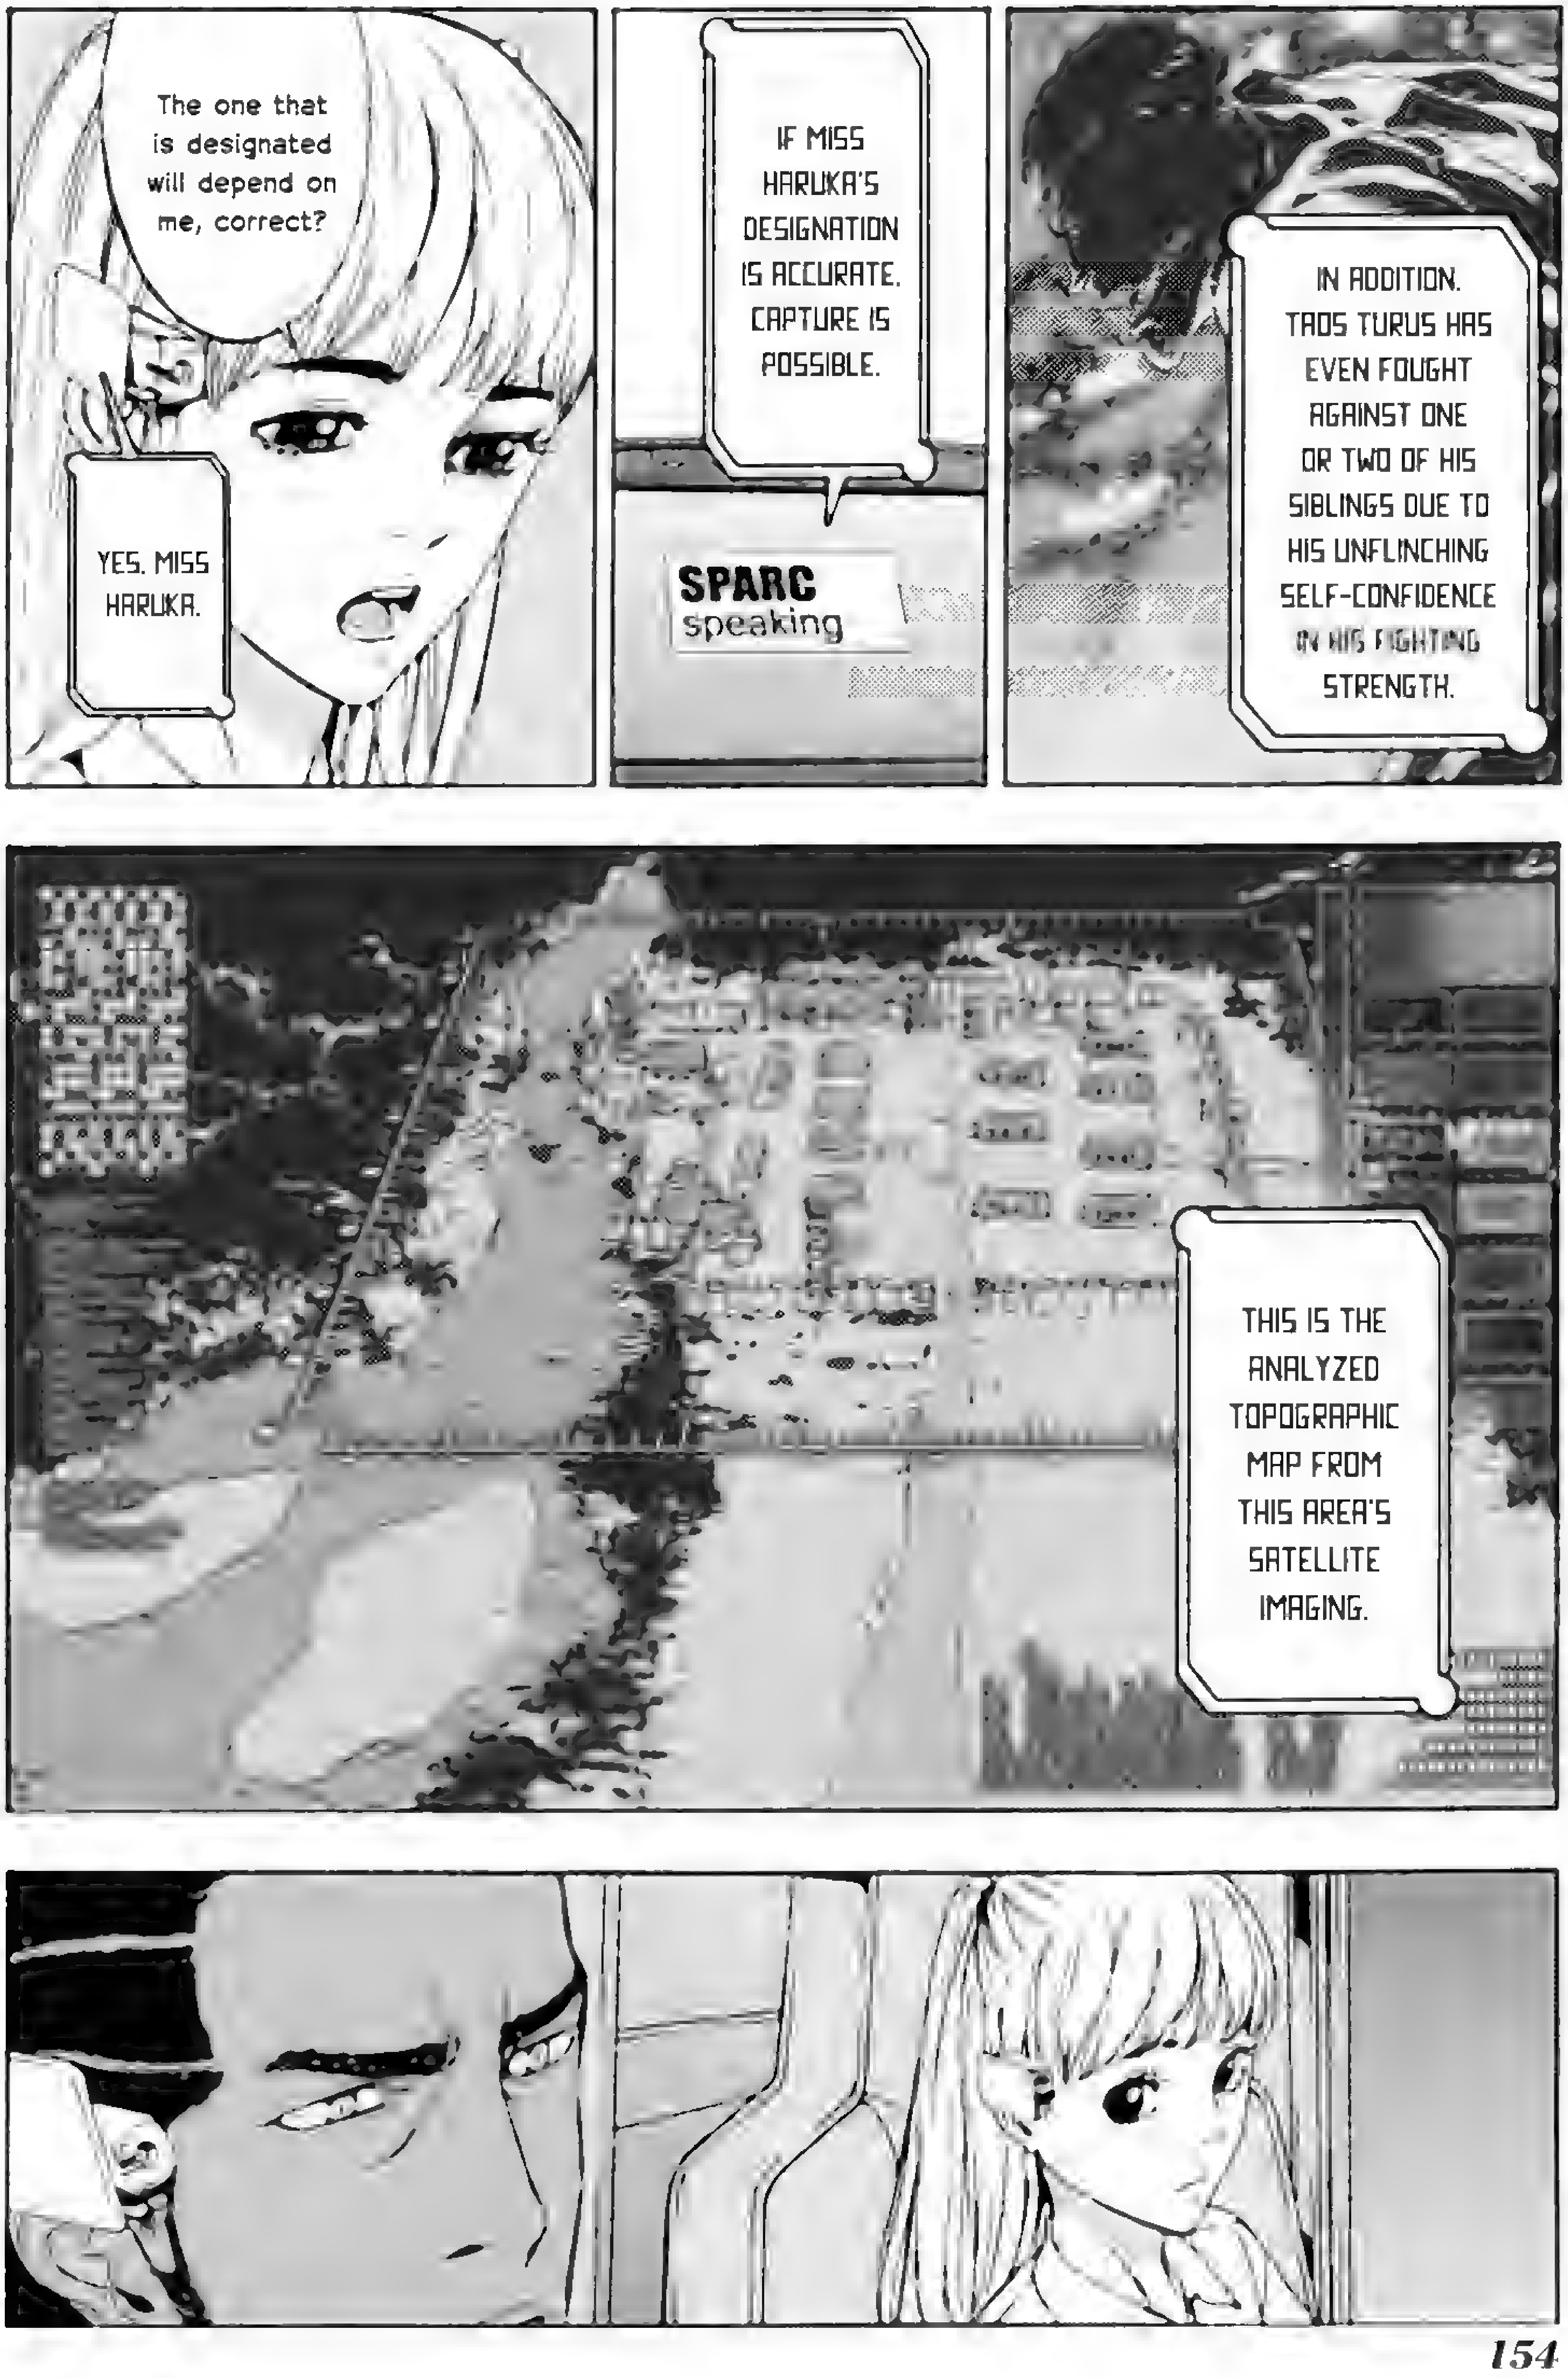
Inferior arms, old vehicles, and men lacking in numbers that don't even make enough for an entire force.
Moreover, Galboa's specialty is guerrilla warfare.
That's because they gained independence, you know. Under similar conditions, the forces of an ordinary army would be stronger.
It's also intense how they fail to live up to the name of a "*Liberation Front*".
......
...
You're right. In this country, 80% or more of the voters support Zashid's party.
Nearly all of the opposers are forced out of the country like me.
Frankly, I think the mere fact that rebel forces exist within a country is commendable.



Please translate for me.
YES. MISS HARUKA.
We shall, as directed, form an enclosure and launch an offensive, then promptly evacuate after that.
Afterwards, the rest will depend on your team's abilities.
However, are you really planning to begin like this?



Yes, in our data, Taos Turus is a stereotypical, impulsive-kind of military officer.
We will eliminate him up-close and personal, showing him our power.
MOREOVER, OUR ENEMIES HAVE FAITH IN THEIR GUERRILLA WARFARE TACTICS. THEREFORE, YOU CAN DETERMINE THAT IT WOULD BE HARD FOR THEM TO CONSIDER SENDING OUT A LARGE FORCE AGAINST AN OPPOSING FORCE WITH SMALL NUMBERS.
WE ARE GIVEN THE ADVANTAGE THAT, IN THESE SURROUNDINGS, THERE ARE PLENTY OF WETLANDS,
THUS MAKING IT NOT POSSIBLE TO EFFECTIVELY USE HEAVY COMBAT VEHICLES.



The one that is designated will depend on me, correct?
YES. MISS HARUKA.
IF MISS HARUKA'S DESIGNATION IS ACCURATE. CAPTURE IS POSSIBLE.

Dai-san, the enemy's leader is en-route to our predetermined location!
Got it!
A flaw with the electric motorcycle, "Bucephalus", which is at the peak of high-end technology, is that its operation time is extremely short.
Even though it is fitted with a high-capacity battery and a fuel cell, its greatest output is a continuous operation time of approximately 20 minutes.
If you reduce consumption over the power generated, depending on how it is used, some extension may be possible. Even with that though, in this battlefield, it would span no more than the period of a minor operation.
Even so, with this much invested into it, for its part in being used against felonies in the city, it managed a great service that was not insignificant.
Using it effectively is the essence of this battle.
I will render the enemy's key man Taos and the entire commanding force unable to fight!
